Religious Right The Abault On Tolerance And Pluralism In America:

American Jewish Year Book, 1996. ,1995 The Library owns the volumes of the American Jewish Yearbook from 1899 current

Pernicious Tolerance Robert Weissberg,2017-07-05 Recent decades have seen a consistent effort by the American educational establishment to instruct schoolchildren about the importance of appreciating differences all in the name of tolerance so as to quell burgeoning hate In *Pernicious Tolerance* Robert Weissberg argues that educators endless obsession with homophobia sexism racism and other alleged hateful disorders is part of a much larger ongoing radical ideological quest to transform America by first capturing education In pursuing their objectives radical pedagogues have abandoned the idea of tolerance of what some find objectionable In its place they have adopted a fantasy that tolerance can be replaced with a blank check appreciation of diversity Weissberg argues that this approach is guaranteed to promote civil strife In rejecting a more workable version of tolerance today s professional educators risk civic disaster in an effort to achieve legitimacy for those they believe are unfairly marginalized stigmatized underappreciated and otherwise disdained Weissberg also addresses the issue of an ever expanding welfare state not only concerned with our material being but critically also with our mental health defined as beliefs about the vulnerable or victims in waiting women ethnic and racial minorities homosexuals and others He shows that this therapeutic state does not stop at imploring good thinking it goes much further and criminalizes evil thoughts as if thinking poorly of those at risk is tantamount to inflicting bodily harm There is substantial collateral damage in this quest for tolerance it facilitates intellectual sloth while raising anti intellectualism to an honored professional norm

Faith Or Fear Elliott Abrams,1997 The author addresses the loss of Jewish identity in a Christian Society and calls for Jews to return to their heritage

Standing with Israel David Brog,2006 Disc contains a 27 minute version and Trailer Obsession is a film about the threat of Radical Islam to Western Civilizations

The Antigay Agenda Didi Herman,2007-12-01 In *The Antigay Agenda* Didi Herman probes the values beliefs and rhetoric of the organizations of the Christian Right Tracing the emergence of their antigay agenda Herman explores how and why these groups made antigay activity a top priority and how it relates to their political history A penetrating analysis of the Christian Right s antigay agenda and of how that agenda is derived from the Christian Right s peculiar vision of American history and the Christian faith Rev Peter J Gomes Boston Book Review Public intellectualism at its best A comprehensive summary of the conservative Protestant worldview Michael Joseph Gross Boston Phoenix Literary Section Presents considerable information not previously part of the nation s political discourse Herman dissects the Christian Right s antigay stance dispassionately giving as it were the devil his due For anyone on either side of this passionate and important conflict that is an impressive accomplishment Hastings Wyman Jr Washington Post Book World

Commentary in American Life Murray Friedman,2005 *Commentary* magazine s impact on American life letters and politics

American Providence Stephen H. Webb,2004-10-22 The relationship between America and Christianity has never been so hotly contested as it is today

September 11 2001 and the war on terror have had an almost schismatic impact on the Church American Christians have been forced to ask the really hard questions about faith and politics While some Christians would rather not ask these questions at all they are unavoidable for a religion that seeks to speak to the whole world with the expectation of nothing less than global transformation Like it or not Christians have to take a stand on the issue of America s alleged imperialism not only because America is largely a product of the Christian imagination but also because the converse is true the growth of Christianity worldwide is largely shaped by American values and ideals American Providence makes the case that American Christianity is not an oxymoron It also makes the case for a robust doctrine of providence a doctrine that has been frequently neglected by American theologians due to their reluctance to claim any special status for the United States Webb goes right to the heart of this reluctance by defending the idea that American foreign policy should be seen as a vehicle of God s design for history

Christian Attitudes Towards the State of Israel Paul Charles Merkley,2001 During the 1947 United Nations debate on the future of Palestine world opinion was powerfully affected by news of the Holocaust and the plight of Jewish refugees creating a momentary humanitarian advantage that helped mobilize support for the creation of the state of Israel However almost as soon as it became clear that the Jews had won their war for independence anti Zionists within Christianity reasserted themselves A pro Arab bloc of Western missionaries at the World Council of Churches echoed the anti Zionism that has always characterized those churches which today constitute the Middle East Council of Churches while the Roman Catholic Church never friendly to Zionism advocated the internationalization of Jerusalem to diminish the Jewish presence in the heart of the Holy Land Mainstream Protestantism championed Palestinian nationalism and still does not hesitate to portray Israel as an oppressor but most evangelical Christians see Israel s restoration as a part of God s plan In *Christian Attitudes towards the State of Israel* Paul Merkley demonstrates that polarized opinion continues to affect how Israel is perceived today

Cooperative Argumentation Josina M. Makau,Debian L. Marty,2001-01-19 As the globe shrinks it is more important than ever to search for and discover ways for diverse groups to coexist peacefully This salient well researched text offers a practical guide for understanding and learning the skills and knowledge needed to participate effectively in cooperative argumentationa model for deliberative community Developing the capacity to engage meaningfully and successfully in cooperative argumentation across differences prepares individuals for ethical and effective deliberation in diverse twenty first century contexts The authors use a wide variety of examples to illustrate concrete proposals for cultivating moral abilities cognitive skills and communicative virtues

Paper Trail Ellen Goodman,2004 This rich collection of essays by the Pulitzer Prize winning columnist and New York Times bestselling author charts the seminal events issues and personalities that have shaped Americans lives over the past decade

For Crying Out Loud Diane Dujon,Ann Withorn,1996 Brings together the words of welfare mothers activists and advocates as well as scholars in a poignant and powerful challenge to the impoverishment of women

The Oxford Handbook of Religion and Race in American History Kathryn Gin Lum, Paul Harvey, 2018 The Oxford Handbook of Religion and Race in American History brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview for those interested in the role of religion and race in American history Thirty four scholars from the fields of History Religious Studies Sociology Anthropology and more investigate the complex interdependencies of religion and race from pre Columbian origins to the present The volume addresses the religious experience social realities theologies and sociologies of racialized groups in American religious history as well as the ways that religious myths institutions and practices contributed to their racialization Part One begins with a broad introductory survey outlining some of the major terms and explaining the intersections of race and religions in various traditions and cultures across time Part Two provides chronologically arranged accounts of specific historical periods that follow a narrative of religion and race through four plus centuries Taken together The Oxford Handbook of Religion and Race in American History provides a reliable scholarly text and resource to summarize and guide work in this subject and to help make sense of contemporary issues and dilemmas

American Evangelicals Today Corwin E. Smidt, 2015-02-03 American Evangelicals Today assesses the contemporary social religious and political characteristics of evangelical Protestants today and it does so in light of 1 whether these characteristics are similar to or different from the corresponding characteristics of adherents of other major faith traditions in American religious life and 2 the extent which these particular characteristics among evangelicals may have changed over the past four decades In addition it analyzes the extent which evangelicals are divided today and it does so within the framework of four potential factors that might shape such divisions racial ethnic differences generational differences educational differences and religious differences American Evangelicals Today is designed to serve as an accessible but scholarly overview of American evangelicals one that is appealing to all scholars students and laity alike Smidt offers a discussion of the nature of evangelical Protestantism highlights the particular analytical issues at play when one seeks to determine just who are to be classified as evangelicals and reveals some of the contradictory findings that can emerge through the use of these different analytical frameworks for defining evangelicals The volume not only analyzes the current characteristics of evangelicals in light of those exhibited by other religious traditions as well as how evangelicals

have changed over time but it looks toward the future addressing generational differences and other possible factors for change among evangelical Protestants *Unitarian Universalism* Zondervan,2009-12-15 Fast informed answers to the challenges of false religions This is an age when countless groups and movements new and old mark the religious landscape in our culture As a result many people are confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully the Zondervan Guide to Cults and Religious Movements series provides essential information and insights for their spiritual journeys The second wave of books in this series addresses a broad range of spiritual beliefs from non Trinitarian Christian sects to witchcraft and neo paganism to classic non Christian religions such as Buddhism and Hinduism All books but the summary volume Truth and Error contain five sections A concise introduction to the group being surveyed An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group Truth and Error the last book in the series consists of parallel doctrinal charts compiled from all the other volumes Three distinctives make this series especially useful to readers Information is carefully distilled to bring out truly essential points rather than requiring readers to sift their way through a sea of secondary details Information is presented in a clear easy to follow outline form with menu bar running heads This format greatly assists the reader in quickly locating topics and details of interest Each book meets the needs and skill levels of both nontechnical and technical readers providing an elementary level of refutation and progressing to a more advanced level using arguments based on the biblical text The writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood *Religious Diversity and the American Experience* Terrence W. Tilley,2007-05-25 This is a textbook intended for graduate and undergraduate students of theology on the topic of theology and religious diversityA textbook on the crucial theological question of our time religious pluralism rooted in the American experience **American Hour** Os Guinness,1993-05-30 An internationally known writer and speaker on religion and public life brilliantly analyzes the causes of our current moral malaise Os Guinness examines how perilously close we have come to losing the shared beliefs traditions and ideals that have helped shape America and sets forth a compelling view of a new role for religion and faith **American Journal of Islamic Social Sciences 11:2** Alparslan Apkgenc,Jamil Farooqui,Monzer Kahf,KathleenM. Moore, The American Journal of Islamic Social Sciences AJISS established in 1984 is a quarterly double blind peer reviewed and interdisciplinary journal published by the International Institute of Islamic Thought IIIT and distributed worldwide The journal showcases a wide variety of scholarly research on all facets of Islam and the Muslim world including subjects such as anthropology history philosophy and metaphysics politics psychology religious law and traditional Islam **Tolerance** Hans Oberdiek,2001 Tolerance while proving necessary in today s varied world can be grudgingly given and resentfully received Toleration may be necessary but it has little appeal and

certainly cannot serve as either a central or unifying doctrine in a thriving moral or political philosophy A deeper understanding of what tolerance requires leads us to see that it demands more Once we inculcate the attitude of tolerance in ourselves and our politics tolerance can occupy the difficult and contested It does not make sense for instance if we already fully accept a practice nor does it make sense if what we are asked to tolerate is intolerable we appeal to those inclined to be intolerant to soften their judgement to grant that what they disapprove can and should be permitted What needs to be done is to show how tolerance is rooted in an appealing moral and political theory Only then will toleration move beyond either simple expediency or grudging forbearance Jewish Action ,1993
