Remembrance And Reconciliation Encounters Between Young Jews And Germans:

Remembrance and Reconciliation Björn Krondorfer,1995 **Remembrance and Reconciliation** Björn

Krondorfer,1995-01-01 The author a German living in the USA analyzes the guilt anger embarrassment shame and anxiety experienced by third generation Jews and Germans and attempts to describe the processes by which these grandchildren of the Holocaust have moved towards a better relationship **Jews, Christians and Muslims in Encounter** Edward

Kessler,2013 This book reflects on one of the most pressing challenges of our time the current and historical relationships that exist between the faith traditions of Judaism Christianity and Islam Kessler s writings shed light on common purpose as well as how to manage difference **Reconciling Enemy States in Europe and Asia** Seunghoon Emilia Heo,2012-04-24

Heo conceptualizes reconciliation in International Relations theory and fills a gap by building a theoretical framework for interstate reconciliation Combining historical and political scientific approaches she analyses case studies from Europe the Middle East and Northeast Asia **Generational Shifts in Contemporary German Culture** Laurel Cohen-Pfister,Susanne

Vees-Gulani,2010 The concept of the generation in today s German culture and literature and its role in German identity In the debates since 1945 on German history and culture the concept of generations has become ever more prominent Recent and ongoing shifts in how the various generations are seen and see themselves in relation to historyand to each other have taken on key importance in contemporary German cultural studies The seismic events of twentieth century German history are no longer solely first generational lived experiences but are also historical moments seen through the eyes of successor generations The generation seen as a category of memory thus holds a key to major shifts in German identity The changing generational perspectives of German writers and filmmakers not onlyreflect but also influence these trends exposing both the expected differences between generational views and unexpected continuities Moreover as younger artists reframe recent history older generations like the 1968ers are also contributing to these shifts by reassessing their own experiences and cultural contributions This volume of new essays applies current discourse on generations in German culture to contemporary works dealing with major sociohistorical events since the Nazi period Contributors Svea Br unert Laurel Cohen

Pfister Friederike Eigler Thomas C Fox Katharina Gerstenberger Erin McGlothlin Brad Prager Ilka Rasch Susanne Rinner Caroline Schaumann Maria Stehle Reinhild Steingr ver Susanne Vees Gulani Laurel Cohen Pfister is Associate Professor of German at Gettysburg College and Susanne Vees Gulani is Assistant Professor of German and Comparative Literature at Case Western Reserve University **German Protestants Remember the Holocaust** K. Hannah Holtschneider,2001

Focusing on the 1980s 90s examines how Protestants in Germany interpret their self understanding as part of the community which is defined by its connection to the Nazi past Analyzes representations of the Holocaust and of the Christian Jewish relationship in three German Protestant theological texts the 1980 statement of the Rhineland synod of the Evangelical Church Zur Erneuerung des Verh ltnisses von Christen und Juden Marquardt s theological text Von Elend und Heimsuchung

der Theologie Prolegomena zur Dogmatik 1992 and Britta J ngst s dissertation Auf der Seite des Todes das Leben 1996 The analysis of these texts is informed by the development of narratives of collective memory of the Holocaust in German society in the 1980s 90s from the miniseries Holocaust to the Goldhagen controversy All three texts admit the responsibility of Christianity and Christians for the Holocaust and build theologies that do not reject Jews Contents that contrary to their stated intentions most Holocaust theologians do not truly listen to the Jewish perspective Calls on practitioners of theology after Auschwitz to embrace Jews and Judaism in order to restore the credibility of Christian Churches which abandoned the Jews in Auschwitz

The Mark of Cain Katharina von Kellenbach, 2013-05-01 The Mark of Cain fleshes out a history of conversations that contributed to Germany s coming to terms with a guilty past Katharina von Kellenbach draws on letters exchanged between clergy and Nazi perpetrators written notes of prison chaplains memoirs sermons and prison publications to illuminate the moral and spiritual struggles of perpetrators after World War II These documents provide intimate insights into the self reflection and self perception of perpetrators As Germany looks back on more than sixty years of passionate debate about political personal and legal guilt its ongoing engagement with the legacy of perpetration has transformed German culture and politics The willingness to forgive and forget displayed by the father in the parable of the Prodigal Son became the paradigm central to Germany s rehabilitation and reintegration of Nazi perpetrators The problem with Luke s parable in this context is that unlike the son in the parable perpetrators did not ask for forgiveness Most agents of state crimes felt innocent Von Kellenbach proposes the story of the mark of Cain as a counter narrative In contrast to the Prodigal Son who is quickly forgiven and welcomed back into the house of the father the fratricidal Cain is charged to rebuild his life on the basis of open communication about the past The story of the Prodigal Son equates forgiveness with forgetting Cain s story links redemption with remembrance and suggests a strategy of critical engagement with perpetrators

Ordinary Germans in Extraordinary Times Andrew Stuart Bergerson, 2004-10-14 Hildesheim is a mid sized provincial town in northwest Germany Ordinary Germans in

Extraordinary Times is a carefully drawn account of how townspeople went about their lives and reacted to events during the Nazi era. Andrew Stuart Bergerson argues that ordinary Germans did in fact make Germany and Europe more fascist, more racist, and more modern during the 1930s, but they disguised their involvement behind a pre-existing veil of normalcy. Bergerson details a way of being, believing, and behaving by which ordinary Germans imagined their powerlessness and absence of responsibility even as they collaborated in the Nazi revolution. He builds his story on research that includes anecdotes of everyday life collected systematically from newspapers, literature, photography, personal documents, public records, and especially extensive interviews with a representative sample of residents born between 1900 and 1930. The book considers the actual customs and experiences of friendship and neighborliness in a German town before, during, and after the Third Reich. By analyzing the customs of conviviality in interwar Hildesheim and the culture of normalcy, these customs invoked, Bergerson aims to help us better understand how ordinary Germans transformed neighbors into Jews or Aryans.

Israeli and Palestinian Collective Narratives in Conflict Adi Mana, Anan Srour, 2020-09-16 Examining the social laboratory of the Israeli and Palestinian societies to better understand social conflicts and the construction of diverse and conflicting collective narratives, this book gives readers a window into Professor Shifra Sagy's unique approach to intergroup conflicts and peace education. With a focus on both theory and practice, it describes the model of perceptions of collective narratives that she developed with her colleagues. The contributions here offer insight into the intergroup conflicts between Israelis and Palestinians, Palestinian Muslims and Christians, Jewish National Religious and people of ultra-Orthodox faith, and Palestinians living in Israel and those living in the West Bank. Perceptions of collective narratives help crystallize social identity, a sense of community, and national coherence, and a culture of conflict. Often, this creates obstacles to peace and conflict resolution. This book instead looks at how we can use these constructions to promote reconciliation. *The Holocaust and Representations of Jews* K. Hannah Holtschneider, 2014-03-21 This book examines how prominent national exhibitions in Europe represent the Jewish minority and its cultural and religious self-understandings historically and today, in particular in the context of the Holocaust. **Unsettling Empathy** Björn Krondorfer, 2020-08-11 This book is an in-depth reflection and analysis on why and how unsettling empathy is a crucial component in reconciliatory processes. Located at the intersection of memory studies, reconciliation studies, and trauma studies, the book is at its core transdisciplinary, presenting a fresh perspective on how to conceive of concepts and practices when working with groups in conflict. The book *Unsettling Empathy* has come into being during a period of increasing cultural pessimism where we witness the spread of populism and the rise of illiberal democracies that hark back to nationalist and ethnocentric narratives of the past. Because of this changed landscape, this book makes an important contribution to seeking fresh pathways toward an ethical practice of living together in light of past agonies and current conflicts. Within the specific context of working with groups in conflict, this book urges for an ethical posture of unsettling empathy. Empathy, which plays a vital role in these processes, is a complex and complicated phenomenon.

that is not without its critics who occasionally alert us to its dark side The term empathy needs a qualifier to distinguish it from related phenomena such as pity compassion sympathy benign paternalism idealized identification or voyeuristic appropriation The word unsettling is just this crucial ingredient without which I would hesitate to bring empathy into our conversation

Post-Holocaust Religious Education for German Women Gabriele Mayer, 2003 After beginning with the problem of the inability of German postwar generations to relate to the Holocaust focuses on ways German Christian women can learn to acknowledge German women's share of responsibility for Nazi crimes against the Jews i.e. women's role as part of the perpetrator nation Explores ways German women have been encouraged to try to integrate knowledge of this past into their identity formation and internalize post Holocaust theology into their own views and lives Notes ways that Holocaust studies and women's studies can combine to move German Christian women from complacency and individualism to involvement in tikkun olam that includes existential encounters with members of the victim nation

Listening to the Movement Ted Lewis, Carl Stauffer, 2021-02-19 Restorative justice is spreading like wildfire across the globe How can we explain this burst of energy This anthology makes the bold claim that restorative justice is a vibrant social justice movement It is more than a great idea gone viral more than the extension of the legal system and more than enacting new legislation Beginning in 2015 the contributors of this volume took part in a series of dialogues sponsored by the Zehr Institute for Restorative Justice exploring the contours of the restorative justice movement Each one writes from the burgeoning edges of their own context inviting readers to consider the fidelity and integrity of the movement's growth As a cadre the authors highlight new locations of restorative justice application race pedagogy ecology youth organizing community violence reduction and more These diverse voices put forward a fast paced hard hitting glimpse into the pulse of restorative justice today and what it may look like tomorrow

Fantasies of Witnessing Gary Weissman, 2018-07-05 *Fantasies of Witnessing* explores how and why those deeply interested in the Holocaust yet with no direct familial connection to it endeavor to experience it vicariously through sites or texts designed to make it real for nonwitnesses Gary Weissman argues that far from overwhelming nonwitnesses with its magnitude of horror the Holocaust threatens to feel distant and unreal A prevailing rhetoric of secondary memory and trauma he contends and efforts to portray the Holocaust as an immediate and personal experience are responses to an encroaching sense of unreality In America we are haunted not by the traumatic impact of the Holocaust but by its absence When we take an interest in the Holocaust we are not overcoming a fearful aversion to its horror but endeavoring to actually feel the horror of what otherwise eludes us Weissman focuses on specific attempts to locate the Holocaust in the person of Elie Wiesel the most renowned survivor and his classic memoir *Night* in videotaped survivor stories and Lawrence L Langer's celebrated book *Holocaust Testimonies* and in the films *Shoah* and *Schindler's List* These representations he explains constitute a movement away from the view popularized by Wiesel that those who did not live through the Holocaust will never be able to grasp its horror and toward re-creating the Holocaust as an experience

nonwitnesses may put themselves through It is only by acknowledging the desire that gives shape to such representations and by exploring their place in the ongoing contest over who really knows the Holocaust and feels its horror that we can arrive at a more candid assessment of our current and future relationships to the Holocaust he says **Discourse, Peace, and Conflict** Stephen Gibson, 2018-11-29 This first of its kind volume brings discursive psychology and peace psychology together in a compelling practical synthesis An array of internationally recognised contributors examine multiple dimensions of discourse official and casual speech rhetoric and text in creating and maintaining conflict and building mediation and reconciliation Examples of strategies for dealing with longstanding conflicts the Middle East significant flashpoints the Charlie Hebdo case and current heated disputes the refugee crisis in Europe demonstrate discursive methods in context as they bridge theory with real life This diversity of subject matter is matched by the range of discursive approaches applied to peace psychology concepts methods and practice Among the topics covered Discursive approaches to violence against women The American gun control debate a discursive analysis Constructing peace and violence in the Palestinian Israeli conflict Discursive psychological research on refugees Citizenship social injustice and the quest for a critical social psychology of peace The emotional and political power of images of suffering discursive psychology and the study of visual rhetoric Discourse Peace and Conflict offers expansive ideas to scholars and practitioners in peace psychology as well as those in related areas such as social psychology political psychology and community psychology with an interest in issues pertaining to peace and conflict **After-words** David Patterson, John K. Roth, 2012-03-15 More than fifty years after it ended the Holocaust continues to leave survivors and their descendants as well as historians philosophers and theologians searching for words to convey the enormity of that event Efforts to express its realities and its impact on successive generations often stretch language to the breaking point or to the point of silence Words whose meaning was contested before the Holocaust prove even more fragile in its wake David Patterson and John K Roth identify three such after words forgiveness reconciliation and justice These words though forever altered by the Holocaust are still spoken and heard But how should the concepts they represent be understood How can their integrity be restored within the framework of current philosophical and especially religious traditions Writing in a format that creates the feel of dialogue the nine contributors to After Words tackle these and other difficult questions about the nature of memory and forgiveness after the Holocaust to encourage others to participate in similar inter and intrafaith inquiries The contributors to After Words are members of the Pastora Goldner Holocaust Symposium Led since its founding in 1996 by Leonard Grob and Henry Knight the symposium s Holocaust and genocide scholars a group that is interfaith international interdisciplinary and intergenerational meet biennially in Oxfordshire England **Different Horrors, Same Hell** Myrna Goldenberg, Amy Shapiro, 2013-05-15 Different Horrors Same Hell brings together a variety of essays demonstrating the breadth of contributions that feminist theory and gender analysis make to the study of the Holocaust The collection provides new perspectives on central works of Holocaust

scholarship and representation from the books of Hannah Arendt and Ruth Klüger to films such as Claude Lanzmann's *Shoah* and Steven Spielberg's *Schindler's List* Interviews with survivors and their descendants draw new attention to the significance of women's roles and family structures during and in the aftermath of the Holocaust and interviews and archival research reveal the undercurrents of sexual violence within the Final Solution As Doris Bergen shows in the book's first chapter the focus on women's and gender issues in this collection complicates familiar and outworn categories and humanizes the past in powerful ways *The Fortunes of the Humanities* Sander L. Gilman, 2000 In an era of attacks on the humanities by the right Goethe is not taught anymore and the left Why teach dead white males a distinguished teacher and scholar presents a series of closely interconnected exercises in understanding the present state and future possibilities of the humanities
