Palmer, 2018-12-24 U S Trotskyism 1928 1965 Part III Resurgence Uneven and Combined Development is the third of a documentary trilogy on a revolutionary socialist split off from the U S Communist Party reflecting Leon Trotsky s confrontation with Stalinism in the global Communist movement Spanning 1954 to 1965 this volume surveys the Cold War era the civil rights and black liberation movements the third wave of feminism and other social and cultural developments of the 1950s and 1960s Documenting responses to a variety of anti colonial and revolutionary insurgencies the volume also surveys the crisis and decline of Stalinism Attention is given to internal debates and splits but also to the partial reunification of the international Trotskyist movement the Fourth International as well as substantial contributions to the study of history and the development of Marxist theory Scholars and activists will find much of interest in these primary sources Rethinking Revolution Leo Panitch, Greg Albo, 2016-12 One hundred years ago October 1917 galvanized leftists and oppressed peoples around the globe and became the lodestar for 20th century politics Today the left

needs to reckon with this legacy and transcend it Social change as it was understood in the 20th century appears now to be as impossible as revolution leaving the left to rethink the relationship between capitalist crises as well as the conceptual tension between revolution and reform Populated by an array of passionate thinkers and thoughtful activists Rethinking Revolution reappraises the historical effects of the Russian revolution positive and negative on political intellectual and cultural life and looks at consequent revolutions after 1917 Change needs to be understood in relation to the distinct trajectories of radical politics in different regions But the main purpose of this Socialist Register edition one century after Red October is to look forward to what might happen next Acclaimed authors interrogate and explore compelling issues including Greg Albo New socialist strategies or detours Jodi Dean Are the multitudes communing Revolutionary agency and political forms today Adolph Reed Are racial minorities revolutionary agents Zillah Eisenstein Revolutionary feminisms today Nina Power Accelerated technology decelerated revolution David Schwartzman Beyond global warming Is solar communism possible Andrea Malm Revolution and counter revolution in an era of climate change **African American Writers** Lynda Koolish, 2001 This volume of photos of African American authors highlights the diversity within African American literature and celebrates the many genres it explores 59 photos **The Journal of Negro Education** Charles Henry Thompson, 1981

The Politics of Black Empowerment James Jennings, 2000-01-08 The Politics of Black Empowerment uses the experiences of grassroots activists to develop various conceptualizations and explanations of Black political behavior today In analyzing Black politics since the late 1960s James Jennings focuses on both the behavioral aspects such as individual and group characteristics of voting and nonvoting and elections as well as more fundamental philosophical and cultural questions regarding Black politics This study examines how the traditional face of Black politics and electoral activism interacts with a growing progressive face of Black politics While traditional Black political activists seek access or political incorporation another group aims for power sharing The traditional approach is sometimes satisfied with merely replacing white politicians with Blacks but the progressive constituency focuses on fundamentally changing the whole economic and political pie Activists desirous of Black empowerment are pursuing a political and economic orientation that goes beyond programs based on access to American institutional arrangements and attempting to change or alter given political arrangements and social relations between Blacks and whites on the basis of changing the social structure and the distribution of wealth and power Based on interviews with Black and Latino activists in several big cities as well as on a review of the literature and the Black newspapers around the country The Politics of Black Empowerment describes the characteristics of Black empowerment activism in America **US Trotskyism 1928-1965. Part I: Emergence** Paul Le Blanc, Bryan D. Palmer, Thomas Bias, 2017-11-20 U S Trotskyism 1928 1965 Part I Emergence Left Opposition in the United States is the first of a documentary trilogy on a revolutionary socialist split off from the U S Communist Party reflecting Leon Trotsky s confrontation with Stalinism in the global Communist movement Spanning 1928 to 1940 this volume surveys important U S
