*Religious Leaders and Faith-based Politics* Jo Renee Formicola, Hubert Morken, 2001 Religious Leaders and Faith Based Politics Ten Profiles offers a powerful and timely analysis of the dynamic relationship between religious leaders of all faiths and political activism in the United States By examining the lives and works of such prominent leaders as Reverend Floyd Flake Bishop T D Jakes Reverend Al Sharpton Elder Dallin H Oakes Rabbi Daniel Lapin Reverend Benjamin Chavis Muhammed and Sister Maureen Fiedler this volume reveals an American tradition of religious influence on public policy that continues to be an important hallmark of our democracy From the colonial era to the present religious leaders have raised Americans' moral and political awareness of countless issues including revolution slavery temperance civil rights and most recently the culture wars This book is the first to explore the renewed and intense commitment of evangelicals Catholics Muslims and Jews to preach teach and participate in politics today Among the questions answered in this book are religious leaders today as active and vocal as the radicals of the turbulent 1960s Are these activists still involved in civil rights or have other contentious topics such as abortion and traditional family values preempted such issues In the wake of the 2000 election and at the start of a new administration committed to elevating the role of religion in politics Jo Renee Formicola Hubert Morken and this prominent collection of contributors ask might we expect greater American religious involvement in the years ahead This is essential reading for anyone interested in religious and political activism or the evolving relationship between church and state in America

Gendering Religion and Politics H. Herzog, A. Braude, 2009-07-20 The aim of this book is to suggest an interdisciplinary perspective on the complex relations of gender religion and politics in light of paradigmatic shifts in theories of modernity and the growing body of studies on gender and religion

*Catholicism and American Freedom: A History* John T. McGreevy, 2004-09-17 A brilliant book which brings historical analysis of religion in American culture to a new level of insight and importance New York Times Book Review Catholicism and American Freedom is a groundbreaking historical account of the tensions and occasional alliances between Catholic and American understandings of a healthy society and the individual person including dramatic conflicts over issues such as slavery public education economic reform the movies contraception and abortion Putting scandals in the Church and the media's response in a much larger context this stimulating history is a model of nuanced scholarship and provocative reading

*Toward an Evangelical Public Policy* Ronald J. Sider, Diane Knippers, 2005-02 Deepens thinking about biblical and other conceptual foundations for political engagement in order to unify and give consistency to evangelicals involvement in politics

It's a New Day Scott Billingsley, 2008-04-22 Examines how popular American religious leaders navigate problems of race and gender in society

**The Politics of Values** Jo Renee Formicola, 2008 The Politics of Values shows how Evangelical moral influence morphed into public policy and partisan political support for the Republican Party It will show how the politics of values were used as a means to gain and hold political power and articulate how those who tried to implement the politics of

values in campaigns and public policy began to fall into disrepute. Due to their own arrogance and scandalous behavior many were voted out of elective office losing significant races in the 2006 mid term elections and leaving the Republican Party severely compromised for the 2008 Presidential election. This book argues that the ensuing erosion of the Evangelical Republican symbiosis will soon become more visible and powerful as growing demands for an emphasis on new spiritual values and adjusted political priorities. In short the nexus of conservative ideology religion and politics is imploding. In its place progressive alternatives are developing in fact some are already being presented to the voter by candidates who are motivated by new challenges and cultural directions.

**In the Days of Caesar** Amos Yong, 2010-09-14 *In the Days of Caesar* is a constructive political theology formulated in sustained dialogue with the Pentecostal and charismatic renewal one of the most vibrant religious movements at the beginning of the twenty first century. Amos Yong here argues that the many tongues practices and gifts of renewal Christianity offer up new resources for thinking about how Christian community can engage and transform the social political and economic structures of the world. Yong has three goals here. First he seeks to correct stereotypes of Pentecostalism both political and theological. Secondly he aims to provoke Pentecostals to reflect theologically from out of the depths of their own Pentecostalism rather than merely to adopt some framework for theological or political self understanding. Finally Yong shows that a distinctively Pentecostal form of theological reflection is not a parochial activity but has constructive potential to illuminate Christian belief and practice. This book's engagement with political theology from a Pentecostal perspective is the first of its kind.

*Religious Leaders and Faith-Based Politics* Jo Renee Formicola, Hubert Morken, 2001-08-28 *Religious Leaders and Faith Based Politics Ten Profiles* offers a powerful and timely analysis of the dynamic relationship between religious leaders of all faiths and political activism in the United States. By examining the lives and works of such prominent leaders as Reverend Floyd Flake Bishop T D Jakes Reverend Al Sharpton Elder Dallin H Oaks Rabbi Daniel Lapin Reverend Benjamin Chavis Muhammed and Sister Maureen Fiedler this volume reveals an American tradition of religious influence on public policy that continues to be an important hallmark of our democracy. From the colonial era to the present religious leaders have raised Americans moral and political awareness of countless issues including revolution slavery temperance civil rights and most recently the culture wars. This book is the first to explore the renewed and intense commitment of evangelicals Catholics Muslims and Jews to preach teach and participate in politics today. Among the questions answered in this book are religious leaders today as active and vocal as the radicals of the turbulent 1960s. Are these activists still involved in civil rights or have other contentious topics such as abortion and traditional family values preempted such issues. In the wake of the 2000 election and at the start of a new administration committed to elevating the role of religion in politics Jo Renee Formicola Hubert Morken and this prominent collection of contributors ask might we expect greater American religious involvement in the years ahead. This is essential reading for anyone interested in religious and political activism or the evolving relationship between church and state in America.
