conventional therapy fails to understand In this luminous deeply moving book Rogers reveals how she has helped many girls find expression and healing for the sexual trauma that has shattered their childhoods Rogers opens with a harrowing account of her own emotional collapse in childhood and goes on to illustrate its significance to how she hears and understands trauma in her clinical work Years after her breakdown when she discovered the brilliant work of French psychoanalyst Jacques Lacan Rogers at last had the key she needed to unlock the secrets of the unsayable With Lacan s theory of language and its layered associations as her guide Rogers was able to make startling connections with seemingly unreachable girls who had lost years of childhood who had endured the unspeakable in silence At the heart of the book is the searing portrait of the girl Rogers calls Ellen brutally abused for three years by her teenage male babysitter Over the course of seven years of therapy Rogers helped Ellen find words for the terrible things that had happened to her face up to the unconscious patterns through which she replayed the trauma and learn to live beyond the shadows of the past Through Ellen s story Rogers illuminates the complex intimate unraveling of trauma between therapist and child as painful truths and their consequences come to light in unexpected ways Like Judith Herman s *Trauma and Recovery* and Kay Redfield Jamison s *An Unquiet Mind* *The Unsayable* is a book with the power to change the way we think about suffering and self expression For those who have experienced psychological trauma and for those who yearn to help this brave compelling book will be a touchstone of lucid understanding and true healing

*Confessions of the Critics* H. Aram Veaser,2014-05-01 *The Confessions of the Critics* shatters a certain silence Autobiographical criticism has until now skated relatively free from the challenges that usually assail a new literary critical method It has had this immunity from critique largely because feminists and third world liberation fighters such as Alice Walker Adrienne Rich and Jane Gallop ushered it to the North American academic stage

Other women and men including Rigoberta Menchu Nawal al Sadawi Mahasweta Devi and Malcolm X wrote in the tradition and genre of testimonio. These and other unimpeachably militant backgrounds gave confessional criticism a certain cache among the largely liberal community of literary scholars. We have hesitated to express misgivings about a form that seemed intrinsically tied to the most vital, powerful strivings. Telling stories about one's own past is probably our culture's richest way of characterizing the effects of social injustice and developing what it takes to resist various kinds of victimage, writes contributor Charles Altieri. *Confessions of the Critics* provides a revealing look into the thoughts and experiences of some of the most influential and important critics of the 20th century. The writers included avoid pretention and gross self-misrepresentation, giving way to raw, sometimes embarrassing, always wholly believable emotion. Describing cumulative literary shocks and episodes of self-recognition, contributors offer insights to their ruling passions and works. Powerful sensations, emotions, recognitions, and revelations make up the heart of *Confessions of the Critics*. It is a book that none will put aside or easily forget.

Contributors: Charles Altieri, William Andrews, Michael F. Berube, Timothy Brennan, Gillian Brown, Cathy Davidson, Elizabeth Fox-Genovese, Diane Freedman, Marjorie Garber, Gerald Graff, Stephen J. **The Foundation and Future of Feminist Therapy** Marcia Hill, Mary Ballou, 2013-04-03

Explore the obstacles and challenges involved in bringing feminist values and techniques into mainstream therapy. Feminist therapy has been challenging mainstream therapy thinking and practice for the past thirty years. *The Foundation and Future of Feminist Therapy* is the first book to provide a summary and compilation of that history. It describes the work of the major contributors, early and recent, and gives a terrific overview of the rich and radical development of feminist therapy from a variety of perspectives. *The Foundation and Future of Feminist Therapy* honors the work of women such as Laura Brown, Iris Fodor, Miriam Greenspan, Hannah Lerman, and Lenore Walker, who developed and who continue to develop feminist therapy theory and practice. This book breaks new ground by envisioning a feminist-informed future in the areas of therapy practice, the education of therapists, and community. It also provides an unflinching look at the challenges and threats to developing that future and offers suggestions for action. *The Foundation and Future of Feminist Therapy* includes the work of past and present contributors to feminist theory on topics such as the complex intertwining of gender and other oppressions, the impact of race and ethnicity, the effects of sexual orientation, age, class, disability, and refugee and immigrant status, discussions about violence against women, feminist theory from a wide range of perspectives, from relational-cultural to multicultural theory, perspectives on trauma, the discussions at a conference that imagined a future informed by feminist principles, and much more. For those interested in feminist therapy theory, *The Foundation and Future of Feminist Therapy* is an excellent starting point, and many references are provided for readers who

want to pursue specific topics further This book will interest practicing therapists at all levels including psychologists counselors and social workers It is also appropriate as a textbook for women s studies psychology of women counseling psychology and social work classes Minding the Body Patricia Foster,2011-05-18 A multicultural anthology of fiction and non fiction literary narratives which addresses the psychological and political aspects of a woman s body in today s culture An important and much needed book for women who seek to understand their bodies and find independent imaginative ways to cope with aging beauty expectations beauty expectations and ethnic comparisons
