E. Smyth,2018-03-02 Looking back on her career in 1977 Bette Davis remembered with pride Women owned Hollywood for twenty years She had a point Between 1930 and 1950 over 40% of film industry employees were women 25% of all screenwriters were female one woman ran MGM behind the scenes over a dozen women worked as producers a woman headed the Screen Writers Guild three times and press claimed Hollywood was a generation or two ahead of the rest of the country in terms of gender equality and employment The first comprehensive history of Hollywood s high flying career women during the studio era Nobody s Girl Friday covers the impact of the executives producers editors writers agents designers directors and actresses who shaped Hollywood film production and style led their unions climbed to the top during the war and fought the blacklist Based on a decade of archival research author J E Smyth uncovers a formidable generation working within the American film industry and brings their voices back into the history of Hollywood Their achievements struggles and perspectives fundamentally challenge popular ideas about director based auteurism male dominance and female disempowerment in the years between First and Second Wave Feminism Nobody s Girl Friday is a revisionist history but it s also a deeply personal collective account of hundreds of working women the studios they worked for and the films they helped to make For many years historians and critics have insisted that both American feminism and the power of women in Hollywood declined and virtually disappeared from the 1920s through the 1960s But Smyth vindicates Bette Davis s claim The story of the women who called the shots in studio era Hollywood has never fully been told until now **Beyond the Epic** Gene D. Phillips,2006-11-24 Two time Academy Award winner Sir David Lean 1908 1991 was one of the most prominent directors of the twentieth century responsible for the classics The Bridge on the River Kwai 1957 Lawrence of Arabia 1962 and Doctor Zhivago 1965 British born Lean asserted himself in Hollywood as a major filmmaker with his epic storytelling and panoramic visions of history but he started out as a talented film editor and director in Great Britain As a

result he brought an art house mentality to blockbuster films Combining elements of biography and film criticism *Beyond the Epic The Life and Films of David Lean* uses screenplays and production histories to assess Lean's body of work Author Gene D Phillips interviews actors who worked with Lean and directors who knew him and their comments reveal new details about the director's life and career Phillips also explores Lean's lesser studied films such as *The Passionate Friends* 1949 *Hobson's Choice* 1954 and *Summertime* 1955 The result is an in depth examination of the director in cultural historical and cinematic contexts Lean's approach to filmmaking was far different than that of many of his contemporaries He chose his films carefully and as a result directed only sixteen films in a period of more than forty years Those films however have become some of the landmarks of motion picture history Lean is best known for his epics but Phillips also focuses on Lean's successful adaptations of famous works of literature including retellings of plays such as *Brief Encounter* 1945 and novels such as *Great Expectations* 1946 *Oliver Twist* 1948 and *A Passage to India* 1984 From expansive studies of war and strife to some of literature's greatest high comedies and domestic dramas Lean imbued all of his films with his unique creative vision Few directors can match Lean's ability to combine narrative sweep and psychological detail and Phillips goes beyond Lean's epics to reveal this unifying characteristic in the director's body of work *Beyond the Epic* is a vital assessment of a great director's artistic process and his place in the film industry

Ray, 2008-04-30 Speaking about the kind of filmmaking now known as Classic Hollywood, the most popular and influential cinema ever invented, Vincente Minnelli once gave away its secret: I feel that a picture that stays with you is made up of a hundred or more hidden things. They're things that the audience is not conscious of but that accumulate. What are those hidden things? Can we invent a method that will enable us to discover them? Robert Ray attempts to answer those questions by looking closely at four movies from the 1930-1945 period when the American studio system reached the peak of its economic and cultural power: *Grand Hotel*, *The Philadelphia Story*, *The Maltese Falcon*, and *Meet Me in St. Louis*. To avoid the predictable generalizations that have plagued film studies, Ray works with the movies' details: *Grand Hotel*'s room assignments or *Meet Me in St. Louis*'s ketchup, which are treated as mysterious but promising clues. By producing at least one entry for every letter of the alphabet, Ray demonstrates that a movie's details have much to tell us. **The ABCs of Classic Hollywood** is a movie primer, a deceptively simple book that spells out a fascinating account of the most powerful storytelling system ever designed.

Falling in Love at the Movies Esther Zuckerman, 2024-12-03 Prepare to swoon, ugly cry, laugh and fall in love with this officially licensed exploration of the impact and legacy of one of film's most beloved genres: the rom-com. Romantic comedies have had an incredible influence on popular culture, shaping everything from how we think of relationships to fashion. Often swept aside in film history, these movies are thought of as pure comfort viewing. Although they certainly provide those fuzzy feelings, they have also had a significant artistic influence and cultural impact. Spanning decades, from movies of the 1930s such as *It Happened One Night* and the rom-com craze of the 80s and 90s including *When Harry Met Sally*, all the way to contemporary hits like *Crazy Rich Asians* and everything in between, **Falling in Love at the Movies** will make you fall in love all over again with romantic comedies. Esther Zuckerman, accomplished entertainment journalist and member of the New York Film Critics Circle, takes readers on a journey through the rom-com. She examines the aspects that make us so drawn to these types of films, diving deep into the key auteurs from Preston Sturges to James L. Brooks to Nora Ephron and beyond, who both created and subverted the canon. These directors, actors, and writers shaped the genre, establishing and also busting traditional pillars and tenets of these movies, such as *The Perfect Pair* or *The Man in Crisis* and *The High Maintenance Woman*. Featuring full-color images from the films throughout, along the way Zuckerman takes detours, explores iconic lines of dialogue (Who could forget Julia Roberts' "I'm also just a girl standing in front of a boy asking him to love her" from *Notting Hill*), to memorable scenes (the magical moment at the Empire State Building in *Sleepless in Seattle*) and weaves in interviews of artists and romantic comedy fanatics in the industry. Looking beyond the traditional rom-com, Zuckerman digs into the nooks and crannies of the films that buck the trend of happily ever after, the ones that think beyond heteronormative narratives and the Indies that kept the rom-com alive outside of the studio system to offer a more comprehensive story of the rom-com than has ever been seen before.

and one that you're bound to love How's that for a happy ending

Sick and Dirty Michael Koresky, 2025-06-03 A blazingly original history celebrating the persistence of queerness onscreen behind the camera and between the lines during the dark days of the Hollywood Production Code From the 1930s to the 1960s the Motion Picture Production Code severely restricted what Hollywood cinema could depict This included any inference of the lives of homosexuals In a landmark 1981 book gay activist Vito Russo famously condemned Hollywood's censorship regime lambasting many midcentury films as the bigoted products of a celluloid closet But there is more to these movies than meets the eye In this insightful wildly entertaining book cinema historian Michael Koresky finds new meaning in problematic classics of the Code era like Hitchcock's *Rope* Minnelli's *Tea and Sympathy* and bookending the period and anchoring Koresky's narrative William Wyler's two adaptations of *The Children's Hour* Lillian Hellman's provocative hit play about a pair of schoolteachers accused of lesbianism Lifting up the underappreciated queer filmmakers writers and actors of the era Koresky finds artists who are long overdue for reevaluation Through his brilliant inquiry *Sick and Dirty* reveals the bad seeds of queer cinema to be surprisingly even gleefully subversive reminding us in an age of book bans and gag laws that nothing makes queerness speak louder than its opponents bids to silence it
