Tomorrow's God Lloyd Geering, 2015-12-23 The post Christian era offers a mixed blessing as people find greater personal freedom while facing a future without the certainty of traditional beliefs and practices In Tomorrow's God renowned writer and commentator Lloyd Geering argues that the world we live in is largely a product of our own making Thus God a central symbol of meaning is entirely a human creation Geering urges us to consciously create new meaning for our lives in a work that is a distillation of a lifetime s reading and reflection on religious and social questions Life Now Jansher, 2024-07-30 The capability of today s man has become so narrow that it is painful to imagine Today s human life is reduced to working eating sleeping and reproducing First they placed today s man in a certain place then gave him the wrong values National values patriotism ideological values They caught him at a certain point They closed all avenues for him They took away his chances Today s man knows nothing about life He sees nothing of creation Today s man never knows how far the beauty of nature and divine creation is spread He knows nothing Because his whole life is spent fighting over things that are all lies and illusions his life is wasted fighting and struggling with his comrades He never gets anywhere That is why he is in agony Then few people take advantage of the facilities and the nations beat each other over the head they are busy enjoying life and creation The sole mission of humanity today is to provide land for certain groups to live on Human slavery today has become so brilliant that it has almost assumed the color of sanctity and godliness In the name of knowledge and education he learns the art of slavery in the first half of his life and in the second half he does his slavery They call it alive
