Anarchism, the Republic and Civil War in Spain: 1931-1939 Julián Casanova,2014-04-09 The Spanish Civil War became the setting for the struggle between revolution and counter revolution as well as being for many outsiders the place of armed conflict between the forces of democracy and fascism This book is a path breaking synthesis of political social and cultural history concerning the anarchist revolution during the Spanish Civil War by Spain s leading historian of the Civil War *Italian Intervention in the Spanish Civil War* John F. Coverdale,2015-03-08 Using hitherto unavailable material from the Italian foreign ministry Franco s headquarters and Mussolini s secretariat John F Coverdale traces the development of Italo Spanish relations from the beginning of the Fascist regime His analysis reveals that traditional foreign policy outweighed ideological and internal political considerations in Mussolini s decision making John F Coverdale finds that while Italy s support was essential to Franco s victory Rome exercised very little influence on his decisions The author concludes that participation in the Spanish Civil War was less important than is generally believed in determining Italy s entrance into World War II on Hitler s side and that it did not significantly weaken her armed forces Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Fighting For Franco Judith Keene,2007-04-10 During the Spanish Civil War many groups on the European right were galvanised by the Nationalist cause This book recounts the experiences of a number of foreign volunteers all of whom saw their engagement in Spain as a means of promoting their own political causes at home *Revolution and the State* Danny Evans,2018-05-08 This book analyses the processes of revolution and state reconstruction that took place in the Republican zone during the Spanish civil war It focuses on the radical anarchists who sought to advance the revolutionary agenda Their activity came into conflict with the leaders of the libertarian organisations committed to the reconstruction of the Republican state following its near collapse in July 1936 This process implied participation not only in the organs of governance but also

in the ideological reconstitution of the Republic as a patriarchal and national entity Using original sources the book shows that the opposition to this process was both broader and more ideologically consistent than has hitherto been assumed and that in spite of its heterogeneity it united around a common revolutionary programme This resistance to state reconstruction was informed by the essential insight of anarchism that the function and purpose of the modern state cannot be transformed from within By situating the struggles of the radical anarchists within the contested process of state reconstruction the book affirms the continued relevance of this insight to the study of the Spanish revolution [Pages from Italian Anarchist History](#)

Andrea Ferrari, Aldo Aguzzi, 1995 An account of the anti fascist resistance inside Italy and of the struggle against Stalinism during the Spanish Civil War [Fascist Italy in the Spanish Civil War, 1936-1939](#) Javier Rodrigo, 2021-04-22 In this highly important book Javier Rodrigo examines the role of Fascist Italy in the Spanish Civil War from 1936 to 1939 Fascist Italy's intervention in the Spanish Civil War to provide material strategic and diplomatic assistance led to Italy becoming a belligerent in the conflict Following the unsuccessful military coup of July 1936 and the insurgents subsequent failure to take Madrid the Corps of Voluntary Troops CTV Corpo Truppe Volontarie was created in the words of an Italian fascist anthem to liberate Spain usher in a new History make the peoples oppressed by the Reds smile again and build a fascist Europe Far from being insignificant or trivial the intervention of Fascist Italy and Italian fascists on Spanish soil must be seen as one of the key aspects which contribute to the Spanish conflict's status as an epitome of the twentieth century Drawing on sources ranging from ministerial orders to soldiers diaries this book reconstructs the evangelisation of fascism in Spain This book is the first important study on Fascist Italy's role in the conflict to appear in English in over 45 years It examines Italian intervention from angles unfamiliar to English speaking readers and will be useful to students of history and scholars interested in twentieth century Europe fascism and the international dimension of the Spanish Civil War **The Revolution and the Civil War in Spain** Pierre Broué, Émile Témime, 1972 First published in France in 1961 as *La Revolution et la guerre d Espagne* this book explains the major issues of the Spanish Civil War in a remarkably clear and comprehensive fashion The authors focus on the internal affairs of the Republic and the Anarchist collective experiments in particular For further description the book is best served by its critics The Broué Témime work is the best general interpretation available concerning both the revolution of 1936 and the war It is especially valuable for analysis of the CNT the POUM and the anarchists in both the industrial and rural areas of Catalonia It contains rich chapters on the first days of the war in the large cities and on the May 1937 struggle in the streets of Barcelona Gabriel Jackson *Hispanic American Historical Review* This by contrast with the work of Hugh Thomas is what gives weight to the fine works of Pierre Broué the effort by which he constructs a Spanish war where events parties and men the motives that guided them the difficulties they encountered their feelings debates ideas and sacrifices are arranged and told in order to make them comprehensible Jean Pierre Peter *Annales Economies Societes Civilisations* Broué has prepared the first half of the book dealing with the Spanish background the

revolution and the first year of the war He gives a particularly good treatment of the origins of the Spanish Communist party In the second half of this composite work Temime has presented a clear concise and perceptive account of the military events in the last two years of the war and of the construction of Franco s authoritarian state Stanley G Payne Journal of Modern History **Anarchists in the Spanish Civil War** Robert Jackson Alexander, Death in the Olive Groves Arthur H.
