## **Religious Liberty Questioned:**

Religious Liberty Questioned Marcel Lefebvre, 2002      **Debating Religious Liberty and Discrimination** John Corvino, Ryan T. Anderson, Sherif Girgis, 2017-04-14 Virtually everyone supports religious liberty and virtually everyone opposes discrimination But how do we handle the hard questions that arise when exercises of religious liberty seem to discriminate unjustly How do we promote the common good while respecting conscience in a diverse society This point counterpoint book brings together leading voices in the culture wars to debate such questions John Corvino a longtime LGBT rights advocate opposite Ryan T Anderson and Sherif Girgis prominent young social conservatives Many such questions have arisen in response to same sex marriage How should we treat county clerks who do not wish to authorize such marriages for example or bakers florists and photographers who do not wish to provide same sex wedding services But the conflicts extend well beyond the LGBT rights arena How should we treat hospitals schools and adoption agencies that can't in conscience follow antidiscrimination laws healthcare mandates and other regulations Should corporations ever get exemptions Should public officials Should we keep controversial laws like the Religious Freedom Restoration Act or pass new ones like the First Amendment Defense Act Should the law give religion and conscience special protection at all and if so why What counts as discrimination and when is it unjust What kinds of material and dignitary harms should the law try to fight and what is dignitary harm anyway Beyond the law how should we treat religious beliefs and practices we find mistaken or even oppressive Should we tolerate them or actively discourage them In point counterpoint format Corvino Anderson and Girgis explore these questions and more Although their differences run deep they tackle them with civility clarity and flair Their debate is an essential contribution to contemporary discussions about why religious liberty matters and what respecting it requires

Challenges to Religious Liberty in the Twenty-First Century Gerard V. Bradley, 2012-03-12 Almost everyone today affirms the importance and merit of religious liberty But religious liberty is being challenged by new questions for example use of the niqab or church adoption services for same sex couples and new forces such as globalization and Islamism Combined these make the meaning of religious liberty in the twenty first century uncertain This collection of essays by ten of the world's leading scholars on religious liberty takes aim at these issues The book is arranged around five specific challenges to religious liberty today the state's responsibility to prevent coercion and intimidation of believers by others within the same faith community the US's basic moral responsibilities to promote religious liberty abroad how to understand and apply the traditional right of conscientious objection in today's circumstances the distinctive problems presented by globalization and the viability today of an originalist interpretation of the First Amendment religion clauses

*The Council in Question* Moyra Doorly, Aidan Nichols, 2013-03-28 The resurgence of Catholic tradition is rekindling devotion zeal and we pray sanctity But do some place traditionalism before Mother Church herself This is the issue of our time a unique time 50 years after Vatican II when much though not all of the misapplication of the Council's teachings and liturgical aberrations

have settled In The Council in Question journalist Moyra Doorly an SSPX attendee and Dominican Aidan Nichols vibrantly discuss the key issues of division between the Church and the Society A must read for a lover of Tradition 101 Questions and Answers on Vatican II Maureen Sullivan, Maureen O'Sullivan (O.P.), 2002 An informative and accessible guide to everything you want to know about Vatican II Research Handbook on Law and Religion Rex Ahdar, 2018-09-28 Offering an interdisciplinary international and philosophical perspective this comprehensive Research Handbook explores both perennial and recent legal issues that concern the modern state and its interaction with religious communities and individuals John Henry Newman on Truth and its Counterfeits Reinhard Hutter, 2020-02-21 Reinhard Hutter's main thesis in this third volume of the Sacra Doctrina series is that John Henry Newman in his own context of the nineteenth century a century far from being a foreign one to our own faced the same challenges as we do today the problems then and now differ in degree not in kind Hence Newman's engagement with these problems offers us a prescient and indeed prophetic diagnosis of what these problems or errors if not corrected will lead to consequences which have more or less come to pass and furthermore an alternative way which is at once thoroughly Catholic and holds contemporary relevance The introduction offers a survey of Newman's life and works and each of the subsequent four chapters addresses one significant aspect of Christianity that is not only contested or rejected by secular unbelief but also has a counterfeit for which not only Christians but even Catholics have fallen The counterfeit of conscience is the conscience of the sovereign subject Ch 1 the counterfeit of faith is the faith of one who does not submit to the living authority through which God communicates but rather adheres to the principle of private judgment in matters of revealed religion Ch 2 the counterfeit of doctrinal development is twofold i paying lip service to development while only selectively accepting its consequences on the grounds of a specious antiquarianism and ii invoking development theory to justify all sorts of contemporary changes according to the present Zeitgeist Ch 3 Finally the counterfeit of the university are all those universities whose end is not to educate and thereby to perfect the intellect but rather to feed more efficiently the empire of desire that is informed by the techno consumerism of today Ch 4 The book concludes with an epilogue on Hutter's journey to Catholicism A manual of political questions of the day [extr. from A handbook to political questions]. *Luther and the Radicals* Harry Loewen, 1974-06 In their zeal to tell the true story of sixteenth century radicalism some sympathizers of the Anabaptist movement have portrayed the once maligned individuals and groups as innocent pious people who suffered cruel persecution at the hands of the wicked state churchmen Their side of the story is thus often as one sided as was the story of the enemies of Anabaptism This book written by a Mennonite scholar seeks to understand the reasons for the clash between Luther and the radicals a point often neglected when one or the other side is emphasized The study keeps Luther however in a central position exploring the issues which led to the Reformer's attitude toward the radicals and analyzing the principles that were at stake in his struggle with the dissident groups
