Remember Cambodia:

Transitional Justice and Memory in Cambodia Peter Manning, 2017-06-26 Memories of violence suffering and atrocities in Cambodia are today being pulled in different directions A range of transitional justice practices have been put to work in the name of redressing restoring and renewing memory At the centre of this stage is the Extraordinary Chambers in the Courts of Cambodia ECCC a hybrid tribunal established to prosecute the leaders of the Khmer Rouge regime under which 1 6 million Cambodians died of hunger or disease or were executed This book unpicks the way memory is reconstructed through appeals to a national memory the legal reframing and coding of memories as crimes and bids to locate personal memories within collective biographies Analysing the techniques and interventions of the ECCC as well as exploring the role of non governmental organisations NGOs the book explores the relationships in which Cambodian communities navigate memories of political violence This book is essential for understanding transitional justice in Cambodia in and beyond the courtroom Transitional Justice and Memory in Cambodia shows that the governing logic of transitional justice interventions that societies are unable to deal with memories of atrocity and violence without some form of transitional justice mechanism neglects the complexity of memory and remembering in post atrocity contexts and the agency of the subjects to which such mechanisms are addressed Drawing on documentary sources legal transcripts interviews and participant observation data the book situates transitional justice processes in Cambodia within a wider context of social and cultural memory politics examining old and new conflicts of memory that have emerged between the varied accounts and uses of the past that exist in Cambodia now As such it will appeal to students and scholars in sociology human rights law and criminology

Landscape, Memory, and Post-Violence in Cambodia James A. Tyner, 2016-11-16 Between 1975 and 1979 the Khmer Rouge regime in Cambodia enacted a program of organized mass violence that resulted in the deaths of approximately one quarter of the country's population Over two million people died from torture execution disease and famine From the commodification of the killing fields of Choeung Ek to the hundreds of unmarked mass graves scattered across the country violence continues to shape the Cambodian landscape Landscape Memory and Post Violence in Cambodia explores the on going memorialization of violence As part of a broader engagement with war violence and critical heritage studies it explores how a legacy of organized mass violence becomes part of a cultural heritage and in the process how this heritage is produced Existing literature has addressed explicitly the impact of war and armed conflict on cultural heritage through the destruction of heritage sites This book inverts this concern by exploring what happens when sites of heritage violence are under threat It argues that the selective memorialization of Cambodia's violent heritage negates the everyday lived experiences of millions of Cambodians and diminishes the efforts to bring about social justice and reconciliation In doing so it develops a grounded conceptual understanding of post violence in conflict zones internationally

Memory, History, Nation Susannah Radstone, 2017-09-04 In the last decade a focus on memory in the human sciences has encouraged new approaches to the

study of the past As the humanities and social sciences have put into question their own claims to objectivity authority and universality memory has appeared to offer a way of engaging with knowledge of the past as inevitably partial subjective and local At the same time memory and memorial practices have become sites of contestation and the politics of memory are increasingly prominent This inter disciplinary volume demonstrates from a range of perspectives the complex cultural work and struggles over meaning that lie at the heart of what we call memory The chapters in this volume offer a complex awareness of the workings of memory and the ways in which different or changing histories may be explained They explore the relation between individual and social memory between real and imaginary event and fantasy history and myth Contradictory accounts or memories in direct contradiction to the historical record are not always the sign of a repressive authority attempting to cover something up The tension between memory as a safeguard against attempts to silence dissenting voices and memory s own implication in that silencing runs throughout the book Topics covered range from the Basque country to Cambodia from Hungary to South Africa from the Finnish Civil War to the cult Jim Jarmusch movie Dead Man from the Rock and Roll Hall of Fame to Australia Part I Transforming Memory is concerned primarily with the social and personal transmission of memory across time and generations Part II Remembering Suffering Trauma and History brings the after effects of catastrophe to the fore Part III Patterning the National Past the relation between nation and memory is the central issue Part IV And Then Silence reflects on the complex and multiple meaning of silence and oblivion wherein amnesia is often used as a figure for the denial of shamefu

Cambodia Now Karen J. Coates, 2014-08-23 Cambodia has never recovered from its Khmer Rouge past The genocidal regime of 1975 1979 and the following two decades of civil war ripped the country apart This work examines Cambodia in the aftermath focusing on Khmer people of all walks of life and examining through their eyes key facets of Cambodian society including the ancient Angkor legacy relations with neighboring countries particularly the strained ones with the Vietnamese emerging democracy psychology violence health family poverty the environment and the nation s future Along with print sources research is drawn from hundreds of interviews with Cambodians including farmers royalty beggars teachers monks orphanage heads politicians and non native experts on Cambodia Dozens of exquisite photographs of Cambodian people and places illustrate the work which concludes with a glossary of Cambodian words people places and names and an appendix of organizations providing aid to Cambodia

Cambodia's China Strategy Chanborey Cheunboran, 2021-06-21 This book explores the tensions within Cambodia s foreign policy between a tight alignment with China on the one hand and Cambodia s commitment to the Association of the Southeast Asian Nations ASEAN as well as its delicate foreign policy diversification towards other major powers on the other hand It traces the long history of Cambodia s quest for survival from its bigger and historically antagonistic neighbours the Thai and the Vietnamese and its struggle for security and independence from the two neighbours and external major powers particularly the United States and China It discusses Cambodia s geopolitical predicaments deriving from its location of

being sandwiched between powerful neighbours and limited strategic options available for the Kingdom The book also assesses recent developments in Cambodia's relations with its neighbours and their implications for Cambodia's increasingly tight alignment with China in recent years It considers the extent to which the ruling regime in Cambodia depends on strong relations with China for its legitimacy and survival and argues that there are risks and danger for Cambodia in moving towards an increasingly tight alignment with China

(Re)Constructing Memory: Education, Identity, and Conflict Michelle J. Bellino, James H. Williams, 2017-02-08 How do schools protect young people and call on the youngest citizens to respond to violent conflict and division operating outside and sometimes within school walls What kinds of curricular representations of conflict contribute to the construction of national identity and what kinds of encounters challenge presumed boundaries between us and them Through contemporary and historical case studies drawn from Cambodia Egypt Northern Ireland Peru and Rwanda among others this collection explores how societies experiencing armed conflict and its aftermath imagine education as a space for forging collective identity peace and stability and national citizenship In some contexts the erasure of conflict and the homogenization of difference are central to shaping national identities and attitudes In other cases collective memory of conflict functions as a central organizing frame through which citizenship and national identity are reconstructed with embedded messages about who belongs and how social belonging is achieved The essays in this volume illuminate varied and complex inter relationships between education conflict and national identity while accounting for ways in which policymakers teachers youth and community members replicate resist and transform conflict through everyday interactions in educational spaces

Trauma, Memory and Transformation Sharon A. Bong, 2017 Different forms of trauma affect many millions of people Trauma also helps to shape individual and collective memories This innovative book explores how traumatic occurrences and processes are remembered Using examples from well known events like the Khmer Rouge genocide in Cambodia the Indian Ocean tsunami in Aceh and civil conflict in southern Thailand and Aceh as well as the experiences of comfort women in the Philippines ethnic minority students and interreligious tensions in Malaysia the contributors examine how people face survive and make sense of the frictions and violence in their lives Embracing history ethnography textual analysis storytelling and art the multidisciplinary perspective enables a deeper understanding of both traumatic stress and the structures of memory Trauma Memory and Transformation also moves the discussion of traumatic memory away from paralysis and towards transformative action in the ways that memories of catastrophe can be reimagined as forms of resistance or even peace This original book will be essential reading for all those interested in the study of memory in the Southeast Asian context

Cambodia Pou Sothirak, 2003-08-01 In the 20 years since the Paris accords of 1991 brought peace to Cambodia the country has undergone what can only be described as astounding change From a polity where the entire fabric of society had been rent asunder through years of war and genocide contemporary Cambodia is fast becoming a vibrant state and assuming a new position in the Asia Pacific region The contributions to this volume many by

prominent figures who were intimately connected with the process describe the diverse strands of mediation and peace building which went into the creation of the 1991 accords The subsequent role of UNTAC and the 1993 general elections in the process of Cambodian revival and social rebuilding are also described While not denying that obstacles and difficulties remain the contributions outline the evolving economic political religious and human resource situations within Cambodia while also examining the country s contemporary international relations This book constitutes a particularly fitting testament to the 20 years of Cambodian reconstruction which have followed the 1991 peace accords *Voice of a Voyage* Doann Houghton-Alico,2016-03-01 In 2001 sixty year old author Doann Houghton Alico and her husband embarked on a ten year sailing circumnavigation visiting forty one countries and sailing over 43 000 nautical miles As an award winning author of both technical books and poetry she brings her love of research into the tangents of the stories she encountered and her lyrical voice to create a picture of the world few of us know The author an adept observer and an enthusiastic participant in what life has to offer writes of her love of the sea at night far away from land but she also describes such exotic places as remote islands of the South Pacific where black magic and wives bought for three boar tusks are the norm She evokes the spirit of people and places by revisiting their cultural and natural history and exploring beneath the surface Her portrayals are riveting drawing the reader quickly into an intimate chronicle of tragedy and beauty Doann s poetry and photographs add additional dimensions to her evocative writing Doann relishes places like the sandy forbidding uninterrupted views of the Sudanese desert from the marsas inlets of the Red Sea where flamingoes and camels abound but also addresses the more serious issues she witnessed such as survival in areas of exploding populations decreasing food supplies climate change and the impact of war She describes both in a visceral yet insightful way Her inquisitiveness the allure of exploration and a strong curiosity about the world inspire her writing Whether floating in the sea eye to eye with a humpback whale escaping pirates or drinking tea in a bombed out Eritrean alley with refugees Doann takes you there Pearl Mary Gordon,2006-04-11 On Christmas night of 1998 Maria Meyers learns that her twenty year old daughter Pearl has chained herself outside the American embassy in Dublin where she intends to starve herself to death Although Maria was once a student radical and still proudly lives by her beliefs gentle book loving Pearl has never been interested in politics nor in the Catholicism her mother rejected years before What then is driving her to martyr herself Shaken by this mystery Maria and her childhood friend and Pearl s surrogate father Joseph Kasperman both rush to Pearl s side As Mary Gordon tells the story of the bonds among them she takes us deep into the labyrinths of maternal love religious faith and Ireland s tragic history Pearl is a grand and emotionally daring novel of ideas told with the tension of a thriller Crisis of the Third World Refugees United States. Congress. House. Select Committee on Hunger,1990 *The Handbook of Contemporary Cambodia* Katherine Brickell,Simon Springer,2016-09-13 Offering a comprehensive overview of the current situation in the country The Handbook of Contemporary Cambodia provides a broad coverage of social cultural political and economic development

within both rural and urban contexts during the last decade A detailed introduction places Cambodia within its global and regional frame and the handbook is then divided into five thematic sections Political and Economic Tensions Rural Developments Urban Conflicts Social Processes Cultural Currents The first section looks at the major political implications and tensions that have occurred in Cambodia as well as the changing parameters of its economic profile The handbook then highlights the major developments that are unfolding within the rural sphere before moving on to consider how cities in Cambodia and particularly Phnom Penh have become primary sites of change The fourth section covers the major processes that have shaped social understandings of the country and how Cambodians have come to understand themselves in relation to each other and the outside world Section five analyses the cultural dimensions of Cambodia s current experience and how identity comes into contact with and responds to other cultural themes Bringing together a team of leading scholars on Cambodia the handbook presents an understanding of how sociocultural and political economic processes in the country have evolved It is a cutting edge and interdisciplinary resource for scholars and students of Southeast Asian Studies as well as policymakers sociologists and political scientists with an interest in contemporary Cambodia
