Religious Roots Of Rebellion

Stephen Strehle

Religious Roots Of Rebellion:

The Religious Roots of Rebellion Phillip Berryman, 2004-01-29 This is a provocative and important contribution to understanding the role of Catholicism in the struggle for justice in Central America Phillip Berryman writes with the sensitivity and passion of a Christian who has lived the biblical option for the poor Penny Lernoux *The Religious Roots of Rebellion* Phillip Berryman, 1984-01-01 *Convictions of the Soul* Sharon Erickson Nepstad, 2004-07-22 Many U S Christians were profoundly moved by the liberation struggles in Central America in the 1980s Most learned about the situation from missionaries who had worked in the area and witnessed the repression firsthand These missionaries Sharon Erickson Nepstad shows employed the institutional and cultural resources of Christianity to seize the attention of American congregations and remind them of the moral obligations of their faith Drawing on archival data and in depth interviews with activists in ten separate solidarity organizations around the country Nepstad offers a rich analysis of the experiences of religious leaders and church members in the solidarity movement She explores the moral meaning of protest and the ways in which clergy used religious rituals martyr stories and biblical teachings to establish a link between faith and activism She looks at the factors that transformed missionaries into skilled leaders who were able to translate the Central American conflicts into Christian themes and a religious language familiar to U S congregations She also offers insights into the unique challenges of organizing on the transnational level and shows how the solidarity movement made U S policy towards Central America one of the most hotly contested issues in American politics during the 1980s Unpacking the implications of her study for the field of collective action Nepstad stresses the importance of the individual human agents who shape and are shaped by the structures and cultures in which they operate She argues that working in and through the church gave supporters of solidarity moral credibility as well as a rich source of symbolic human and material resources that enabled them to reach across national borders motivating others to act upon their deeply held moral convictions Shedding new light on the genesis and evolution of this important activist movement *Convictions of the Soul* will be of interest to students and scholars of social movements religion and politics **A Radical Faith** Eileen Markey, 2016-11-08 On a hot and dusty December day in 1980 the bodies of four American women three of them Catholic nuns were pulled from a hastily dug grave in a field outside San Salvador They had been murdered two nights before by the US trained El Salvadoran military News of the killing shocked the American public and set off a decade of debate over Cold War policy in Latin America The women themselves became symbols and martyrs shorn of context and background In *A Radical Faith* journalist Eileen Markey breathes life back into one of these women Sister Maura Clarke Who was this woman in the dirt What led her to this vicious death so far from home Maura was raised in a tight knit Irish immigrant community in Queens New York during World War II She became a missionary as a means to a life outside her small orderly world and by the 1970s was organizing and marching for liberation alongside the poor of Nicaragua and El Salvador Maura s story offers a window into the evolution of postwar Catholicism

from an inward looking protective institution in the 1950s to a community of people grappling with what it meant to live with purpose in a shockingly violent world At its heart *A Radical Faith* is an intimate portrait of one woman's spiritual and political transformation and her courageous devotion to justice

The SAGE Handbook of the Sociology of Religion James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook's 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009

The War of Gods Michael Lowy, 1996-07-17 In the 1960s liberation theology addressed itself to the problems of a continent racked by poverty and oppression Comprising a network of localized communities and pastoral organizations it soon became something much more than a doctrinal current Liberationist Christianity defined itself in a multitude of social struggles particularly in Brazil and Central America

Liberal Christianity and Women's Global Activism Amanda Izzo, 2018-01-30 Religiously influenced social movements tend to be characterized as products of the conservative turn in Protestant and Catholic life in the latter part of the twentieth century with women's mobilizations centering on defense of the traditional family In *Liberal Christianity and Women's Global Activism* Amanda L Izzo argues that contrary to this view liberal wings of Christian churches have remained an instrumental presence in U S and transnational politics Women have been at the forefront of such efforts Focusing on the

histories of two highly influential groups the Young Women's Christian Association of the USA an interdenominational Protestant organization and the Maryknoll Sisters a Roman Catholic religious order Izzo offers new perspectives on the contributions of these women to transnational social movements women's history and religious studies as she traces the connections between turn of the century Christian women's reform culture and liberal and left wing religious social movements of the 1960s and 1970s Izzo suggests that shared ethical theological and institutional underpinnings can transcend denominational divides and that strategies for social change often associated with secular feminism have ties to spiritually inspired social movements

The Politics of the Spirit Timothy J. Steigenga, 2002-05-24 The Politics of the Spirit is a masterful study of the political effects of evangelical Protestantism in Central America Timothy Steigenga's thoughtfully crafted work questions whether the spread of Protestantism in Latin America has reinforced authoritarian elements in political culture or deepened nascent democracy Steigenga provides a thorough review of the literature on religion and politics in Latin America putting many of the hypotheses generated in this literature to the test through an analysis of comparative survey data and qualitative interviews Steigenga investigates the impact religious affiliation has on political activity and belief and the influence of cross denominational religious beliefs and practices on Latin American life His comparative work explores how different political systems the established democracy of Costa Rica and the transitional system of Guatemala impact the politics of religion This enlightening interdisciplinary book will appeal to scholars seeking to understand the relationships between religious and political change in Latin America

Priest Under Fire Peter M. Sánchez, 2015-12-09 Through interviews with David Rodriguez and a good helping of critical historical context Sanchez illustrates the extent to which some religious leaders played pivotal roles in the popular movement of El Salvador's political crisis of the 1970s and 1980s

Work, Protest, and Identity in Twentieth-century Latin America Vincent C. Peloso, 2003 This text takes a novel approach to labor Rather than examine the labor movement labor unions and labor organizing Work Protest and Identity in Twentieth Century Latin America sets work in the context of social history in Latin America It combines a chronological approach with a topical one to clarify how work is related to other themes in daily Latin American life themes such as gender race family life ethnicity immigration politics industrial and agricultural growth and religion The essays in this collection bring together original studies and published works that illustrate the tensions and conflicts between work identity and community that caused protest to take many different forms in Latin American countries Designed to give students a better appreciation for the complexity of the lives of the wage working sectors of society and the richness of their contributions to the cultures and nations of the region Work Protest and Identity in Twentieth Century Latin America is essential for courses on the social history of Latin America state formation labor and protest and surveys of modern Latin America

Crossing the River of Fire Wilf Wilde, 2006 In July 1934 Walter Brown went alone to the woodland pond He saw his girl swimming there He watched her floating and saw how white her skin was in the green water her belly her breasts her

pond tangled hair Then she turned over like an otter and dived down She did not come up again In July 1969 Sean Matthews finds himself in the very same woodland where he witnesses an event he later cannot bear to remember Two boys growing up in the same village thirty five years apart have each seen something they shouldn't Hailed by Salman Rushdie on the publication of her first novel *Pop Cryers Hill* confirms Kitty Aldridge as a writer of immense talent possessing the rare gift of enabling us to see the world anew

The Liberation of Christmas Richard A. Horsley, 2006-02-14 Current biblical scholarship tends to treat the nativity narratives as having little historical basis and to see in them illustrations of the particular theologies of Matthew and Luke Nonbiblical scholarship sees in these narratives only an adaptation of traditional folklore themes relating to the birth of the hero This leaves the ordinary Christian in a vacuum that the mass media and other commercial interests are only too anxious to fill *Liberating Christmas* shows that regardless of whether the nativity narratives are rooted in actual historical situations they do portray a particular network of social political relationships Thus Caesar ruled and taxed peoples such as the Jews through client kings such as Herod who ruled with sharply repressive violence But the narratives also celebrate the birth of a messiah who will finally liberate his people even though he and his family are driven into exile The Christmas stories as reappraised by this book have therefore important political implications implications not only about first century Palestine but about contemporary history as well These latter implications are brought out by an extensive analysis of the political economic domination exercised in much of Latin America by the United States domination maintained by client dictators who use death squads paralleling Herod's slaughter of innocents to terrorize and control the exploited peasants while driving members of basic Christian communities into exile *Liberating Christmas* has as much to say about the Pax Americana as the original nativity narratives had to say about the Pax Romana The story of Jesus is as important to ordinary readers today as it was when it was first told centuries ago

Fundamentalisms Comprehended Martin E. Marty, R. Scott Appleby, 2004-05 In this fifth volume of the Fundamentalism Project *Fundamentalisms Comprehended* the distinguished contributors return to and test the endeavor's beginning premise that fundamentalisms in all faiths share certain family resemblances Several of the essays reconsider the project's original definition of fundamentalism as a reactive absolutist and comprehensive mode of anti secular religious activism The book concludes with a capstone statement by R. Scott Appleby, Emmanuel Sivan and Gabriel Almond that builds upon the entire Fundamentalism Project Identifying different categories of fundamentalist movements and delineating four distinct patterns of fundamentalist behavior toward outsiders this statement provides an explanatory framework for understanding and comparing fundamentalisms around the world

Fundamentalisms Comprehended American Academy of Arts and Sciences, 1995-10-15 In this fifth volume of the Fundamentalism Project *Fundamentalisms Comprehended* the distinguished contributors return to and test the endeavor's beginning premise that fundamentalisms in all faiths share certain family resemblances Several of the essays reconsider the project's original definition of fundamentalism as a reactive absolutist and

comprehensive mode of anti secular religious activism The book concludes with a capstone statement by R Scott Appleby Emmanuel Sivan and Gabriel Almond that builds upon the entire Fundamentalism Project Identifying different categories of fundamentalist movements and delineating four distinct patterns of fundamentalist behavior toward outsiders this statement provides an explanatory framework for understanding and comparing fundamentalisms around the world *Sandinista Narratives* Jean-Pierre Reed,2020-10-21 Sandinista Narratives is an analysis of the role of agency in the Nicaraguan Revolution and its aftermath Jean Pierre Reed argues that the insurrection in Nicaragua was shaped by political contingency action specific subjectivity and popular culture He also examines how Sandinista ideology contributed to state building in Nicaragua while tracing the role of post revolutionary Sandinismo as a political identity **What Happens When We Practice Religion?** Robert Wuthnow,2020-05-19 An exploration of the interdisciplinary methods used to understand religious practice Religion is commonly viewed as something that people practice whether in the presence of others or alone But what do we mean exactly by practice What approaches help to answer this question What Happens When We Practice Religion delves into the central concepts arguments and tools used to understand religion today Throughout the past few decades the study of religion has shifted away from essentialist arguments that grandly purport to explain what religion is and why it exists Instead using methods from anthropology psychology religious studies and sociology scholars now focus on what people do and say their daily religious habits routines improvisations and adaptations Robert Wuthnow shows how four intersecting areas of inquiry situations intentions feelings and bodies shed important light on religious practice and he explores such topics as the role of religious experiences in sacred spaces gendered social relationships educational settings the arts meditation and ritual Suitable for undergraduate and graduate courses **What Happens When We Practice Religion** provides insights into the diverse ways that religion manifests in ordinary life Summarizes the latest theories and empirical methods of religious practice Shows how the study of religion has changed Includes chapters on theory situations intentions feelings and bodies Draws from anthropology psychology religious studies and sociology Accessible for undergraduate and graduate courses **Access To History: Great Britain and the Irish Question 1798-1921 Third Edition** Paul Adelman,Robert Pearce,2005-07-29 The second edition of this popular title provides both a narrative and analysis of the relationship between Great Britain and Ireland from its origins and the Act of Union in 1800 to the Anglo Irish settlement in 1922 Important events such as the Great Famine and the Easter Rising are explained and key figures such as Parnell Gladstone and O Connell are assessed This is an essential text for students studying this period to aid understanding of the complex but compelling issues that arose in Ireland and Britain during this period Throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined Summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips for each examination board provide the opportunity to develop exam skills World Trade Systems of the East and West Geoffrey C. Gunn,2017-11-13

In World Trade Systems of the East and West Geoffrey C Gunn profiles Nagasaki's historic role in mediating the Japanese bullion trade especially silver exchanged against Chinese and Vietnamese silk Founded in 1571 as the terminal port of the Portuguese Macau ships Nagasaki served as Japan's window to the world over long time and with the East West trade carried on by the Dutch and with even more vigor by the Chinese junk trade While the final expulsion of the Portuguese in 1646 characteristically defines the closed period of early modern Japanese history the real trade seclusion policy this work argues only came into place one century later when the Shogunate firmly grasped the true impact of the bullion trade upon the national economy

The Egalitarian Spirit of Christianity Stephen Strehle, 2017-09-08 Religion no longer plays a dominant role in the everyday consciousness of modern Western society Few people recognize the underlying role of religious beliefs and practices in their life choices Stephen Strehle shows the significance and ongoing influence of religion in contemporary life by revealing the sacred roots of modern political ideas in the sixteenth and seventeenth centuries He discusses the role of the church in government probing into the sources of democratic federal and egalitarian ideas on the continent of Europe during the Reformation The separation of church and state in America and the diminished power of the Church of England were the culmination of secular forces evolving since the Enlightenment This secular view of life represents the basic mentality of the culture and the government in general yet there is much to contradict it The last half of the twentieth century witnessed a surge of grassroots movements from all sides of the political religious spectrum These included the civil rights movement of the 1960s and the Moral Majority of the 1980s both of which provided an effective challenge to a simple separation of the two realms Strehle explores some of the most cherished political ideals of modern society including equality and democracy liberty and natural rights progress and capitalism federalism and mixed government He does not dismiss the vital contribution of other possible sources of inspiration from the world of religion or undermine the well established place of secular sources But he does show that certain ideas associated with the religious community have left an indelible mark upon significant aspects of the emerging American landscape

America's Religious History Thomas S. Kidd, 2019-11-12 Religion race and American history America's Religious History is an up to date narrative based introduction to the unique role of faith in American history Moving beyond present day polemics to understand the challenges and nuances of our religious past leading historian Thomas S Kidd interweaves religious history and key events from the larger story of American history including The Great Awakening The American Revolution Slavery and the Civil War Civil rights and church state controversy Immigration religious diversity and the culture wars Useful for both classroom and personal study America's Religious History provides a balanced authoritative assessment of how faith has shaped American life and politics

Decoding **Religious Roots Of Rebellion**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Religious Roots Of Rebellion Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Religious Roots Of Rebellion free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Religious Roots Of Rebellion free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Religious Roots Of Rebellion free PDF files is convenient, its

important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Religious Roots Of Rebellion. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Religious Roots Of Rebellion any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Religious Roots Of Rebellion Books

1. Where can I buy Religious Roots Of Rebellion books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Religious Roots Of Rebellion book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Religious Roots Of Rebellion books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
