Thiel, 2013-05-14 Since the second half of the last century art historians realizing that the image of Rembrandt s work had become blurred with time have attempted to redefine the artist s significance both as a source of inspiration to other artists and as a great artist in his own right In order to carry on the work started by previous generations a group of leading Dutch art historians from the university and museum world joined forces in the late 1960s in order to study afresh the paintings usually ascribed to the artist The researchers came together in the Rembrandt Research Project which was established to provide the art world with a new standard reference work which would serve the community of art historians for the nearby and long future They examined the originals of all works attributed to Rembrandt taking full advantage of today s sophisticated techniques including radiography neutron activation autoradiography dendrochronology and paint sample analysis thereby gaining valuable insight into the genesis and condition of the paintings The result of this meticulous research is laid down chronologically in the following Volumes A Corpus of Rembrandt Paintings Volume I which deals with works from Rembrandt s early years in Leiden 1629 1631 published in 1982 THIS VOLUME A Corpus of Rembrandt Paintings

Volume II covering his first years in Amsterdam 1631-1634 published in 1986 A Corpus of Rembrandt Paintings Volume III goes into his later years of reputation 1635-1642 published in 1990 Each Volume consists of a number of Introductory Chapters as well as the full Catalogue of all paintings from the given time period attributed to Rembrandt In this catalogue each painting is discussed and examined in a detailed way comprising a descriptive an interpretative and a documentary section For the authenticity evaluation of the paintings three different categories are used to divide the works in A Paintings by Rembrandt B Paintings of which Rembrandt's authorship cannot be positively either accepted or rejected and C Paintings of which Rembrandt's authorship cannot be accepted This volume Volume II contains 900 pages starting of with five introductory chapters and discussing 101 paintings In clear and accessible explanatory text all different paintings are discussed larded with immaculate images of each painting Details are shown where possible as well as the results of modern day technical imaging

El arte de describir Svetlana Alpers, 2020-06-08 Publicada por primera vez en 1983 esta obra fundamental define nuevos paradigmas para el estudio del arte y permite pensar la contingencia de algunos de sus conceptos Alpers demuestra aquí que las prácticas artísticas del Renacimiento italiano no pueden aplicarse de forma universal los artistas holandeses comprometidos con un arte de describir organizaron formas de representación basadas en la percepción visual que no ocultan un significado discursivo y simbólico bajo su superficie sino que en ellas el sentido es esa propia superficie

Historia del arte y lucha de clases Nicos Hadjinicolaou, 1999-01-01 Podemos comprobar que la historia del arte es hoy salvo algunas raras excepciones dominada por un pensamiento apolítico incluso a veces reaccionario El propósito de esta obra es definir nuevamente el objeto de la ciencia de la historia del arte En la primera parte son refutados los conceptos dominantes sobre cuál es este objeto y a fin de definirlo Nicos Hadjinicolaou introduce algunas ideas que no encontramos en la historia académica del arte La historia del arte con pretensión marxista sufre ya sea de un liberalismo señalado por la negación del carácter de clase de las creaciones culturales ya sea de un dogmatismo que reduce toda imagen a los intereses económicos o políticos de una clase social El autor propone una nueva definición de estilo rompiendo con el psicologismo que domina los escritos sobre el arte y llega en sus análisis concretos de algunas pinturas clásicas Rembrandt David a darnos explicaciones nuevas Nacido en Salónica en 1938 Nicos Hadjinicolaou estudió historia del arte en Berlín Fribourg y Munich Desde 1965 en París ha proseguido sus estudios junto a Pierre Francastel Lucien Goldmann y Pierre Vilar en la Escuela Práctica de Altos Estudios

Reseñas

Una serie para tener muy en cuenta: Manuel Rodríguez Rivero, *Babelia*. Una historia en la que los protagonistas son las personas, los individuos y no tanto la abrumadora y fría erudición de los hechos y los datos. Fernando Prieto Arellano, *La Vanguardia*.
