Religious Kibbutz Movement In The Land Of Israel 1930-1948:

The Religious Kibbutz Movement in the Land of Israel, 1930-1948 Yosef Kats, 1999 This book looks at how kibbutzim fit into their surroundings and interact with their non religious neighbours and explores the religious settlement enterprise in the context of all Zionist settlements in Palestine between 1936 and 1948 **Judaism and Collective Life** Aryei Fishman, 2003-09-02 This book takes as its point of departure the historical fact that it was Orthodox pioneers of German origin in contrast to their Eastern European counterparts who successfully developed religious kibbutz life **Arthur Rupp and the Production of Pre-Israeli Culture** Etan Bloom, 2011-03-18 Rupp's immense contribution to the Zionist movement gave him the title The Father of Jewish Zionist settlement in Palestine Nevertheless the common narrative sets Rupp's historical persona in an ambivalent position and suppresses his formative role and heritage Part of the reason for this is that in many ways his history causes a crack to appear in the Zionist national cover stories **Judaism and Human Geography** Yossi Katz, 2021-05-11 Judaism is a religion and a way of life that combines beliefs as well as practical commandments and traditions encompassing all spheres of life Some of the numerous precepts emerge directly from the Torah the Law of Moses Others are commanded by Oral Law rulings of illustrious Jewish legal scholars throughout the generations and rabbinic responsa composed over hundreds of years and still being written today Like other religions Judaism has also developed unique symbols that have become virtually exclusive to it such as the Star of David and the menorah This book argues that Judaism impacts human geography in significant ways it shapes the environment and space of its believers thus creating a unique Jewish geography *Routledge Handbook on Zionism* Colin Shindler, 2024-06-28 This Handbook the first of its kind provides an in depth examination of the evolution ideology history and culture of Zionism and its various movements Distancing itself from the slogans and cliches of advocacy the volume provides much needed context and background on the emergence of Zionism The Handbook is divided into eight parts with contributions from some forty of the world's leading scholars on Zionism to elucidate its various strands These include underrepresented areas such as Zionism in the Arab World before the establishment of the State of Israel Zionism and Marxism the emergence of the Zionist Right the language war between Hebrew and Yiddish the struggle for Jewish women's suffrage the poetry of Lea Goldberg and Zionism in emerging new Jewish communities in locations like Papua New Guinea Guatemala and Zimbabwe Another section on Zionism in repressive states stretches from an examination of Zionism in Hitler's Germany to the Ayatollahs Iran today from subterranean Zionism in Stalin's Russia to apartheid South Africa The volume concludes by examining current issues including the relationship between evangelicals and Zionism in the US and the representation of Zionism in the age of the internet Providing a sweeping overview of Zionism in its many forms the volume will appeal to students researchers and general readers interested in Jewish studies in the Middle East and beyond as well as those seeking to understand the roots of contemporary Israel *Dynamics of Gender Borders* Sylvie Fogiel-Bijaoui, Rachel Sharaby, 2017-06-26 Resting on the

multifaceted and multicultural voices of women secular and religious old timers and newcomers at the center or on the periphery of their communities it brings into sharper focus rarely raised issues related to gender borders and to the private and public spheres Beyond the specific society they treat these essays contribute to our understanding of the social mechanisms that re produce gender inequality in modernity in its socialist capitalist or postindustrial versions They also provide additional evidence for the limits of any attempt to achieve gender equality by focusing on the transformation of women without challenging hegemonic masculinities

Mandated Landscape Roza El-Eini,2004-11-23 In this ground breaking authoritative study a highly documented and incisive analysis is made of the galvanising changes wrought to the people and landscape of British Mandated Palestine 1929 1948 Using a comprehensive and interdisciplinary approach the book s award winning author examines how the British imposed their rule dominated by the clashing dualities of their Mandate obligations towards the Arabs and the Jews and their own interests The rulers Empire wide conceptions of the White man s burden and preconceptions of the Holy Land were potent forces of change influencing their policies Lucidly written Mandated Landscape is also a rich source of information supported by numerous maps tables and illustrations and has 66 appendices a considerable bibliography and extensive index With a theoretical and historical backdrop the ramifications of British rule are highlighted in their impact on town planning agriculture forestry land the partition plans and a case study presenting discussions on such issues as development ecological shock law and the controversial division of village lands as the British operated in a politically turbulent climate often within their own administration This book is a major contribution to research on British Palestine and will interest those in Middle East history geography development and colonial postcolonial studies

The Battle for the Land Yosef Kats,2005 In 1901 the Zionist Organization founded the Jewish National Fund to purchase lands in the Land of Israel and transfer them to the ownership of the Jewish people The book before us examines and summarizes the JNFs land purchasing policies and endeavors from the establishment of the Fund to the establishment of the State of Israel in 1948 A major part of this essay centers on the period from 1936 to 1948 which were the most important years of the JNFs activities and during which it became almost the sole Jewish entity promoting this aspect of the building of the land of Israel During these years the JNF purchased about 600 000 dunams which constitute more than 60% of its acquisitions from its establishment to the establishment of the State The pivotal nature of the JNF during those years stems first and foremost from the recognition of its settlement endeavors by the top institutions of the Zionist Organization in promoting the political interests of the Zionist movement in the land of Israel The creation of actual real property owned by the Jewish people which also served as a foundation for settlement was a prerequisite for achieving a Jewish state Under its articles of association the lands purchased

by the JNF cannot be sold They were leased for the purpose of establishing agricultural and urban settlements and subsequently the State of Israel applied this principle to all its lands about 20 5 million dunams of which JNF lands now constitute about 13% *Journal of Palestine Studies* ,2003 A quarterly on Palestinian affairs and the Arab Israeli conflict
