Religious Change In Europe 1650-1914 Essays For John McManners:

Religious Change in Europe, 1650-1914 Nigel Aston, 1997 This collection focuses on the nature of religious change over more than two centuries. Essays cover the whole of Europe and include a survey of individual responses to crises in the religious life of the state and an exploration of the ways in which religion can offer help in the conduct of life. *Religious Change in Europe, 1650-1914* Nigel Aston, 1997 The focus of this collection is the nature of religious change over more than two centuries here examined by some of the leading scholars in the field in tribute to John McManners on his eightieth birthday. Ranging across Europe with a particular emphasis on France and Britain, readers will find essays which survey individual responses to crises in the religious life of the state, discuss contacts between communions, note changing patterns of worship and devotions, and explore the ways in which religion and the lessons of the past can offer help or consolation in the conduct of life. Some contributors deal with the close, often tense links between religion, churchmen, and the formation and evolving character of the state; others consider the survival and adaptability of minority groups such as eighteenth-century monks or British Jews in response to external considerations. In all the contributions, the interaction of private and public life is a strong feature, a reflection of its own importance in Professor McManners' own writings. **Death and the crown** Anne Byrne, 2020-01-15 Looking at royal ritual in pre-revolutionary France, *Death and the crown* examines the deathbed and funeral of Louis XV in 1774, the lit de justice of November 1774, and the coronation of Louis XVI, including the ceremony of the royal healing touch for scrofula. It reviews the state of the field in ritual studies and appraises the status of the monarchy in the 1770s, including the recall of the parlements and the many ways people engaged with royal ritual. It answers questions such as whether Louis XV died in fear of damnation, why Marie Antoinette was not crowned in 1775, and why Louis XVI's coronation was not held in Paris. This lively, accessible text is a useful tool for undergraduate and postgraduate teaching, which will also be of interest to specialists on this under-researched period. **The Oxford Handbook of the Oxford Movement** Stewart J. Brown, Peter Nockles, James Pereiro, 2018-01-25 The *Oxford Handbook of the Oxford Movement* reflects the rich and diverse nature of scholarship on the Oxford Movement and provides pointers to further study and new lines of enquiry. Part I considers the origins and historical context of the Oxford Movement. These chapters include studies of the legacy of the seventeenth-century Caroline Divines and of the nature and influence of the eighteenth and early nineteenth-century High Church movement within the Church of England. Part II focuses on the beginnings and early years of the Oxford Movement, paying particular attention to the people, the distinctive Oxford context, and the ecclesiastical controversies that inspired the birth of the Movement and its early intellectual and religious expressions. In Part III, the theme shifts from early history of the Oxford Movement to its distinctive theological developments. This section analyses Tractarian views of religious knowledge and the notion of ethos, the distinctive Tractarian views of tradition and development, and Tractarian ecclesiology, including ideas of the *via media* and the branch theory of the Church. The years of crisis for the Oxford Movement between 1841 and

1845 including John Henry Newman's departure from the Church of England are covered in Part IV. Part V then proceeds to a consideration of the broader cultural expressions and influences of the Oxford Movement. Part VI focuses on the world outside England and examines the profound impact of the Oxford Movement on Churches beyond the English heartland as well as on the formation of a world wide Anglicanism. In Part VII the contributors show how the Oxford Movement remained a vital force in the twentieth century finding expression in the Anglo Catholic Congresses and in the Prayer Book Controversy of the 1920s within the Church of England. The Handbook draws to a close in Part VIII with a set of more generalised reflections on the impact of the Oxford Movement including chapters on the judgement of the converts to Roman Catholicism over the Movement's loss of its original character on the spiritual life and efforts of those who remained within the Anglican Church to keep Tractarian ideas alive on the engagement of the Movement with Liberal Protestantism and Liberal Catholicism and on the often contentious historiography of the Oxford Movement which continued to be a source of church party division as late as the centennial commemorations of the Movement in 1933. An Afterword chapter assesses the continuing influence of the Oxford Movement in the world Anglican Communion today with special references to some of the conflicts and controversies that have shaken Anglicanism since the 1960s.

Prosperity and Plunder Derek Edward Dawson Beales, 2003-07-24. In the Catholic countries of seventeenth and early eighteenth century Europe communities of monks and nuns were growing in number and wealth. By 1750 there were at least 25 000 communities containing at least 350 000 inmates. They constructed vast buildings dominated education and played a large part in the practice and patronage of learning music and the arts. They also fulfilled an amazing variety of political economic and social roles notably in providing career opportunities for women. Yet many accounts of the period ignore them altogether. *Prosperity and Plunder* recovers this forgotten dimension of European history assesses the importance of monasteries across Catholic Europe and compares their position in different countries. It goes on to explain the almost complete destruction of the monasteries between 1750 and 1815 through reforming rulers Enlightenment and the French Revolution and asks how much society gained and lost in the process.

Meteors that Enlighten the Earth Matthew D. Zarzeczny, 2012-11-16. Napoleon promoted and honored great men throughout his reign. In addition to comparing himself to various great men he famously established a Legion of Honor on 19 May 1802 to honor both civilians and soldiers including non ethnically French men. Napoleon not only created an Irish Legion in 1803 and later awarded William Lawless and John Tennent the Legion of Honour he also gave them an Eagle with the inscription L'Indépendance d'Irlande. He awarded twenty six of his generals the marshal's baton from 1804 to 1815 and in 1806 he further memorialized his soldiers by deciding to erect a Temple to the Glory of the Great Army modeled on Ancient designs. From 1806 to 1815 Napoleon had more men interred in the Pantheon in Paris than any other French leader before or after him. In works of art depicting himself Napoleon had his artists allude to Caesar Charlemagne and even Moses. Although the Romans had their legions Pantheon and temples in Ancient times and the French monarchy had their marshals since at

least 1190 Napoleon blended both Roman and French traditions to compare himself to great men who lived in ancient and medieval times and to recognize the achievements of those who lived alongside him in the nineteenth century Analyzing Napoleon's ever changing personal cult of great men and his recognition of contemporary great men who contributed to European or even human civilization and not just French civilization is original While work does exist on the French cults of Greco Roman antiquity and of great men prior to 1800 Napoleon appears only fleetingly in other discussions of the cult of great men None of the burgeoning historiography adequately takes Napoleon's place in the story of this cult into perspective This book serves as a further exploration of the cult of great men including its place in Napoleonic and European history and the alleged efforts of its members to enlighten the earth **The Early Modern Papacy** A.D. Wright, 2014-07-10 A history of the Papacy covering the vital period from the Renaissance through the Counter Reformation to the period of the French Revolution Its a broad survey analysing the influence of Papal power not only across Europe but the wider world also

An Imaginative Whig Ian Crowe, 2005 This collection of essays shifts the focus of scholarly debate away from the themes that have traditionally dominated the study of Edmund Burke In the past largely ideology based or highly textual studies have tended to paint Burke as a prophet or precursor of movements as diverse as conservatism political pragmatism and romanticism In contrast these essays address prominent issues in contemporary society multiculturalism the impact of postmodern and relativist methodologies the boundaries of state church relationships and religious tolerance in modern societies by emphasizing Burke's earlier career and writings and focusing on his position on historiography moral philosophy jurisprudence aesthetics and philosophical skepticism The essays in this collection written by some of today's most renowned Burke scholars will radically challenge our deeply rooted assumptions about Burke his thought and his place in the history of Western political philosophy Anglo-Dutch Connections in the Early Modern World Sjoerd Levelt, Esther van

Raamsdonk, Michael D. Rose, 2023-02-10 This ground breaking collection reveals the networks of interrelation between Early Modern England and the Dutch Republic As people ideas and goods moved back and forth across the North Sea or spread further afield in the vanguard of globalisation and empire Anglo Dutch relations shaped all aspects of life with profound implications still relevant today A diverse range of expert scholars share new research in their discipline ranging across technology trade politics religion and the arts Different aspects of this history of competition alliance migration and conflict are taken up by each chapter providing the reader with detailed case studies as well as the broader background and its historical roots Anglo Dutch Connections in the Early Modern World aims to be both accessible and innovative It will be essential to students and researchers interested in European politics intellectual history and shared Anglo Dutch society while showcasing current research in multiple facets of the Early Modern World **Erasmus in the Twentieth Century** Bruce Mansfield, 2003-01-01 Bruce Mansfield shows how shifting interpretations and changing critical regard for Erasmus and his work reflect cultural shifts of the last century Empire and Revolution Richard Bourke, 2017-05-02 A major new

account of one of the leading philosopher statesmen of the eighteenth century Edmund Burke 1730-97 lived during one of the most extraordinary periods of world history He grappled with the significance of the British Empire in India fought for reconciliation with the American colonies and was a vocal critic of national policy during three European wars He also advocated reform in Britain and became a central protagonist in the great debate on the French Revolution Drawing on the complete range of printed and manuscript sources Empire and Revolution offers a vivid reconstruction of the major concerns of this outstanding statesman orator and philosopher In restoring Burke to his original political and intellectual context this book overturns the conventional picture of a partisan of tradition against progress and presents a multifaceted portrait of one of the most captivating figures in eighteenth century life and thought A boldly ambitious work of scholarship this book challenges us to rethink the legacy of Burke and the turbulent era in which he played so pivotal a role **Pompeo Batoni**

Edgar Peters Bowron, Peter Björn Kerber, Pompeo Batoni, Museum of Fine Arts, Houston, National gallery (London), 2007-01-01 Inventive storytelling the early subject pictures Batoni's British patrons and the grand tour Painter of princes and prince of painters Restorer of the Roman school final years and reception Drawings working methods and studio practices Heaven Upon Earth Jeffrey K. Jue, 2006-02-28 This book contributes to the ongoing revision of early modern British history by examining the apocalyptic tradition through the life and writings of Joseph Mede 1586-1638 The history of the British apocalyptic tradition has yet to undergo a thorough revision Past studies followed a historiographical paradigm which associated millenarianism with a revolutionary agenda A careful study of Joseph Mede one of the key individuals responsible for the rebirth of millenarianism in England suggests a different picture of seventeenth century apocalypticism The roots of Mede's apocalyptic thought are not found in extreme activism but in the detailed study of the Apocalypse with the aid of ancient Christian and Jewish sources Mede's legacy illustrates the geographical prevalence and long term sustainability of his interpretations This volume shows that the continual discussion of millenarian ideas reveals a vibrant tradition that cannot be reconstructed to fit within one simple historiographical narrative **Losing a Kingdom, Gaining**

the World Ambrogio A. Caiani, 2023-10-12 Despite its many crises especially in Western Europe there are 1.3 billion Catholics in the world today The Church remains a powerful but controversial institution In Losing a Kingdom Gaining the World Ambrogio A. Caiani explores the epic history of the Roman Catholic Church Throughout the early modern period the Pope was a secular prince in central Italy Catholicism was not merely a religion but also a political force to be reckoned with After the French Revolution the Church retreated into a fortress of unreason and denounced almost every aspect of modern life The Pope proclaimed his infallibility the cult of the Virgin Mary and her apparitions became articles of faith the Vatican refused all accommodation with the modern state until a disastrous series of concordats with fascist states in the 1930s These dark days threatened the very existence of the Church But as Catholicism lost its temporal power it made significant spiritual strides and expanded across continents Between 1700 and 1903 it lost a kingdom but gained the world Ambitious

and authoritative this is an account of the Church's fraught encounter with modernity in all its forms from liberalism socialism and democracy to science literature and the rise of secular culture Prisoner of the Vatican David I.

Kertzer, 2006-02-20 A Pulitzer Prize winner's fascinating account of the political battles that led to the end of the Papal States Entertainment Weekly From a National Book Award nominated author this absorbing history chronicles the birth of modern Italy and the clandestine politics behind the Vatican's last stand in the battle between the church and the newly created Italian state When Italy's armies seized the Holy City and claimed it for the Italian capital Pope Pius IX outraged retreated to the Vatican and declared himself a prisoner calling on foreign powers to force the Italians out of Rome The action set in motion decades of political intrigue that hinged on such fascinating characters as Garibaldi King Viktor Emmanuel Napoleon III and Chancellor Bismarck Drawing on a wealth of secret documents long buried in the Vatican archives David I Kertzer reveals a fascinating story of outrageous accusations mutual denunciations and secret dealings that will leave readers hard pressed to ever think of Italy or the Vatican in the same way again A rousing tale of clerical skulduggery and topsy turvy politics laced with plenty of cross border intrigue Kirkus Reviews starred review **Lay Activism and the High Church**

Movement of the Late Eighteenth Century Robert M. Andrews, 2015-05-12 Lay Activism and the High Church Movement of the Late Eighteenth Century The Life and Thought of William Stevens 1732-1807 by Robert M Andrews is the first full length study of Stevens life and thought Historiographically revisionist and contextualised within a neglected history of lay High Church activism Andrews presents Stevens as an influential High Church layman who brought to Anglicanism not only his piety and theological learning but his wealth and business acumen With extensive social links to numerous High Church figures in late Georgian Britain Stevens lay activism is shown to be central to the achievements and effectiveness of the wider High Church movement during the late eighteenth and early nineteenth centuries **God's Empire** Hilary M.

Carey, 2011-01-06 In God's Empire Hilary M Carey charts Britain's nineteenth century transformation from Protestant nation to free Christian empire through the history of the colonial missionary movement This wide ranging reassessment of the religious character of the second British empire provides a clear account of the promotional strategies of the major churches and church parties which worked to plant settler Christianity in British domains Based on extensive use of original archival and rare published sources the author explores major debates such as the relationship between religion and colonization church state relations Irish Catholics in the empire the impact of the Scottish Disruption on colonial Presbyterianism competition between Evangelicals and other Anglicans in the colonies and between British and American strands of Methodism in British North America **The Practical Divinity of Universal Learning** George Melvyn Ella, 2014-09-26

Scottish and English Christians are greatly indebted to George Ella for reviving and greatly expanding their knowledge of the tireless and many sided work of one of their own Christian scholars who lived in troubled times and laboured in many parts of Europe as well as in his own country to expand learning and to foster international Protestant understanding Roger T

Beckwith M A B D D D Former Warden Latimer House Oxford George Ella has written a rich and compelling account of a seminal seventeenth century figure Scholars of puritanism and its intellectual contexts across the disciplines will be enormously in his debt Prof Dr Crawford Gibben B A M A Ph D F R Hist S F T C D Trinity College Dublin *Theology and Literature in the Age of Johnson* Melvyn New, Gerard Reedy, 2012-06-14 Theology and Literature in the Age of Johnson Resisting Secularism contains seventeen essays exploring the complex relationships between literary intentions and theological concerns of authors writing in the second half of the eighteenth century The diversity of literary forms and subjects from Fielding and Richardson to Burke and Wollstonecraft is matched by a diversity of approaches and theologies To argue that the age resisted secularism is by no means to argue that resistance was blindly doctrinal or rigidly uniform The many ways secularism could be resisted is the subject of the collection Published by University of Delaware Press Distributed worldwide by Rutgers University Press **Religion and the Politics of Time** Noah Shusterman, 2010-03-08 A study of the rise of government intervention in the everyday life of French society
