and equality peace and solidarity □□□□□□□□ ,1991-07      **Relativism and Religion** Carlo Invernizzi Accetti,2015-11-10

Moral relativism is deeply troubling for those who believe that without a set of moral absolutes democratic societies will devolve into tyranny or totalitarianism Engaging directly with this claim Carlo Invernizzi Accetti traces the roots of contemporary anti relativist fears to the antimodern rhetoric of the Catholic Church and then rescues a form of philosophical relativism for modern pluralist societies arguing that this viewpoint provides the firmest foundation for an allegiance to democracy In his analyses of the relationship between religious arguments and political authority and the implications of philosophical relativism for democratic theory Accetti makes a far ranging contribution to contemporary debates over the revival of religion in politics and the conceptual grounds for a commitment to democracy He presents the first comprehensive genealogy of anti relativist discourse and reclaims for English speaking readers the overlooked work of Hans Kelsen on the connection between relativism and democracy By engaging with contemporary attempts to replace the religious foundation of democratic values with a neo Kantian conception of reason Accetti also makes a powerful case for relativism as the best basis for a civic ethos that integrates different perspectives into democratic politics      International Mission Bibliography Norman E. Thomas,2003-10-16 This massive reference is the key to finding the most important works on missiology published from 1960 2000 Representing the research of more than 30 sub editors in mission related disciplines including history theology social aspects education evangelism spirituality and political life and includes sections on Africa the Americas Asia Europe and Oceania Complete publication details and ISBNs are given for each entry      Pentekostalismus, Politik und Gesellschaft in den Philippinen Giovanni Maltese,2018-01-12 Die Studie untersucht das Verh ltnis von Pentekostalismus und Politik auf den Philippinen Daf r werden zuerst Diskurse und Figuren mit nationaler Ausstrahlung beschrieben auch solche die von der Forschung bislang ignoriert wurden wie die einflussreichen Kreise um den Pfingstbischof Villanueva Sodann wird die Rezeption des Pentekostalismus in einer Mittelschichtsstadt im mittleren S den des Landes analysiert wodurch die Rolle lokaler Hegemonieverh ltnisse bei der Artikulation pentekostaler Politik deutlich wird Ein Fokus liegt auf den Debatten zu den Pr sidentschaftskandidaturen von 2004 und 2010 sowie zum Reproduktionsgesundheitsgesetz Die konsequente Ber cksichtigung der Verflechtung von globalen nationalen und lokalen Diskursen macht politische Rationalit ten sichtbar f r die der Forschungsblick bisher verstellt war So l sst sich entgegen der verbreiteten Annahme dass die Pfingstbewegung weltfl chtig religi s intolerant und sozialpolitisch insensibel sei zeigen dass diese Klischees schon ab den 1980ern innerpentekostal problematisiert wurden und in den 2000ern Parteilanzen mit marxistisch leninistischen und islamistischen Gruppen gebildet wurden Dies erm glicht nicht nur neue Perspektiven auf die Religions und Politikgeschichte des Landes sondern auch auf den allgemeinen Zusammenhang von Religion kollektiver Identit tsbildung und Populismus      The Politics of Secularism in International Relations Elizabeth Shakman Hurd,2009-01-10 Conflicts involving religion have returned to the forefront of international relations And yet political scientists and policymakers have continued to assume that religion has

long been privatized in the West This secularist assumption ignores the contestation surrounding the category of the secular in international politics The Politics of Secularism in International Relations shows why this thinking is flawed and provides a powerful alternative Elizabeth Shakman Hurd argues that secularist divisions between religion and politics are not fixed as commonly assumed but socially and historically constructed Examining the philosophical and historical legacy of the secularist traditions that shape European and American approaches to global politics she shows why this matters for contemporary international relations and in particular for two critical relationships the United States and Iran and the European Union and Turkey The Politics of Secularism in International Relations develops a new approach to religion and international relations that challenges realist liberal and constructivist assumptions that religion has been excluded from politics in the West The first book to consider secularism as a form of political authority in its own right it describes two forms of secularism and their far reaching global consequences     Studying Religion and Society Titus Hjelm, Phil Zuckerman, 2013 How do you study religion and society In this fascinating book some of the most famous names in the field explain how they go about their everyday work of studying religions in the field They explain how the ideas for their projects and books have come together how their understanding of religion has changed over the years and how their own beliefs have affected their work They also comment on the changing nature of the field the ideas which they regard as most important and those which have not stood the test of time Lastly they offer advice to young scholars and suggest what needs to be done to enable the field to grow and develop further
