Remembrances And Reminiscences:

Reminiscences and Remembrances E. Bruce Heilman, 2019-12-19 This is the continuation and in depth view of my previous book *An Interruption That Lasted a Lifetime My First Eighty Years* **Migration, Memories, and the "Unfinished" Partition** Amit Ranjan, 2024-03-29 This book looks at migration through the lens of the Partition of India in 1947 The Partition uprooted millions of people from their homelands This volume examines the initial difficulties faced by the refugees in settling down in their adopted land It analyses the state s efforts in facilitating the movement of refugees the processes it initiated to resettle them after Partition and the extent to which it was successful This book also investigates the links between socio political developments in contemporary India Pakistan and Bangladesh as a result of the Partition Drawing on archival sources oral histories and literary representations the contributing authors discuss and analyse the experiences of the migrated population Part of the Migrations in South Asia series this book will be an important read for scholars and researchers of migration studies refugee studies Partition studies Indian history Indian politics and South Asian studies **Memories of Lincoln and the Splintering of American Political Thought** Shawn J. Parry-Giles, David S. Kaufer, 2017-05-15 In the aftermath of the Civil War Republicans and Democrats who advocated conflicting visions of American citizenship could agree on one thing the rhetorical power of Abraham Lincoln s life This volume examines the debates over his legacy and their impact on America s future In the thirty five years following Lincoln s assassination acquaintances of Lincoln published their memories of him in newspapers biographies and edited collections in order to gain fame promote partisan aims champion his hardscrabble past and exalted rise and define his legacy Shawn Parry Giles and David Kaufer explore how style class and character affected these reminiscences They also analyze the ways people used these writings to reinforce their beliefs about citizenship and presidential leadership in the United States with specific attention to the fissure between republicanism and democracy that still exists today Their study employs rhetorical and corpus research methods to assess more than five hundred reminiscences A novel look at how memories of Lincoln became an important form of political rhetoric this book sheds light on how divergent schools of U S political thought came to recruit Lincoln as their standard bearer *Memories of My Town* Anna-Maria Åström, Pirjo Korkiakangas, Pia Olsson, 2004-07-07 *Memories of My Town* is an exploration into how town dwellers experience their environment in a complicated way As people in urban milieus relate themselves to the environment this takes place on many levels where especially the time level becomes problematic The urban buildings and settings can be looked upon as a kind of collective history as carriers or witnesses of times past But it is only the town dwellers that experience urban time itself the time they live in but through their memories also times past In this past some elements take symbolically dense expressions Through reliving and narrating their experiences the symbolically important factors in this urban relationship will be outlined for investigations concerning three towns Helsinki the capital Vyborg the ceded and lost Karelian town and Jyvskyl a town with dense

commercial and cultural dimensions in the middle of Finland The aim of the book is to use different theoretical concepts as guidelines in analysing the different narrative texts **Memories of My Town** Åström Anna-Maria, Korkiakangas Pirjo, Olsson Pia, 2018-06-15 The volume *Memories of my Town* is an exploration into how town dwellers experience their environment in a complicated way As people in urban milieus relate themselves to the environment this takes place on many levels where especially the time level becomes problematic The urban buildings and settings can be looked upon as a kind of collective history as carriers or witnesses of times past But it is only the town dwellers that experience urban time itself the time they live in but through their memories also times past In this past some elements take symbolically dense expressions Through reliving and narrating their experiences the symbolically important factors in the this urban relationship will be outlined for investigations concerning three towns Helsinki the capital Viborg the ceded and lost Carelian town and Jyväskylä a town with dense commercial and civilisatory dimensions in the middle of Finland The symbolic aspects are the kern in all the articles of the book *Memories of my Town* The aim of the book and its articles has been to use different theoretical concepts as guidelines in analysing the different narrative texts Thus the articles are to be seen as independent contributions to the scientific discussion about places urbanism memories and narratives The ethnological outlook is on the other hand an outcome of the joint project *Town Dwellers and their Places* whereby the articles substantially relate to one another Thus the book can also be seen as a joint result of this urban project which was sponsored by the Finnish Academy **Memories of Jesus** Robert B. Stewart, Gary R. Habermas, 2010-07-01 A gathering of scholarly essays in response and tribute to James D G Dunn s influential book *Jesus Remembered* followed by a response from Dunn himself **Memories of War** Suzanne Falgout, Lin Poyer, Laurence Marshall Carucci, 2016-06-01 Micronesians often liken the Pacific War to a typhoon one that swept away their former lives and brought dramatic changes to their understandings of the world and their places in it Whether they spent the war in bomb shelters in sweet potato fields under the guns of Japanese soldiers or in their homes on atolls sheltered from the war Micronesians who survived those years know that their peoples passed through a major historical transformation Yet Pacific War histories scarcely mention the Islanders across whose lands and seas the fighting waged *Memories of War* sets out to fill that historical gap by presenting the missing voices of Micronesians and by viewing those years from their perspectives The focus is on Micronesian remembrances the ritual commemorations features of the landscape stories dances and songs that keep their memories of the conflict alive The inclusion of numerous and extensive interviews and songs is an important feature of this book allowing Micronesians to speak for themselves about their experiences In addition they also reveal distinctively Micronesian cultural memories of war *Memories of War* preserves powerful and poignant memories for Micronesians it also demonstrates to students of history and culture the extent to which cultural practices and values shape the remembrance of personal experience **The Reminiscence Skills Training Handbook** Ann Rainbow, 2018-10-24 This easy to use guide provides an accessible workbook for reminiscence skills training

communication between carers and older people **Memories of My Life and Times** Bipin Chandra Pal,1932 *School Memories* Cristina Yanes-Cabrera,Juri Meda,Antonio Viñao,2016-09-15 This book reveals how school memories offer not only a tool for accessing the school of the past but also a key to understanding what people today know or think they know about the school of the past It describes in fact how historians work does not purely and simply consist in exploring school as it really was but also in the complex process of defining the memory of school as one developed and revisited over time at both the individual and collective level Further it investigates the extent to which what people know reflects the reality or is in fact a product of stereotypes that are deeply rooted in common perceptions and thus exceedingly difficult to do away with The book includes fifteen peer reviewed contributions that were presented and discussed during the International Symposium School Memories New Trends in Historical Research into Education Heuristic Perspectives and Methodological Issues Seville 22 23 September 2015 *The Therapeutic Purposes of Reminiscence* Mike Bender,Paulette Bauckham,Andrew Norris,1998-12-29 I was impressed with the accessibility of the book offering a guided tour through the history context and purposes of reminiscence therapy the range of applications from promoting social and emotional stimulation to reminiscence as psychotherapy It also provides a brief overview of its theoretical underpinnings As a book for health professionals interested in reminiscence work it is a must for the shelf most importantly it emphasizes the need for adequate training and supervision for those undertaking this type of work the authors also provide a very good working guide to the assessment process Aging and Health In this practical and accessible book leading exponents of reminiscence work describe the purposes and techniques of reminiscence and set out detailed guidelines on how to implement and conduct a wide range of reminiscence activities with different types of client Highlighting its tremendous diversity and potential and its special ability to allow people of all ages and abilities to communicate deeply about their lives the authors separate out the different aims of reminiscence which include intellectual or social stimulation allowing people to leave behind them a cultural legacy or a means of intergenerational communication They show clearly how each can be directly beneficial either to clients or their carers or for improving the culture of the arena in which the activity is being carried out **International Perspectives on Reminiscence, Life Review and Life Story Work** Faith Gibson,2018-11-21 This book collates the latest research developments and evidence base for reminiscence life review and life story work in a single volume Charting the

Blavatsky,2018-02-03 As immortality is the stability of life and eternity the stability of being so memory is the stability of knowledge The faculty of memory depends on a fully functioning brain Remembrance and recollection are the attributes and handmaidens of that memory An idea recurring spontaneously is remembrance when searched and retrieved by effortful thinking recollection While memory is physical and evanescent for it depends upon the condition of the brain reminiscence is the memory of the soul Memory is the only faculty in man directly opposed to prognostication or looking into futurity Memory is one thing and mind i e thoughts is another the one is a recording machine a register which very easily gets out of order the other thoughts which are eternal and imperishable Memory is an important power but the mind itself is not memory it is restless and wandering in its nature and must be controlled Phantasy is uncontrolled remembrance of past thoughts and images Phantasy is the most unreliable thing in us Phantasy stifles enthusiasm Phantasy is an impediment to our spiritual perceptions When the mind is inspired by the spirit above if phantasy intervenes the enthusiastic energy ceases for enthusiasm and ecstasy are contrary to each other Conviction breeds enthusiasm Enthusiasm is the genius of sincerity The enthusiastic passion is a kind of fury partaking something of divine inspiration But it is not called forth from within it is an insufflation from some stronger power from without thus bringing about a disturbance of the rational mind What we have within that only can we see without and thus by summoning the forgotten knowledge from Lethe we may re enter into the heavenly vault MUSEUM OF REMINISCENCE Hamza Hassan Sheikh,2013-08-15 Museum of Reminiscence gained much
