

George Eliot's Religious Imagination

A THEOPOETICS OF EVOLUTION

Marilyn Orr

Religious Imagination

Garrett Green

Religious Imagination:

Studies in Religious Imagination and Symbolism Albert D'Souza, 2005-01-01 **Imagining God** Garrett Green, 1989 *The Religious Imagination* Andrew M. Greeley, 1981 **THE RELIGIOUS IMAGINATION** Andrew M. Greeley, 1961 *Emily Dickinson and the Religious Imagination* Linda Freedman, 2011-09-01 Dickinson knew the Bible well She was profoundly aware of Christian theology and she was writing at a time when comparative religion was extremely popular This book is the first to consider Dickinson's religious imagery outside the dynamic of her personal faith and doubt It argues that religious myths and symbols from the sun god to the open tomb are essential to understanding the similitic movement of Dickinson's poetry the reach for a comparable though not identical experience in the struggles and wrongs of Abraham Jacob and Moses and the life death and resurrection of Christ Linda Freedman situates the poet within the context of American typology interprets her alongside contemporary and modern theology and makes important connections to Shakespeare and the British Romantics Dickinson emerges as a deeply troubled thinker who needs to be understood within both religious and Romantic traditions *The Religious Imagination of American Women* Mary Farrell Bednarowski, 1999-10-22 Explores five ideas that animate the theological imagination of women in religious communities throughout America ambivalence toward tradition the immanence or indwelling of the divine the sacredness of the ordinary and the ordinariness of the sacred the vision of the universe as a web of relationships and healing as a central function of religion back cover **Religious Imaginations** James Walters, 2018-12-15 Market globalization technology climate change and postcolonial political forces are together forging a new more modern world However caught up in the mix are some powerful religious narratives that are galvanizing peoples and reimagining and sometimes stifling the political and social order Some are repressive fundamentalist imaginations such as the so called Islamic Caliphate Others could be described as post religious such as the evolution of universal human rights out of the European Christian tradition But the question of the compatibility of these religious worldviews particularly those that have emerged out of the Abrahamic faith traditions is perhaps the most pressing issue in global stability today What scope for dialogue is there between the Jewish Muslim and Christian ways of imagining the future How can we engage with these multiple imaginations to create a shared and peaceful global society *Religious Imaginations* is an interdisciplinary volume of both new and well known scholars exploring how religious narratives interact with the contemporary geopolitical climate **Religious Imagination and the Body** Paula M. Cooley, 1994 Offering a feminist perspective on the significance of the body in the context of religious life and practice this treatise examines the evidence ranging from the novels of Toni Morrison to the paintings of Frida Kahlo **Politics and the Religious Imagination** John H.A. Dyck, Paul S. Rowe, Jens Zimmermann, 2010-06-10 *Politics and the Religious Imagination* is the product of a group of interdisciplinary scholars each analyzing the connections between religious narratives and the construction of regional and global politics combining a set of theoretical and philosophic insights with several case studies

that represent varied geographies and religious customs The past decade has seen increasing interest in the links between religion and politics and this edited volume seeks to take religion seriously as a motivator of action Few studies have attempted to bring together the multi disciplinary work in this burgeoning field of study and this work takes a global perspective using a variety of contexts including East West relations to analyze the following key themes the constructive and destructive hermeneutics of religious stories the relevance and importance of religion as a dominant political narrative the rise of new stories among groups as agents of change the way that religious narratives help to define and constrain the Other the manipulation of religious stories for political benefit This work argues that it is insufficient to judge the relationship of religion and politics through mere institutional or quantitative lenses and this collection proves that while this promise of the narrative part of the social imaginary has been recognized in political theory to a certain extent its influence in the realm of empirical political science has yet to be fully considered Combining the work of a wide range of experts this collection will be of great interests to scholars of politics philosophy religious studies and the literary influence of religion

Imagination in Religion LIT Verlag, 2021-01-07 Religion would be impossible without imagination Imagination provides content that otherwise escapes discourse and perception Thus it opens up a productive realm for creative involvement that keeps religion from sinking into trivialities or abstractions The contributions in the present volume explore in various ways potentialities and problems linked to imagination s role in the context of religion The book challenges readers to think again and think differently about imagination in religion which in itself involves the power of imagination The book opens up fresh perspectives on the interactive dynamics between imagination and various faculties or dimensions of life Imagination might be involved in thinking perceiving contemplation and in practices The contributors to the volume are all members of the Nordic Society for the Philosophy of Religion Espen Dahl Professor of Systematic Theology The Arctic University of Norway Troms Jan Olav Henriksen Professor of Philosophy of Religion MF Norwegian School of Theology Religion and Society Oslo Marius T Mjaaland Professor of Philosophy of Religion Faculty of Theology University of Oslo Norway

The History of Religious Imagination in Christian Platonism Christian Hengstmann, 2021-03-25 This collection provides the first in depth introduction to the theory of the religious imagination put forward by renowned philosopher Douglas Hedley from his earliest essays to his principal writings Featuring Hedley s inaugural lecture delivered at Cambridge University in 2018 the book sheds light on his robust concept of religious imagination as the chief power of the soul s knowledge of the Divine and reveals its importance in contemporary metaphysics ethics and politics Chapters trace the development of the religious imagination in Christian Platonism from Late Antiquity to British Romanticism drawing on Origen Henry More and Samuel Taylor Coleridge before providing a survey of alternative contemporary versions of the concept as outlined by Karl Rahner Ren Girard and William P Alston as well as within Indian philosophy By bringing Christian Platonist thought into dialogue with contemporary philosophy and theology the volume systematically reveals the relevance of Hedley s work to current

debates in religious epistemology and metaphysics It offers a comprehensive appraisal of the historical contribution of imagination to religious understanding and as such will be of great interest to philosophers theologians and historians alike

Religious Imagination James Patrick Mackey,1986 **Flannery O'Connor's Religious Imagination** George Kilcourse,2001 Reclaims Flannery O Connor s Catholic identity and culture as the key to interpreting her stories and novels

The Westminster Dictionary of Christian Theology Alan Richardson,John Bowden,1983-01-01 The Westminster Dictionary of Christian Theology is an important reference for any pastor scholar or student of theology The articles are clearly written historically informative and conceptually clarifying The entries are arranged alphabetically for ease of use **Theopoetic** Amos Niven Wilder,2001-10-01 Many today have difficulty in relating to religious language This can happen when we reduce religious meaning to a specific kind of spiritual experience or give undue importance to one aspect of human life The reduction of life to human will or intellect is often accompanied by the turn to mystical practices and cults Amos Wilder calls for a renewal of our deep religious imagination as we reflect on biblical faith and on the basic needs and longings of contemporary persons This requires a new appreciation for mystery and for deep speaking to deep Wilder assumes that the depths of biblical truth have scarcely begun to be plumbed and have untapped power to renew life even in our technological Western societies This requires that we go beyond the objective surface meaning to the deeper orientation Before the message the vision before the sermon the hymn before the prose the poem Amos Wilder Chapter titles 1 Theology and Theopoetic 2 The Recovery of the Sacred 3 Contemporary Mythologies and Theological Renewal 4 Traditional Pieties and the Religious Imagination 5 Ecstasy Imagination and Insight 6 Theopoetic and Mythopoetic Sparks of wit and insight make Theopoetic a notable monument to the ongoing vitality of Wilder s lifelong determination to remain faithful both to the biblical witness and the imperatives of the imagination Journal of the American Academy of Religion This is a wise and unpretentious book it offers no fancy programs or catchy formulas Its prescription for our spiritual illness far from being some esoteric pilgrimage is the long and unspectacular remedy of developing spiritual health The Christian Century For most of his career Amos Niven Wilder taught at Harvard Divinity School A former president of the Society of Biblical Literature his books remain influential in bringing together the disciplines of biblical studies theology literature and mythical imagination

Theology and Horror Brandon R. Grafius,John W. Morehead,2021-03-02 Scholars of religion have begun to explore horror and the monstrous not only within the confines of the biblical text or the traditions of religion but also as they proliferate into popular culture This exploration emerges from what has long been present in horror an engagement with the same questions that animate religious thought questions about the nature of the divine humanity s place in the universe the distribution of justice and what it means to live a good life among many others Such exploration often involves a theological conversation Theology and Horror Explorations of the Dark Religious Imagination pursues questions regarding non physical realities spaces where both divinity and horror dwell Through an exploration of theology and horror the contributors explore

how questions of spirituality divinity and religious structures are raised complicated and even sometimes answered at least partially by works of horror **Poetry and the Religious Imagination** Francesca Bugliani Knox, David

Lonsdale, 2018-02-12 What is the role of spiritual experience in poetry What are the marks of a religious imagination How close can the secular and the religious be brought together How do poetic imagination and religious beliefs interact Exploring such questions through the concept of the religious imagination this book integrates interdisciplinary research in the area of poetry on the one hand and theology philosophy and Christian spirituality on the other Established theologians philosophers literary critics and creative writers explain by way of contemporary and historical examples the primary role of the religious imagination in the writing as well as in the reading of poetry **The Religious Imagination and the Sense of God** John Bowker, 1978 *Holy Tears* Kimberley Christine Patton, John Stratton Hawley, 2005-07-25 What religion does not serve as a theater of tears *Holy Tears* addresses this all but universal phenomenon with passion and precision ranging from Mycenaean Greece up through the tragedy of 9 11 Sixteen authors including many leading voices in the study of religion offer essays on specific topics in religious weeping while also considering broader issues such as gender memory physiology and spontaneity A comprehensive elegantly written introduction offers a key to these topics Given the pervasiveness of its theme it is remarkable that this book is the first of its kind and it is long overdue The essays ask such questions as Is religious weeping primal or culturally constructed Is it universal Is it spontaneous Does God ever cry Is religious weeping altered by sexual or social roles Is it perhaps at once scripted and spontaneous private and communal Is it indeed divine The grief occasioned by 9 11 and violence in Afghanistan Iraq Israel and elsewhere offers a poignant context for this fascinating and richly detailed book *Holy Tears* concludes with a compelling meditation on the theology of weeping that emerged from pastoral responses to 9 11 as described in the editors interview with Reverend Betsee Parker who became head chaplain for the Office of the Chief Medical Examiner of New York City and leader of the multifaith chaplaincy team at Ground Zero The contributors are Diane Apostolos Cappelletti Amy Bard Herbert Basser Santha Bhattacharji William Chittick Gary Ebersole M David Eckel John Hawley Gay Lynch Jacob Ol pqn with Sol Aj b d Betsee Parker Kimberley Patton Nehemia Polen Kay Read and Kallistos Ware George Eliot's Religious Imagination Marilyn Orr, 2018-02-15 George Eliot's *Religious Imagination* addresses the much discussed question of Eliot's relation to Christianity in the wake of the sociocultural revolution triggered by the spread of theories of evolution The standard view is that the author of *Middlemarch* and *Silas Marner* lost her faith at this time of religious crisis Orr argues for a more nuanced understanding of the continuity of Eliot's work as one not shattered by science but shaped by its influence Orr's wide ranging and fascinating analysis situates George Eliot in the fertile intellectual landscape of the nineteenth century among thinkers as diverse as Ludwig Feuerbach David Strauss and S ren Kierkegaard She also argues for a connection between George Eliot and the twentieth century evolutionary Christian thinker Pierre Teilhard de Chardin Her analysis draws on the work of contemporary

philosopher Richard Kearney as well as writers on mysticism particularly Karl Rahner The book takes an original look at questions many believe settled encouraging readers to revisit George Eliot s work Orr illuminates the creative tension that still exists between science and religion a tension made fruitful through the exercise of the imagination Through close readings of Eliot s writings Orr demonstrates how deeply the novelist s religious imagination continued to operate in her fiction and poetry

Religious Imagination Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Religious Imagination**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
