Reluctant Adversaries Canada And The Peoples Republic Of China 1949 1970:

Reluctant Adversaries Paul M. Evans, B. Michael Frolic, 1991 When the People's Republic of China was established in 1949 the Canadian government refused to recognize it centering its China policy over the next 20 years on the Nationalist Chinese government in Taiwan keeping one eye always on the much larger and lesser known republic Evans and Frolic have collected 10 original essays on Canada's relations with the larger China between 1949 and 1971 when Canada officially recognized the PRC An introduction by Evans sets the context Annotation copyrighted by Book News Inc Portland OR

Religion and Public Life in Canada Marguerite Van Die, 2001-01-01 As this collection of scholarly case studies reveals religion once played a major public role in all aspects of Canadian society including politics education and culture

Canadian Policy toward Khrushchev's Soviet Union Jamie Glazov, 2002-03-15 He details how the St Laurent government backed the shrewd calculations of the Department of External Affairs and emphasized the wisdom of the containment accommodation approach an approach that Glazov claims would help win the Cold War thirty five years later Glazov shows that the strategy of accommodation the main difference between Canadian and American Soviet policy was ultimately vindicated by the eventual ascendancy of a liberal Soviet leader Gorbachev which led to increased East West contact and Soviet liberalization phenomena that led directly to the West's victory in the Cold War Glazov's new assessment of Western policies toward Khrushchev's Russia is critical to our understanding of present day Russia since Gorbachev's democratization which led to the disintegration of the Soviet Union in 1991 had its origins in the Khrushchev thaw Canadian Policy toward Khrushchev's Soviet Union provides vital information to help answer the question of how the West should deal with Russia especially in the context of globalization one of the most urgent issues facing Canada and the Western world

China's Economic Relations with the West and Japan, 1949-79 Chad J. Mitcham, 2005 During the period 1949 to 1979 communist China was officially pursuing a policy of self sufficiency and the United States and its allies were officially implementing a trade embargo against communist China However this book based on extensive original research demonstrates that China was highly dependent on Western Japanese grain imports The text shows that groups lobbying on behalf of Western Japanese grain producers and related industries had successfully found ways of by passing the embargo This book charts the complicated picture of how economic relations between China the West and Japan developed in these years

China's Economic Relations with the West and Japan, 1949-1979 Chad Mitcham, 2005-09-16 During the period 1949 to 1979 communist China was officially pursuing a policy of self sufficiency and the United States and its allies were officially implementing a trade embargo against communist China However this book based on extensive original research demonstrates that China was highly dependent on Western Japanese grain imports The text shows that groups lobbying on behalf of Western Japanese grain producers and related industries had successfully found ways of by passing the embargo This book charts the complicated picture of how economic relations between China the West and Japan developed in these

years Canada and China B. Michael Frolic, 2022-03-31 Presenting a thorough record of Canada's diplomatic ties with China *Canada and China* recounts ten stories regarding China policy decisions made by the Canadian government These decisions describe key bilateral moves beginning with Pierre Trudeau's recognition of China in 1970 and ending fifty years later with his son Justin's attempt to reset a struggling relationship with China Rooted in archival research extensive interviews and the author's experience as a policy observer the book contributes to our understanding of how the Canada-China relationship has developed over time and how best to position Canada in future relations with China While present day relations with China are complicated the book deliberately seeks to provide a balanced perspective by showing both the positive and the more challenging aspects of relations with China Ultimately *Canada and China* recommends ways to manage future relations with China while also honouring the ties it developed over fifty years *China in International Society Since 1949* Y. Zhang, 1998-10-05 This book is a reinterpretation of China's international relations since 1949 Employing the notion and theory of international society it offers a systematic examination of China's unique relationship with the society of states from its alienation in the 1950s and the 1960s to its political socialisation and economic integration in the 1980s and the 1990s It explores how such a unique relationship has shaped and is likely to shape Chinese foreign policy This book provides an entirely new perspective for our understanding of forces influencing Chinese foreign policy behaviour **Cross Culture and Faith** Linfu Dong, 2005-01-01 In *Cross Culture and Faith* Linfu Dong sheds new light on the modern encounter between China and the West through Menzies's life work and thought *The Cross in the Dark Valley* A. Hamish Ion, 2006-01-01 In this pioneer study Ion investigates the experience of the Canadians who were part of the Protestant missionary movement in the Japanese Empire He sheds new light on the dramatic challenges faced by foreign missionaries and Japanese Christians alike in what was the watershed period in the religious history of twentieth century East Asia *The Cross in the Dark Valley* delivers significant lessons for Christian and missionary movements in Asia Africa the Americas and Europe which even now have to contend with oppression from authoritarian regimes and with hostility This new book by A Hamish Ion written with objectivity and scholarly competence will be of interest to all scholars of Japanese Canadian relations and missionary studies as well as to general historians The Practice of Power Rosemary Foot, 1995-09-21 This absorbing study examines the change in American relations with China after 1949 from hostility to rapprochement and to full normalization of the ties in 1979 Rosemary Foot goes on to examine the relationship after normalization a period when the United States has come to view China as less of a challenge but still resistant to certain of the norms of the current international order The book begins by examining US efforts to build and then maintain an international and domestic consensus behind its China policy It then looks at changing US perceptions of the capabilities of the Chinese state It shows how American positions on Chinese representation at the UN and on the trade embargo were subtly eroded not least by changes in US domestic public opinion The author argues that previous explanations of American relations with China have dwelt too single mindedly on ideas

associated with the strategic triangle and that instead we need to embed our understanding of the evolution of American relations with China within a wider structure of relationships at the global and domestic level. Reviews A valuable interpretative analysis of US People's Republic of China relationships she substantially contributes to post Soviet era theoretical understanding. Strongly recommended for courses in foreign policy, diplomatic history and international relations. Choice contains much that is valuable to those whose interests are primarily on the other side of the Pacific. The chapter on American public opinion and Chinese policy is also something which is not readily found in existing accounts of China. A post 1949 foreign relations Times Higher Education Supplement her analysis remains cautious and astute. The Economist

Pearson Norman Hillmer, 1999 Hillmer history Carleton U and a host of other scholars, journalists and government officials assess the legacy of Lester B Pearson, Canada's Prime Minister during the 1960s to mark the centenary of his birth. Pearson was tremendously successful during his diplomatic career, even winning a Nobel Peace Prize. He was also a controversial prime minister, and the authors examine all of the paradoxes and controversies of his tenure. Topics include Canadian national unity, Pearson's world view and theories of politics, his relationship with the media and his legacy. Annotation copyrighted by Book News Inc. Portland, OR

Elusive Refuge Laura Madokoro, 2016-09-26 Laura Madokoro recovers the lost history of millions of displaced Chinese who fled the Communist Revolution and recounts humanitarian efforts to find homes for them outside China. Entrenched bigotry in predominantly white countries, the spread of human rights, Cold War geopolitics and the Vietnam War shaped refugee policies that still hold sway

The Anglosphere Srdjan Vucetic, 2011-02-28 The Anglosphere refers to a community of English speaking states, nations and societies centered on Australia, Canada, New Zealand, the United Kingdom and the United States, which has profoundly influenced the direction of world history and fascinated countless observers. This book argues that the origins of the Anglosphere are racial. Drawing on theories of collective identity formation and framing the book, it develops a new framework for analyzing foreign policy, which it then evaluates in case studies related to fin de siècle imperialism: 1894-1903 the ill-fated Pacific Pact; 1950-1 the Suez crisis; 1956 the Vietnam escalation; 1964-5 and the run up to the Iraq war; 2002-3. Each case study highlights the contestations over state and empire, race and nation, and liberal internationalism and anti-Americanism, taking into consideration how they shaped international conflict and cooperation. In reconstructing the history of the Anglosphere, the book engages directly with the most recent debates in international relations scholarship and American foreign policy

Claws of the Panda Jonathan Manthorpe, 2024-05-04 Claws of the Panda tells the story of Canada's failure to construct a workable policy towards the People's Republic of China. In particular, the book tells of Ottawa's failure to recognize and confront the efforts by the Chinese Communist Party to infiltrate and influence Canadian institutions and to exert control over Canadians of Chinese heritage. It shows how Canadian leaders have constantly misjudged the reality of the relationship, while the CCP and its agents have benefited from Canadian naivete. The Expanded and Updated edition of Claws of the Panda arrives at a crucial point as

Canada's delusions about its friendly relations with the CCP have fallen apart since the book's initial publication. This edition sets out to uncover Ottawa's relationship with Beijing in light of the CCP regime's increasingly suspicious and belligerent relations with the US and Europe. The age of a distinctly Canadian bilateral relationship with Beijing is over. Camelot and Canada Asa McKercher, 2016-06-20. In 1958 Senator John F. Kennedy of Massachusetts proclaimed at the University of New Brunswick that Canada and the United States have carefully maintained the good fences that help make them good neighbours. He could not have foreseen that his presidency would be marked not just by some of the tensest moments of the Cold War but also by the most contentious moments in the Canadian-American relationship. Indeed, the 1963 Canadian federal election was marked by charges that the US government had engineered a plot to oust John Diefenbaker. Canada's nationalist prime minister, Camelot and Canada explores political, economic and military elements in Canada-US relations in the early 1960s. Asa McKercher challenges the prevailing view that US foreign policymakers including President Kennedy were imperious in their conduct toward Canada. Rather, he shows that the period continued to be marked by the special diplomatic relationship that characterized the early postwar years. Even as Diefenbaker's government pursued distinct foreign and economic policies, American officials acknowledged that Canadian objectives legitimately differed from their own and adjusted their policies accordingly. Moreover, for all its bluster, Ottawa rarely moved without weighing the impact that its initiatives might have on Washington. At the same time, McKercher illustrates that there were significant strains on the bilateral relationship which occurred as a result of mounting doubts in Canada about US leadership in the Cold War, growing Canadian nationalism and Canadian concern over their country's close economic, military and cultural ties with the United States. While personal clashes between the two leaders have become mythologized by historians and the public alike, the special relationship between their governments continued to function. *The Politics of Canadian Foreign Policy, Fourth Edition* Kim Richard Nossal, Stéphane Roussel, Stéphane Paquin, 2015-12-07. The fourth edition of this widely used text includes updates about the many changes that have occurred in Canadian foreign policy under Stephen Harper and the Conservatives between 2006 and 2015. Subjects discussed include the fading emphasis on internationalism, the rise of a new foreign policy agenda that is increasingly shaped by domestic political imperatives and the changing organization of Canada's foreign policy bureaucracy. As in previous editions, this volume analyzes the deeply political context of how foreign policy is made in Canada. Taking a broad historical perspective, Kim Nossal, Stéphane Roussel and Stéphane Paquin provide readers with the key foundations for the study of Canadian foreign policy. They argue that foreign policy is forged in the nexus of politics at three levels: the global, the domestic and the governmental, and that to understand how and why Canadian foreign policy looks the way it does, one must look at the interplay of all three. **Conflicting Visions** Ryan Touhey, 2015-05-15. In 1974 India shocked the world by detonating a nuclear device. In the diplomatic controversy that ensued, the Canadian government expressed outrage that India had extracted plutonium from a Canadian reactor donated only for peaceful

purposes In the aftermath relations between the two nations cooled considerably As *Conflicting Visions* reveals Canada and India's relationship was turbulent long before the first bomb blast From the time of India's independence from Britain Ottawa sought to build bridges between Indian and the West through dialogue and foreign aid New Delhi however had a different vision for its future and throughout the Cold War mistrust between the two nations deepened Ryan Touhey draws on archival records personal papers and interviews from Canada India the United States and Britain to trace the breakdown of this complicated bilateral relationship In the process he deepens our understanding of the history of Canadian foreign aid and international relations during the Cold War

Just Watch Me John English, 2010-09-07 This magnificent second volume written with exclusive access to Trudeau's private papers and letters completes what the *Globe and Mail* called the most illuminating Trudeau portrait yet written sweeping us from sixties Trudeaumania to his final days when he debated his faith His life is one of Canada's most engrossing stories John English reveals how for Trudeau style was as important as substance and how the controversial public figure intertwined with the charismatic private man and committed father He traces Trudeau's deep friendships with women especially many of them talented artists like Barbra Streisand and bitter enmities his marriage and family tragedy He illuminates his strengths and weaknesses from Trudeaumania to political disenchantment from his electrifying response to the kidnappings during the October Crisis to his all important patriation of the Canadian Constitution and his evolution to influential elder statesman

The Security Environment in the Asia-Pacific Hung-Mao Tien, Ten-jen Cheng, 2016-09-16 Multilateral security forums in the Asia Pacific region have evolved but bilateral defence alliances continue to form the principle pillars of national security for most nations in the region This text presents a survey of issues confronting the Asia Pacific region as it enters year 2000

Historical Dictionary of Canada Stephen Azzi, Barry M. Gough, 2021-04-15 Canada has become a leader among the modern nations of the world It has emerged as a modern industrial nation and as a key player in the resource commodities and financial institutions that make up today's world This third edition of the *Historical Dictionary of Canada* contains a chronology an introduction and an extensive bibliography It includes over 700 cross referenced entries on a wide range of topics covering the broad sweep of Canadian history from long before European contact until present day Topics include Indigenous peoples women religion regions politics international affairs arts and culture the environment the economy language and war This is an excellent resource for students researchers and anyone wanting to know more about Canada It introduces readers to the successes and failures the conflicts and accommodations the events and trends that have shaped Canadian history
