Religion In The Secular City Toward A Postmodern Theology:

Religion in The Secular City Harvey Cox, 1984 **Kierkegaard's Influence on Theology: Anglophone and Scandinavian Protestant theology** Jon Bartley Stewart, Tome II is dedicated to tracing Kierkegaard's influence in Anglophone and Scandinavian Protestant religious thought In Britain before World War I the few literati who were familiar with his work tended to assimilate Kierkegaard to the heroic individualism of Ibsen and Nietzsche In the United States knowledge of Kierkegaard was introduced by Scandinavian immigrants who brought with them a picture of the Dane as much more sympathetic to traditional Christianity The interpretation of Kierkegaard in Britain and America during the early and mid twentieth century generally reflected the sensibilities of the particular theological interpreter Anglican theologians tended to find Kierkegaard to be one sided in his critique of reason and culture while theologians hailing from the Reformed tradition often saw him as an insightful harbinger of neo orthodoxy The second part of Tome II is dedicated to the Kierkegaard reception in Scandinavian theology featuring articles on Norwegian and Swedish theologians influenced by Kierkegaard

Spiritualizing the City Victoria Hegner, Peter Jan Margry, 2016-11-25 Urban spaces have always functioned as cradles and laboratories for religious movements and spiritualities The urban forms a central and nourishing agent for the creation of new religious expressions and continually negotiates new ways of being spiritual and establishing spiritual ideas and practices This book explores the intense and complex interplay between the post modern city and new religious and spiritual movement bringing the city and its annexes into the foreground of current research into religion It develops a new ethnography based analysis of the ways in which the pluralist experience of the urban inscribes itself into various religious practices and vice versa how do religiosity and spirituality appropriate and transform meanings of the urban It focuses on new religious expressions cosmologies and ways of life that go beyond established belief systems and religious understandings and explores new conceptions of the word urban in a world of increasingly extended urban environments The book examines how cities are both considered as sites and sources of spirituality where the globalization of religions takes place as well as the fact that globalization is linked closely to the process of localization The socio cultural and political uniqueness of the specific urban context are analyzed to present an innovative perspective on how the interplay between the

urban spiritual and religious should be understood This book brings a timely new perspective and will be of interest to academics and students in geography sociology urban studies cultural studies and anthropology as well as for urban planners and policy makers The Charismatic City and the Public Resurgence of Religion N. Wariboko,2014-09-11 Two powerful and interrelated transnational cultural expressions mark our epoch Charismatic spirituality and global city This book demonstrates how these two forces can be used to inform ethical design of cities and their common social lives to best support human flourishing spirituality and social and ecological wellbeing of their residents The Persistence of Religion Harvey G. Cox,Daisaku Ikeda,2009-10-30 In the nineteenth century Nietzsche famously announced that God was dead In the twentieth century increasing reliance on science and technology led to a widespread rejection of belief on the grounds of its irrationality Yet religion has not died In fact the opposite has occurred it has persisted and proliferated Despite the relentless pursuit of scientific advancement in the twenty first century we now see religious influence everywhere In this wide ranging dialogue two leading commentators on religion address from their different but complementary traditions of Christianity and Buddhism the continuing appeal of spirituality to people eager to explore fundamental questions of meaning The authors indicate that science for all its benefits has limits of explanation It may be able to show how but not necessarily why Yet belief too must not go unchallenged since as Ikeda says religion can become either a medicine or a poison What then is the proper role of religion in a world plagued by intolerance and extremism The authors point to its place in dialogue education and peacebuilding They emphasise the centrality of non violence and the inspiring examples of Gandhi Martin Luther King and Nelson Mandela In so doing they recount formative experiences of involvement in the civil rights movement and protest against Vietnam Cox and personal exposure to the misery and destruction of war Ikeda Their joint vision of a just and true religious sensibility makes a vital contribution to the fields of religion peace studies and ethics **Christian Belief in a Postmodern World** Diogenes Allen,1989-01-01 This book provides a philosophical argument for the reasonableness of Christian faith in today s world Diogenes Allen shows how Christian belief is now being supported by scientific and philosophical principles perhaps for the first time in 300 years **A Pedagogy of Faith** Irwin Leopando,2017-07-13 This is the first book length study in English to investigate Freire s landmark educational theory and practice through the lens of his lifelong Catholicism A Pedagogy of Faith explores this often overlooked dimension of one of the most globally prominent and influential educational thinkers of the past fifty years Leopando illustrates how vibrant currents within twentieth century Catholic theology shaped central areas of Freire s thought and activism especially his view of education as a process of human formation in light of the divinely endowed vocation of persons to shape culture society and history With the contemporary resurgence of authoritarian political and cultural forces throughout much of the world Freire s theologically grounded affirmation of radical democracy social justice historical possibility and the absolute dignity of the human person remains as vital and relevant as ever *Against the Protestant Gnostics* Philip J. Lee,1993-08-19 In this penetrating and

provocative assessment of the current state of religion and its effects on society at large Philip J Lee criticizes conservatives and liberals alike as he traces gnostic motifs to the very roots of American Protestantism With references to an extraordinary spectrum of writings from sources as diverse as John Calvin Martin Buber Tom Wolfe Margaret Atwood and Emily Dickinson he probes the effects of gnostic thinking on a wide range of issues Calling for the restoration of a dialectical faith and practice the book points to positive ways of restoring health to endangered Protestant churches **Faith Without**

Certainty Paul B. Rasor, 2005 **Soul in Society** Gary J. Dorrien, 1995 Gary Dorrien's major work addresses the roots of and remedy to the current crisis in American Christian social ethics Focusing on the story of American liberal Protestantism the book examines in fascinating depth the three major movements in this century the Social Gospel Christian Realism and Liberation Theology in a way that also brings African American feminist environmentalist Catholic and other voices into the increasingly multicultural quest Dorrien then carefully assesses the crisis of social Christian thought in a culture that is increasingly secular materialistic and dominated by capitalism He shows how the progressive Christian vision of social and economic democracy can be redeemed in the face of its apparent defeat He argues strongly for a social Christianity faithful to the spiritual reality and kingdom oriented ethic of the way of Christ Dorrien's engaging narrative knowledgeable and fair analysis and thoughtful proposal bring desperately needed clarity and commitment to the Christian social conscience

Roy Eckardt, 2018-01-16 How to Tell God From the Devil is the first book to depict the relationship among comedy the Devil and God Drawing from Jewish and Christian theories Eckardt describes comedy as a means to distinguish the divine from the diabolic He presents a thorough

critique of efforts throughout history to justify God in the presence of radical evil and suffering *How to Tell God From the Devil* is a sequel to Eckardt's fascinating earlier study *Sitting in the Earth and Laughing*. Eckardt offers a theological vision of the comic and shows its practical use in differentiating God from the Devil. The viewpoint presupposed is a special application of the incongruity theory of humor which sees humor as an attempt to deal with inexplicable occurrences. Eckardt shows how humor can make faulty explanations tolerable for examining evil and suffering, particularly the notion that God can somehow be excused for the terrible evils extant in the world. Eckardt critiques dualistic views that make the Devil and God independent sovereign beings and monistic views that try to reduce evil to non-being. Eckardt holds God to be ultimately responsible for evil in such ways that the only final resolution of evil, if there is such, is a form of divine comedy. Eckardt employs a variety of historical, psychological, sociological, philosophical, and theological sources. He discusses and assesses such diverse figures as Martin Luther, Reinhold Niebuhr, Zen Buddhists, Conrad Hyers, Nancy A. Walker, Jon D. Levenson, and Harvey Cox. *How to Tell God From the Devil* is an exceptional work and will be significant and enjoyable for sociologists, theologians, philosophers, and specialists concerned with the study of humor.

The End of Biblical Studies Hector Avalos, 2010-08-05 In this radical critique of his own academic specialty, biblical scholar Hector Avalos urges his colleagues to concentrate on educating the broader society to recognize the irrelevance and even violent effects of the Bible in modern life.

Renewal Mark Wild, 2019-03-21 In the decades following World War II, a movement of clergy and laity sought to restore liberal Protestantism to the center of American urban life. Chastened by their failure to avert war and the Holocaust and troubled by missionaries' complicity with colonial regimes, they redirected their energies back home. *Renewal* explores the rise and fall of this movement, which began as an effort to restore the church's standing but wound up as nothing less than an openhearted crusade to remake our nation's cities. These campaigns reached beyond church walls to build or lend a hand to scores of organizations fighting for welfare, social justice, and community empowerment among the increasingly nonwhite urban working class. Church leaders extended their efforts far beyond traditional evangelicalism, often dovetailing with many of the contemporaneous social currents coursing through the nation, including black freedom movements and the War on Poverty. *Renewal* illuminates the overlooked story of how religious institutions both shaped and were shaped by postwar urban America.

Christian Tradition Today Jeffrey C. K. Goh, 2000 This study critically examines the postliberal project with special reference to George Lindbeck, the founding father of postliberalism. In an age of profound cultural change, is it feasible to locate the future of the Church and of the world on a consensus-building hermeneutic that dwells in the particularity of the Christian Scripture as its exclusive home? Seeing the theological task as a hermeneutical task founded upon the premise that truth is revealed in a dialectical way, the author provides an intelligible framework for dialogue with the postliberal school of thought. This dialogue, he argues, is ultimately determined by the overarching question of what it means to be Church. Towards a critical synthesis of the ecclesiological impact of this dialogue, the author offers a tightly

argued and informative discussion on five pairs of key concepts tradition and authority Bible and de Christianization hermeneutics and revelation religion and experience doctrine and truth **Harvey Cox Reader** Ellsberg, Robert, 2016-05-11 **Introduction to Spirituality (Foundations for Spirit-Filled Christianity)** Gary Tyra, 2023-06-20

This introduction explores Christian spirituality as a pursuit of the global church today It encourages students to adopt a lifestyle spirituality which involves relational intimacy with the triune God Gary Tyra is well known for his work in the field of Christian spirituality and has years of experience in the classroom and in the church In this book Tyra encourages us to adopt a Pauline lifestyle spirituality whereby we keep in step with the Holy Spirit so that we might experience an ongoing mentoring relationship with the Son in order to faithfully and fruitfully engage in the mission of the Father Keeping in step with the spirit unfolds in a lifestyle spirituality a collection of convictions commitments and customs that constitute the disciple's lifelong journey with the triune God This book is part of a new series that reflects the changing face of global Christianity Series volumes are written by leading Pentecostal Charismatic scholars who highlight themes of interest to Pentecostal Charismatic students however the books are respectful appreciative and inclusive of a variety of church families and traditions Series editors are Jerry Ireland Paul W Lewis and Frank D Macchia **The Virgin of Guadalupe** Maxwell E. Johnson, 2002-10-28 In *The Virgin of Guadalupe* Lutheran minister Maxwell Johnson recognizes that the tradition of the Virgin of Guadalupe is not only important to Latin American Catholics but to all Latin American Christians Johnson considers the Virgin of Guadalupe from a Lutheran perspective and looks at ways in which she might be received into the evangelical or Protestant tradition *The New Age of Soul* Ray S. Anderson, 2001-11-27 In *The New Age of Soul* the broad appeal of new age spirituality is identified and defined with special attention to the claim that the soul may be understood as both the repository of divine energy and a source of spiritual healing and hope Through dialogue with sources and perspectives on the spiritual nature of the soul the book attempts to win the respect and appreciation of the reader already persuaded by the claims and benefits of new age spirituality while at the same time convincing the reader who has suspicions and concerns about new age spirituality that a better alternative may be found The book thus has a two fold purpose first to expose the inadequacy indeed the superficiality of new age spirituality through this dialogue and discussion attracting the attention and interest of the reader already influenced by this genre Second the author makes a case for a more traditional orthodox and biblical view of the soul and human spirituality so that the reader who is inclined toward new age spirituality will rediscover the more traditional biblical content of the soul and spirituality while providing the committed more traditional Christian reader a tool by which to communicate a biblical faith with the growing segment of our population attracted toward new age spirituality In its own way this book is an apologetic for a more traditional Christian theology of human spirituality and self identity presented in a positive dialogue with new age spirituality
