Yeoh**

## **Religion In American Society The Effective Presence:**

Religion in American Society John Wilson, 1978      *Theorising Religion* John Walliss, 2017-10-24 Religion is controversial and challenging Whilst religious forces are powerful in numerous societies they have little or no significance for wide swathes of public or private life in other places The task of theoretical work in the sociology of religion is therefore to make sense of this apparently paradoxical situation in which religion is simultaneously significant and insignificant The chapters of Part One consider the classical roots of ideas about religion that dominated sociological ways of thinking about it for most of the twentieth century Each chapter offers sound reasons for continuing to find theoretical inspiration and challenge in the sociological classics whilst also seeking ways of enhancing and extending their relevance to religion today Part Two contains chapters that open up fresh perspectives on aspects of modern post modern and ultra modern religion without necessarily ignoring the classical legacy The chapters of Part Three chart new directions for the sociological analysis of religion by fundamentally re thinking its theoretical basis by extending its disciplinary boundaries and by examining previously overlooked topics

**Religion and Politics in the United States** Kenneth D. Wald, Allison Calhoun-Brown, 2014-03-04 From marriage equality to gun control to immigration reform and the threat of war religion plays a fascinating and crucial part in our nation's political process and in our culture at large Now in its seventh edition *Religion and Politics in the United States* includes analyses of the nation's most pressing political matters regarding religious freedom and the ways in which that essential constitutional freedom situates itself within modern America The book also explores the ways that religion has affected the orientation of partisan politics in the United States Through a detailed review of the political attitudes and behaviors of major religious and minority faith traditions the book establishes that religion continues to be a major part of the American cultural and political milieu while explaining that it must interact with many other factors to influence political outcomes in the United States

**Rational Choice Theory and Religion** Lawrence A. Young, 2016-04-29 *Rational Choice Theory and Religion* considers one of the major developments in the social scientific paradigms that promises to foster a greater theoretical unity among the disciplines of sociology political science economics and psychology Applying the theory of rational choice the theory that each individual will make her choice to maximize gain and minimize cost to the study of religion Lawrence Young has brought together a group of internationally renowned scholars to examine this important development within the field of religion for the first time

**The Idea of a Christian University in Today's World** Ben C. Fisher, 1989

**Cats on a Hot Tin Roof A Study of the Alienated Characters in the Major Plays of TENNESSEE**

**WILLIAMS** Dharanidhar Sahu, 1990

*Working and Mothering in Asia* Theresa W. Devasahayam, Brenda S. A. Yeoh, 2007 Large numbers of women in Asia engage in paid work in many cases outside the home Some of them simply need to support their families Others particularly educated women hope to develop rewarding careers Many of these women also continue to shoulder the home and family responsibilities that social and cultural norms define as their primary concern In an effort to

balance the conflicting demands of these roles women in various Asian societies are negotiating contesting and reconfiguring motherhood Back cover

**Muslim Families in North America** Earle H. Waugh, Sharon Abu-Laban, Regula Qureshi, 1991 This collection explores issues of adaptation between Islam and North American culture including the dynamics of the family strategies for coping the influence of an alien environment upon believers and the role of women in an Islamic setting

*Dutch Calvinism in Modern America* James D. Bratt, 2002-12-30 In this scholarly yet entertaining book James D Bratt takes a look at the Dutch in America from the late 19th century to the present A comprehensive study of an ethnic subculture the book is in large part a study of the group s religious history as well since as Bratt points out the contours of the Dutch presence in America have been overwhelmingly shaped by the church and its subsidiary organizations Although the book is extensively and scrupulously documented Bratt has infused his scholarship with a considerable amount of anecdote that is by turns poignant and tragic and hilarious In Bratt s analysis of the fitful progress of Americanization that this close knit religious community has undergone we are treated to the sharp insights of a bemused and sometimes disaffected insider Included is a chapter on novelists Arnold Mulder David Cornel DeJong Frederick Manfred and Peter DeVries four sons of the Dutch who fled the subculture only to reflect upon it almost obsessively from the outside Well written scholarly and highly readable Dutch Calvinism In Modern America will have wide appeal among both academic and general readers

**Evangelical Dictionary of Theology** Walter A. Elwell, 2001-05 This thoroughly updated edition of a standard reference tool covers systematic historical and philosophical theology as well as theological ethics

**The Resurgence of Religion**

David S. Zeidan, 2018-11-13 This book is a comparative study of basic themes in Christian and Islamic fundamentalist discourses analyzing and comparing texts from a wide variety of fundamentalist leaders and movements looking for family resemblances and significant differences in order to better understand the contemporary phenomenon of religious resurgence After placing fundamentalisms in a theoretical framework the study looks at selected themes important to fundamentalists noting resemblances and differences These themes include their anti secularist stance their theocentric worldviews their reliance on inerrant sacred scriptures and their attitudes to politics government state and democracy The study also looks at the fundamentalist view of the world as a perennial battlefield between the forces of good and those of evil in the realm of ideologies as well as politics and the legitimation of violence

**A Companion to Popular Culture** Gary Burns, 2016-03-09 A Companion to Popular Culture is a landmark survey of contemporary research in popular culture studies that offers a comprehensive and engaging introduction to the field Includes over two dozen essays covering the spectrum of popular culture studies from food to folklore and from TV to technology Features contributions from established and up and coming scholars from a range of disciplines Offers a detailed history of the study of popular culture Balances new perspectives on the politics of culture with in depth analysis of topics at the forefront of popular culture studies

The Republic of Choice Lawrence Meir Friedman, 1990 In this imaginative exploration of modern legal culture Lawrence

Friedman addresses how the contemporary idea of individual rights has altered the legal systems and authority structures of Western societies Every aspect of law he argues from civil rights to personal injury litigation to divorce law has been profoundly reshaped reflecting the power of this concept The new individualism is quite different from that of the nineteenth century which stressed self control discipline and traditional group values Modern individualism focuses on the individual as the starting and ending point of life and assumes a wide zone of choice Choice is vital fundamental the right to develop oneself to build up a life uniquely suited to oneself through free open selection among forms models and lifestyles With striking clarity and force Friedman demonstrates how the new individualism results from changes in the technological and social framework of society Loose unconnected free floating mobile this is the modern individual at least in comparison with the immediate past Written for the general reader as well as lawyers and legal scholars The Republic of Choice offers keen and original observations about legal culture and the public consciousness that informs and expresses it **Multicultural**

**Education in a Pluralistic Society** Donna M. Gollnick, Philip C. Chinn, 1986 No Place for Truth David F.

Wells, 1994-12-20 Evangelicals argues Wells have largely lost the truth that God also stands outside all human experience that he still summons sinners to repentance and belief regardless of their self image and that he calls his church to stand fast in his truth against the blandishments of the modern world Biomedicine and Alternative Healing Systems in America

Hans A. Baer, 2001 Examining medical pluralism in the United States from the Revolutionary War period through the end of the twentieth century Hans Baer brings together in one convenient reference a vast array of information on healing systems as diverse as Christian Science osteopathy acupuncture Santeria southern Appalachian herbalism evangelical faith healing and Navajo healing In a country where the dominant paradigm of biomedicine medical schools research hospitals clinics staffed by M D s and R N s has been long established and supported by laws and regulations the continuing appeal of other medical systems and subsystems bears careful consideration Distinctions of class Baer emphasizes as well as differences in race ethnicity and gender are fundamental to the diversity of beliefs techniques and social organizations represented in the phenomenon of medical pluralism Baer traces the simultaneous emergence in the nineteenth century of formalized biomedicine and of homeopathy botanic medicine hydropathy Christian Science osteopathy and chiropractic He examines present day osteopathic medicine as a system parallel to biomedicine with an emphasis on primary care chiropractic naturopathy and acupuncture as professionalized heterodox medical systems homeopathy herbalism bodywork and lay midwifery in the context of the holistic health movement Anglo American religious healing and folk medical systems particularly among racial and ethnic minorities In closing he focuses on the persistence of folk medical systems among working class Americans and considers the growing interest of biomedical physicians pharmaceutical and healthcare corporations and government in the holistic health movement Meaning and Moral Order Robert Wuthnow, 1989-04-27

Meaning and Moral Order goes beyond classical neoclassical and poststructural theories of culture in its attempt to move

away from problems of meaning to a more objective concept of culture Innovative controversial challenging it will compel scholars to rethink many of the assumptions on which the study of ideology ritual religion science and culture have been based

**Strangers and Pilgrims** Catherine A. Brekus, 2000-11-09 Margaret Meuse Clay who barely escaped a public whipping in the 1760s for preaching without a license Old Elizabeth an ex slave who courageously traveled to the South to preach against slavery in the early nineteenth century Harriet Livermore who spoke in front of Congress four times between 1827 and 1844 these are just a few of the extraordinary women profiled in this the first comprehensive history of female preaching in early America Drawing on a wide range of sources Catherine Brekus examines the lives of more than a hundred female preachers both white and African American who crisscrossed the country between 1740 and 1845 Outspoken visionary and sometimes contentious these women stepped into the pulpit long before twentieth century battles over female ordination began They were charismatic popular preachers who spoke to hundreds and even thousands of people at camp and revival meetings and yet with but a few notable exceptions such as Sojourner Truth these women have essentially vanished from our history Recovering their stories Brekus shows forces us to rethink many of our common assumptions about eighteenth and nineteenth century American culture

*Multiculturalism in the United States* John D. Buenker, Lormen A. Ratner, 2005-03-30 Interest in ethnic studies and multiculturalism has grown considerably in the years since the 1992 publication of the first edition of this work Co editors Ratner and Buenker have revised and updated the first edition of *Multiculturalism in the United States* to reflect the changes patterns and shifts in immigration showing how American culture affects immigrants and is affected by them Common topics that helped determine the degree and pace of acculturation for each ethnic group are addressed in each of the 17 essays providing the reader with a comparative reference tool Seven new ethnic groups are included Arabs Haitians Vietnamese Koreans Filipinos Asian Indians and Dominicans New essays on the Irish Chinese and Mexicans are provided as are revised and updated essays on the remaining groups from the first edition The contribution to American culture by people of these diverse origins reflects differences in class occupation and religion The authors explain the tensions and conflicts between American culture and the traditions of newly arrived immigrants Changes over time that both of the cultures brought to America and of the culture that received them is also discussed Essays on representative ethnic groups include African Americans American Indians Arabs Asian Indians Chinese Dominicans Filipinos Germans Haitians Irish Italians Jews Koreans Mexicans Poles Scandinavians and the Vietnamese

**Religion and Social Change** Gerhard Falk, 2018-12-01 Despite America s famous separation of Church and State religion obviously holds an enormous influence on nearly all aspects of society Prof Falk looks at major traditional religious groupings in the US and discusses how they influence the family education government the economy philanthropy violence music and the media Western society is becoming less religious more secular every day as science answers some of the profound questions that inspired a belief in the supernatural But society requires more than the laws of physics to hold it together of course and so

far religion is the institution that has provided the most clear cut moral guidelines even for non believers Religion has also inspired many of our greatest artistic endeavors But religion can also be used for crass commercial interests or worse to divide people and fuel violence Drawing parallels and contrasts between Catholicism mainline Protestantism and Judaism Dr Falk talks about history and philosophy political campaigns social movements popular music literature and life He shows how religious traditions influence us and how they impact politics social stratification and even the military
