Globalization and Religion Scaria Pannackal, Vasundhara Mohan, 2017-01-01 Globalization has created great discontinuities Its passion for profit is making people more acquisitive in terms of status power and the yearning for consumer goods There is a sense of disorientation and helplessness that is reflected in the increasing distorted religiosity among people This book offers a fresh look at the phenomenon of globalization and religion The various chapters in this book offer an overwhelming influence of globalization on cultural dimensions of life religion identities environment and education and on marginalized communities While the economic and political impact of globalization has been studied substantially the unique contribution of this book is the focus on the cultural impact of globalization The book also studies the aggressive economic policies and growth strategies which push people to turn to religion as a scapegoat which leads to the resurgence of religion in the globalized world of today The book asks certain pertinent questions like whether such religiosity has resulted in lesser corruption more ethical way of living and deeper humanization process These reflections in the book will help the readers to respond proactively to the emerging crisis of today This book will be an insightful reading for sociologists anthropologists missionaries and social workers for their efforts towards building a more humane society today

Glocal Religions Victor Roudometof, 2018-11-07 This book is a printed edition of the Special Issue Glocal Religions that was published in Religions

The Ashgate Research Companion to Modern Theory, Modern Power, World Politics Nevzat Soguk, Scott G

Nelson, 2016-04-28 Deliberately eschewing disciplinary and temporal boundaries this volume makes a major contribution to the de traditionalization of political thinking within the discourses of international relations Collecting the works of twenty five theorists this Ashgate Research Companion engages some of the most pressing aspects of political thinking in world politics today The authors explore theoretical constitutions critiques and affirmations of uniquely modern forms of power past and present Among the themes and dynamics examined are textual appropriation and representation materiality and capital formation geopolitical dimensions of ecological crises connections between representations of violence and securitization subjectivity and genderization counter globalization politics constructivism biopolitics post colonial politics and theory as well as the political prospects of emerging civic and cosmopolitan orders in a time of national religious and secular polarization Radically different in their approaches the authors critically assess the discourses of IR as interpretive frames that are indebted to the historical formation of concepts and to particular negotiations of power that inform the main methodological practices usually granted primacy in the field Students as well as seasoned scholars seeking to challenge accepted theoretical frameworks will find in these chapters fresh insights into contemporary world political problems and new resources for their critical interrogation

Religion in

Today's World Melissa M. Wilcox, 2013-12-19 Religion is a major force in contemporary society It is also one of the least understood social and political influences on individuals and communities In this innovative collection of original essays and classic readings experts explore the significance of contemporary religiosity as a source of meaning and motivation how it unites and divides us and how it is used politically and culturally Readers will be introduced to the broad debates in ways that will equip them to analyze discuss and make their own judgments about religion and society This book should be read by anyone interested in understanding religion as a central source of meaning and politics and is ideally suited for undergraduate teaching on religion and social issues and from a global perspective

Secularisations and Their Debates

Matthew Sharpe, Dylan Nickelson, 2013-10-30 This volume explores timely topics in contemporary political and social debates including the new atheisms the debate between Habermas and the Pope on the fate of modernity and the impact of new scientific developments on traditional religions This book collects articles first presented at the Deakin University World in

Crisis workshop held November 2010 by leading Australasian philosophers and theologians It addresses questions raised by the recent much touted return to religion including possible reasons for the return and its practical political and intellectual prospects Secularisation and Their Debates is not afraid to provide answers to such questions as Is religion only ever a force of political reaction in modernity or are there resources in it which progressive even secular social movements could engage with or adopt Are the new atheisms or on the opposite side the new fundamentalisms really novel phenomena or has religion only ever been artificially sidelined in the modern Western states Has modern liberalism only really been kidding itself about its non doctrinal neutrality between different faiths and if so what should follow This book will appeal to researchers in the philosophy of religion social sciences political philosophy and anthropology **Globalization of Education** Joel

Spring,2014-08-01 Continuing Joel Spring s reportage and analysis of the intersection of global forces and education this text offers a comprehensive overview and synthesis of current research theories and models related to the topic Written in his signature clear narrative style Spring introduces the processes institutions and forces by which schooling has been globalized and examines the impact of these forces on schooling in local contexts Significant conceptual frameworks are added to this Second Edition specifically the economization of education corporatization of education and the audit state These concepts are embedded in the global educational plans of major organizations such as the World Bank the Organization for Economic Development and Cooperation OECD World Economic Forum and multinational corporations Globalization of Education Second Edition features new and updated information on The World Bank OECD and the United Nations The World Trade Organization and the Global Culture of Higher Education Corporatization of Global Education Religious and Indigenous Education Models The Global Workforce Migration and the Talent Auction Globalization and Complex Thought **Religions in Global Society** Peter Beyer,2013-01-11 Peter Beyer a distinguished sociologist of religion presents a way of understanding religion in a contemporary global society by analyzing it as a dimension of the historical process of globalization Introducing theories of globalization and showing how they can be applied to world religions Beyer reveals the nature of the contested category of religion what it means what it includes and what it implies in the world today Written with exceptional clarity and illustrated with lively and diverse examples ranging from Islam and Hinduism to African traditional religions and new age spirituality this is a fascinating overview of how religion has developed in a globalized society It is recommended reading for students taking courses on sociology of religion religion and globalization and religion and modernity **Postcolonial Philosophy of Religion** Purushottama Bilimoria,Andrew B.

Irvine,2009-09-30 The present collection of writings on postcolonial philosophy of religion takes its origins from a Philosophy of Religion session during the 1996 Annual Meeting of the American Academy of Religion held in New Orleans Three presentations by Purushottama Bilimoria Andrew B Irvine and Bhibuti Yadav were to be offered at the session with Thomas Dean presiding and Kenneth Surin responding Yadav unfortunately could not be present because of illness This was the rst

AAR session ever to examine issues in the study of religion under the rubric of the postcolonial turn in academia Interest at the session was intense For instance Richard King then at work on the manuscript of the landmark *Orientalism and Religion* was present so too was Paul J Griffiths whose subsequent work on interreligious engagement has been so noteworthy In response to numerous audience appeals revised versions of the presentations eventually were published as a Dedicated Symposium on Subalternity in volume 39 no 1 2000 of *Sophia* the international journal for philosophy of religion metaphysical theology and ethics Since that time the importance of the nexus of religion and the postcolonial has become increasingly patent not only to philosophers of religion but to students of religion across the range of disciplines and methodologies The increased internationalization of the program of the American Academy of Religion especially in more recent years is a significant outgrowth of this transformation in consciousness among students of religion

Global Fragments Eduardo Mendieta, 2008-06-05 Philosophical explorations of the processes of globalization particularly in the context of Latin America

Grounding Religion Whitney Bauman, Richard Bohannon, Kevin J. O'Brien, 2010-10-04 How do religion and the natural world interact with one another *Grounding Religion* introduces students to the growing field of religion and ecology exploring a series of questions about how the religious world influences and is influenced by ecological systems *Grounding Religion* examines the central concepts of religion and ecology using analysis dialogical exchanges by established scholars in the field and case studies The first textbook to encourage critical thinking about the relationships between the environment and religious beliefs and practices it also provides an expansive overview of the academic field of religion and ecology as it has emerged in the past forty years The contributors introduce students to new ways of thinking about environmental degradation and the responses of religious people Each chapter brings a new perspective on key concepts such as sustainability animals gender economics environmental justice globalization and place Discussion questions and contemporary case studies focusing on topics such as Muslim farmers in the US and Appalachian environmental struggles help students apply the perspective to current events other media and their own interests

Religion and Violence in South Asia John Hinnells, Richard King, 2007-01-24 Do religions justify and cause violence or are they more appropriately seen as forces for peace and tolerance Featuring contributions from international experts in the field this book explores the debate that has emerged in the context of secular modernity about whether religion is a primary cause of social division conflict and war or whether this is simply a distortion of the true significance of religion and that if properly followed it promotes peace harmony goodwill and social cohesion Focusing on how this debate is played out in the South Asian context the book engages with issues relating to religion and violence in both its classical and contemporary formations The collection is designed to look beyond the stereotypical images and idealized portrayals of the peaceful South Asian religious traditions especially Hindu Buddhist Jain and Sufi which can occlude their own violent histories and to analyze the diverse attitudes towards and manifestations of violence within the major religious traditions of South Asia Divided into three

sections the book also discusses globalization and the theoretical issues that inform contemporary discussions of the relationship between religion and violence Encyclopedia of Global Religion Mark Juergensmeyer, Wade Clark Roof, 2012 Presents entries A to L of a two volume encyclopedia discussing religion around the globe including biographies concepts and theories places social issues movements texts and traditions **Religion in the Context of Globalization** Peter Beyer, 2013-07-24 Peter Beyer has been a central figure in the debate about religion and globalization for many years this volume is a collection of essays on the relation between religion and globalization with special emphasis on the concept of religion its modern forms and on the relation of religion to the state Featuring a newly written introduction and conclusion which frame the volume and offer the reader guidance on how the arguments fit together this book brings together ten previously published pieces which focus on the institutional forms and concept of religion in the context of globalizing and modern society The guiding theme that they all share is the idea that religion and globalization are historically conceptually and institutionally related What has come to constitute religion and what social roles religion plays are not manifestations of a timeless essence called religion or even a requirement of human societies In concept and institutional form religion is an expression of the historical process of globalization above all during modern centuries What religion has become is one of the outcomes of the successive transformations and developments that have brought about contemporary global society Including some of the most important theoretical work in the field of religion and globalization this collection provokes the reader to consider paths for future research in the area and will be of great interest to students and scholars of religion and politics globalization and religion and sociology *Òrìṣà Devotion as World Religion* Jacob Kẹhinde Olupona, Terry Rey, 2008 As the twenty first century begins tens of millions of people participate in devotions to the spirits called r s This book explores the emergence of r s devotion as a world religion one of the most remarkable and compelling developments in the history of the human religious quest Originating among the Yor b people of West Africa the varied traditions that comprise r s devotion are today found in Africa the Americas Asia Europe and Australia The African spirit proved remarkably resilient in the face of the transatlantic slave trade inspiring the perseverance of African religion wherever its adherents settled in the New World Among the most significant manifestations of this spirit Yor b religious culture persisted adapted and even flourished in the Americas especially in Brazil and Cuba where it thrives as Candombl and Lukumi Santer a respectively After the end of slavery in the Americas the free migrations of Latin American and African practitioners has further spread the religion to places like New York City and Miami Thousands of African Americans have turned to the religion of their ancestors as have many other spiritual seekers who are not themselves of African descent If divination in Nigeria Candombl funerary chants in Brazil the role of music in Yor b revivalism in the United States gender and representational authority in Yor b religious culture these are among the many subjects discussed here by experts from around the world Approaching r s devotion from diverse vantage points their collective effort makes this one of the most authoritative texts on Yor b religion

and a groundbreaking book that heralds this rich complex and variegated tradition as one of the world's great religions

Black Theology--Essays on Global Perspectives Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world. But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs. *Black Theology: Essays on Global Perspectives* bridges that post 1990 gap and makes a vital contact with Africa again. This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts. In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa. This claim is based on tradition. And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century. This claim is based on today's international challenges. The essays in this book draw on tradition and point forward in the midst of today's worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures.
