Richard Gribble

Religious Life Today:

In Our Own Words Juliet Mousseau, Sarah Kohles, 2018 Written by a diverse group of younger women religious from North America *In Our Own Words* offers a collection of essays on issues central to apostolic religious life today The thirteen authors represent different congregations charisms ministries and histories The topics and concerns that shape these chapters emerged naturally through a collaborative process of prayer and conversation Essays focus on the vows and community life individual identity and congregational charisms and leadership among younger members leading into the future The authors hope these chapters may form a springboard for further conversation on religious life inviting others to share their experiences of religious life in today's world

The Fire in These Ashes Joan Chittister, 1995 Joan Chittister writes from the perspective of decades of deep involvement in religious life She writes about religious life in the here and now not about the value of its past nor about the possible shape of its future asking a simple question What if anything constitutes the spirituality of contemporary religious life What is the work of religious life now What are the virtues demanded of religious now that take character and test commitment that make the world closer to the reign of God and bring a person closer to the Truth of life Provided by publisher

[Apostolic Religious Life in America Today](#) Richard Gribble, 2011-08-17 Apostolic religious life in the United States today is in a state of crisis Signs of this situation are readily apparent and well known to all who practice Roman Catholicism The significant decline in the number of priests and religious and fewer vocations to religious congregations have produced a severe blow to formerly active apostolates and brought grave concern for the future of these ministries While the reasons for this present situation are complex interpretation of the documents of Vatican II is clearly one very important factor Scholars hold two basic interpretations of the Council the hermeneutic of rupture sees the Council as a revolution which placed the Church on a completely new trajectory A second hermeneutic however views the Council as reform with continuity While most literature to date has analyzed the hermeneutic of rupture and the consequent transformation of apostolic religious life this book describes the opposite position Divided into two parts this volume first presents an analysis of the problem and secondly a solution to place apostolic religious life on a positive trajectory in the 21st century The first section of this book describes how the hermeneutic of rupture is an incorrect reading of Vatican II Rather the Council in addressing numerous issues did not break from the past but rather sought to understand Church teaching in more contemporary ways but with continuity to the Tradition Essays in this section describe this misreading of Vatican II the consequent misunderstanding of the evangelical counsels and the rejection of religious signs The second section through an analysis of the writings of Hans Urs von Balthasar Basile Moreau Pope Benedict XVI and a reflection on *Perfectae Caritatis* provides a solution of Christian love as the operative way to reform apostolic religious life today

ABOUT THE EDITOR Richard Gribble C S C is professor of religious studies at Stonehill College He has written four critical biographies including *American Apostle of the Family Rosary* *The Life of Patrick J Peyton C S C* and *An Archbishop*

for the People The Life of Edward J Hanna He is a frequent contributor to many journals including The Catholic Historical Review American Catholic Studies and the Journal of Church and State PRAISE FOR THE BOOK This book is a true service to those seeking to understand consecrated apostolic life whether they are themselves members of religious orders and congregations or are among those who love the vocation esteem religious Sisters and desire that this calling be strengthened in the Church Francis Cardinal George O M I Archbishop of Chicago Finally a book that explains why some attempts of religious congregations to renew themselves after Vatican II succeeded and why so many failed Understanding the radical nature of what the vows really require of a religious community is no small achievement The vision of religious consecration set forth in these essays will be a fine road map for the many new groups springing up out of a desire to serve Christ and the Church Joseph W Koterski S J Professor of Philosophy Fordham University Without a doubt religious life in America today is at a turning point We are well aware of the factors that have brought us to this moment The more interesting and important question is where do we go from here Some have predicted the death of consecrated life as we know it while others have anticipated renewal and re birth This volume indeed views all of religious life in the continuum of the Lord s Paschal Mystery death and resurrection but gives us hope that the call to follow the Lord through the evangelical counsels is far from its predicted end Most Reverend David M O Connell C M J C D Bishop of Trenton A very significant collection of essay **An Introduction to Christian Spirituality** F. Antonisamy,2000 *Consecrated Religious Life* Diarmuid Ó Murchú,2005 In 1960 more than 1 3 million men and women religious served the Catholic Church Today that number is under 900 000 When Diarmuid O Murchu a seminal thinker on religious life predicted this trend in the 1970s many dismissed him as a prophet of doom Here he re imagines consecrated religious life as a process of birth death rebirth and paints a positive picture for the future that will again be different from that of the past but with the power to transform itself and flourish into the next century as something as fresh as daring as the founders visions **Calling in Today's World** Cahalan & Schuurman,2016 The concept of vocation or calling is a distinctively Christian concern grounded in the long held belief that we find our meaning purpose and fulfillment in God But what about religions other than Christianity What does it mean for someone from another faith tradition to understand calling or vocation In this book contributors with expertise in Catholic and Protestant Christianity Judaism Islam Hinduism Buddhism Confucianism and Daoism and secular humanism explore the idea of calling from these eight faith perspectives from back of book **The Disciples' Call** Christopher Jamison, OSB,2013-12-05 There is currently no shared language of vocation among Catholics in the developed post modern world of Europe and North America The decline in practice of the faith and a weakened understanding of Church teaching has led to reduced numbers of people entering into marriage religious life and priesthood Uniquely this book traces the development of vocation from scriptural patristic roots through Thomism and the Reformation to engage with the modern vocational crisis How are these two approaches compatible The universal call to holiness is expressed in Lumen Gentium has been read by some as meaning that

any vocational choice has the same value as any other such choice is some sense of a higher calling part of the Catholic theology of vocation or not Some claim that the single life is a vocation on a par with marriage and religious life what kind of a theology of vocation leads to that conclusion And is the secular use of the word vocation to describe certain profession helpful or misleading in the context of Catholic theology

Vocations and Their Formation Today Guy Lespinay, 2010

Formation in religious life is a very complex matter Indeed it has become even more so since we live in a time of doubt and uncertainty when religious houses are closing and more than a few religious communities are facing the possibility of extinction for lack of vocations Yet while it is neither popular nor easy to speak positively of religious life and much less of formation for religious life we must find the courage to do so The formation plan has to be clear yet in its clarity it must not become too rigid The author sets out a number of priorities and responsibilities in which the first person responsible for discernment and growth is the candidate himself Without devoting special chapters to each group he considers the differences between monasteries and apostolic congregations focusing a remark here and there for example on the difficulties met in contemplative monasteries where those in formation are few and formation can last 6 to 8 years without a change of spiritual guide This book is extremely valuable for the way in which it draws our attention to details frequently assumed and thus often forgotten reminding us that the young candidate to religious life is truly representative of his or her generation The work also points out a number of snares into which formation communities may fall e g harshly critiquing the candidate or using those in formation as household servants These pitfalls are easily and best avoided In short this is a solid straightforward and faithful book that avoids indulging in illusions as it outlines conditions for a positive journey along the path of formation in religious communities today Book jacket

An Exploration into Dominican Spirituality Erik

Borgman, 2024-08-01 My aim in this book is to show clearly that the Dominican tradition is capable of shedding light on the questions of men and women today and suggesting a way of dealing with them These questions are ultimately a variant of the one central question of human existence bound up with a particular time place and person the question of a good and meaningful life my starting point is the basic conviction that a religious and dedicated life cannot be lived anywhere else than in the midst of our turbulent culture which constantly makes us uncertain this book is deliberately written from the perspective of someone who in ecclesiastical jargon is called a lay person From the Introduction by Erik Borgman This book is a highly attractive and stimulating exposition of Dominican spirituality by Erik Borgman a Dutch Lay Dominican The central intuition of the book is that Dominican spirituality is founded on the encounter of God in all of human experience Dominic's experience in the early thirteenth century was born in opposition to Catharism which maintained that God was remote from us and that there was a fundamental opposition between the divine and this material world But for Dominic it is here in our lives with all their creativity and goodness their mess and confusion that God is to be found Our mission as preachers pushes us to enter the unrest of the street and the inn politics and journalism welfare teaching and science in the

belief that the holy the traces of the Holy One are to be found there Even in the most difficult situations when all is dark God is waiting to be discovered If Dominican spirituality has a core then it would be this insight into the unexpected and unheard of nearness of God This is the good news that the Order of Preachers was founded to preach and the source of the happiness of the preacher From the Foreword by Timothy Radcliffe OP

St Joseph's Island Josephine Margaret Brady,2012-08-30 There has been little written about Tenison Woods who as a significant figure in Australian Catholic Church life at the time of St Mary Mackillop Australia s first Catholic Saint This is a story about the work of the Sisters of St Joseph an Australian Catholic Religious Order of women founded by St Mary Mackillop in Tasmania An intriguing story of a group of women who were not part of the Centralised Josephite Sisters under Mary Mackillop who for a variety of reasons were under the diocesan Catholic Bishop in Tasmania The books documents their 125 year history from foundation right through to Vatican approval of the being brought under the Federation of Josephite Sisters in Australia

Human Sexuality in the Catholic Tradition Kieran Scott,Harold Daly Horell,2007 Contemporary culture provides conflicting and confusing messages about the meaning and purpose of human sexuality and often sex education that is offered often does not promote a mature integrated understanding of sexuality Human Sexuality in the Catholic Tradition meets the great need for pastoral guidance in addressing moral issues of sexuality in both the Church and broader culture today Kieran Scott and Harold Horell explore with other leading scholars how to draw from the best Christian faith traditions to renew our understanding of sexuality explore the integration of our sexuality and our spirituality and develop life affirming and life sustaining ways of approaching contemporary sexual issues This book explores sexuality from spiritual psychological moral and ministerial perspectives and addresses specific issues such as sex and marriage celibacy homosexuality and cohabitation

Desert Living Fr. Steven Scherrer Th. D.,2009 *Desert Living* Fr Steven Scherrer Th D Many seek a life of deeper contemplation and union with God but few see the connection between this desire and the need to live apart from the world There is an essential connection between contemplative living and contemplative praying Contemplative living consists of being apart from the world One must have a heart that is reserved for the Lord alone and remain separate from the delights sights and sounds of society By doing this one can seek God with an undivided heart Fr Steven Scherrer a Roman Catholic priest lives as though he s still in the deserts where he once conducted missionary work Without a telephone television radio or newspapers he reflects on his life while praying and fasting Along with his personal insights and experiences discover Whether religious life in the United States is dying The history of asceticism and the monastic life How
