# Religious Attitudes Of Japanese Men

**Joseph M. Kitagawa**

## **Religious Attitudes Of Japanese Men:**

**Religious Attitudes of Japanese Men : a Sociological Survey** Fernando M. Basabe, Anzai Shin, Federico Lanzaco, 1968      **Religious Attitudes of Japanese Men** Fernando M. Basabe, 1972      *Religious Attitudes of Japanese Men* Fernando M. Basabe, Shin Anzai, Federico Lanzaco, 1968      **Religious Attitudes of Japanese Men** Fernando M. Basabe, Shin Anzai, Federico Lanzaco, 1968      **Bibliography of Japanese New Religious Movements** Peter B Clarke, 2013-12-16 Containing some 1500 entries this new bibliography will be widely welcomed for its comprehensive brief and for the sub section profiling principal NRMs converging history beliefs and practices main publications branches worldwide and membership      *Bibliography of Japanese New Religions, with Annotations and an Introduction to Japanese New Religions at Home and Abroad* Peter Bernard Clarke, 1999 Containing some 1500 entries this new bibliography will be widely welcomed for its comprehensive brief and for the sub section profiling principal NRMs converging history beliefs and practices main publications branches worldwide and membership      **Religion in Japanese Daily Life** David C. Lewis, 2017-09-22 Are Japanese people religious and if so in what ways David Lewis addresses this question from the perspective of ordinary Japanese people in the context of their life cycles and explores why they engage in religious activities He not only discusses how Japanese people engage in different religious practices as they encounter new events in their lives but also analyses the attitudes and motivations behind their behaviour Activities such as fortune telling religious rites in the workplace ancestral rites and visits to shrines and temples are actually engaged in by many people who view themselves as non religious but express their motivations in terms other than the conventional religious ones This book outlines the religious options available and assesses why people choose particular religious activities at various times in their lives or in specific circumstances The author challenges some widespread assumptions about religion in urban and industrial contexts and also shows how some of the underlying motivations behind Japanese behaviour are expressed both in religious and non religious forms      **Japanese Religion and Society** Winston Davis, 1992-01-01 From case studies of Japanese life distills theories to explore how the religion culture and values are related to society social change and economic development Draws on the methodologies of sociology anthropology history and other disciplines and on interviews and observations as well as on published literature Paper edition unseen 16 95 Annotation copyrighted by Book News Inc Portland OR      **Christianity the Japanese Way** Caldarola, 2023-07-31      *Sociology of Japanese Religion* Morioka, Newell, 2022-09-12      **Transitions and Transformations in the History of Religions** Reynolds, TH.M. Ludwig, 2018-11-13      **Ideology and Practice in Modern Japan** Roger Goodman, Kirsten Refsing, 2002-09-11 The issue of how Japanese society operates and in particular why it has succeeded has generated a wide variety of explanatory models including the Confucian ethic classlessness group consciousness and uniqueness in areas as diverse as body images and language patterns In Ideology and Practice in Modern Japan the contributors examine these models and the ways in which they have sometimes been used to create a sense of

Japaneseness that obscures the fact that Japan is actually an extremely complex and heterogeneous society. In particular, practice at the micro level of society is explored to illuminate or express a broader ideology. The contributors investigate a wide variety of subjects from attitudes to death to the role of education from film making to gender segregation to see what can be said about the phenomenon in particular what it tells us about Japan in general and what conclusions can be drawn for our understanding of society in the broadest sense. *Religion and Societies* Carlo Caldarola, 2011-06-01. The series

Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics. Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media. In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series. **The Religious**

**Traditions of Asia** Joseph Kitagawa, 2013-09-05. This essential student textbook consists of seventeen sections all written by leading scholars in their different fields. They cover all the religious traditions of Southwest Asia Southeast Asia Central Asia Tibet and East Asia. The major traditions that are described and discussed are from the Southwest Hinduism Jainism Buddhism Sikhism and Islam and from the East Taoism Confucianism and Shinto. In addition the tradition of Bon in Tibet the shamanistic religions of Inner Asia and general Chinese Korean and Japanese religion are also given full coverage. The emphasis throughout is on clear description and analysis rather than evaluation. Ten maps are provided to add to the usefulness of this book which has its origin in the acclaimed Encyclopedia of Religion edited by Mircea Eliade of the University of Chicago. **Religion in Japanese History** Joseph M. Kitagawa, 1990-11-21. Tracing Japan's religions from the

Hein Period through the middle ages and into modernity this book explores the unique establishment of Shinto Buddhism and Confucianism in Japan as well as the later influence of Roman Catholicism and the problem of Restoration both spiritual and material following World War II. Rethinking Japan: Social sciences, ideology & thought Adriana Boscaro, Franco

Gatti, Massimo Raveri, 1990. First Published in 1995. Routledge is an imprint of Taylor Francis an informa company.

**Religion and Politics in Contemporary Japan** Anne Mette Fisker-Nielsen, 2012-06-25. Presenting a study of politics at grassroots level among young Japanese this book examines the alliance between the religious movement Soka Gakkai the Value creation Society and Komeito the Clean Government Party which shared power with the Liberal Democratic Party from 1999 to 2009. Drawing on primary research carried out among Komeito supporters the book focuses on the lives of supporters and voters in order to better understand the processes of democracy. It goes on to discuss what the political behaviour of young Komeito supporters tell us about the role of religious organizations such as Soka Gakkai in Japanese politics. Unlike most other books on politics in Japan which tend to concentrate on political elites this book provides extremely

valuable insights into political culture at the grassroots level      **Official and Popular Religion** Pieter Hendrik Vrijhof, Jacques Waardenburg, 2019-10-08 No detailed description available for Official and Popular Religion      **The Japan Daily Mail**, 1901      **Young Man Shinran** Takamichi Takahatake, 2006-01-01 The Japanese Pure Land master Shinran 1173 1262 was a product of his age His angst in the period of the decay of the Dharma his subsequent search for spiritual liberation and his ultimate discovery of the path of the nembutsu could not have occurred isolated from the social temper of his time any more than his religious thought could have developed beyond the fabric of traditional Japanese Buddhist teachings and practices This study concentrates on the relationship between Shinran s experiences in the first half of his life and his historical and social environment Both the boldness and subtlety of his ideas begin to emerge in this examination moving beyond the hagiographical limitations often characteristic of research into the Shin tradition Numerous Shinran studies have been bound by the limitations of either purely historical or religious philosophical analysis But these two approaches have rarely been combined and since Shinran s early life and his cultural environment together constitute not only the basis but also the matrix of his mature thought and practice such a combination reveals both the power of his ideas and the cultural factors that stimulated their development
