Remembrances Of Elizabeth Freke 1671 1714

Simon Barker,Jo Gill

Remembrances Of Elizabeth Freke 1671 1714:

The Remembrances of Elizabeth Freke 1671-1714 Elizabeth Freke, 2001 In writing and then rewriting autobiographical remembrances recalling three decades of marriage and ensuing years of widowhood Elizabeth Freke strikingly redefines the relationships among self family and patriarchy characteristic of early modern women s autobiography Suffering and sacrifice dominate an extensive ledger of disappointment and bitterness that reveals over time the complex emotions of a Norfolk gentry woman seeking significance and even vindication in her hardships and frustrations The infirm woman who eventually found herself utterly alone remained to the end a contentious melodramatic yet formidable figure a strong willed even sympathetic person intent upon asserting herself against what she perceived as familial neglect and legal abuse By making available both versions of the remembrances in their entirety this new multiple text edition clarifies the refashioning inherent in each stage of writing and rewriting recovering with unusual immediacy Freke s late seventeenth and early eighteenth century domestic world *The Remembrances of Elizabeth Freke 1671-1714* Raymond A.

Anselment, 2002-01-17 Elizabeth Freke s accounts of her late seventeenth and early eighteenth century Norfolk gentry world are the basis for a new critical edition of her autobiography A complexly contradictory woman caught in an unhappy domestic life she consciously constructed and reconstructed an identity as a wife mother and widow By preserving two quite often different manuscript versions the edition provides a new appreciation of a distinct self image among early modern women s autobiography **The Cambridge Companion to Early Modern Women's Writing** Laura Lunger

Knoppers, 2009-10-08 Featuring the most frequently taught female writers and texts of the early modern period this Companion introduces the reader to the range complexity historical importance and aesthetic merit of women s writing in Britain from 1500 1700 Presenting key textual historical and methodological information the volume exemplifies new and diverse approaches to the study of women s writing The book is clearly divided into three sections covering how women learnt to write and how their work was circulated or published how and what women wrote in the places and spaces in which they lived worked and worshipped and the different kinds of writing women produced from poetry and fiction to letters diaries and political prose This structure makes the volume readily adaptable to course usage The Companion is enhanced by an introduction that lays out crucial framework and critical issues and by chronologies that situate women s writings alongside political and cultural events *The Ties That Bind* Bernard Capp, 2018-06-28 The family is a major area of

scholarly research and public debate Many studies have explored the English family in the sixteenth and seventeenth centuries focusing on husbands and wives parents and children The Ties that Bind explores in depth the other key dimension the place of brothers and sisters in family life and in society Moralists urged mutual love and support between siblings but recognized that sibling rivalry was a common and potent force The widespread practice of primogeniture made England distinctive The eldest son inherited most of the estate and with it a moral obligation to advance the welfare of his brothers

and sisters The Ties that Bind explores how this operated in practice and shows how the resentment of younger brothers and sisters made sibling relationships a heated issue in this period in family life in print and also on the stage

Women in Eighteenth Century Europe Margaret Hunt,2014-06-11 Was the century of Voltaire also the century of women In the eighteenth century changes in the nature of work family life sexuality education law religion politics and warfare radically altered the lives of women Some of these developments caused immense confusion and suffering others greatly expanded women s opportunities and worldview long before the various women s suffrage movements were more than a glimmer on the horizon This study pays attention to queens as well as commoners respectable working women as well as prostitutes women physicists and mathematicians as well as musicians and actresses feminists as well as their critics The result is a rich and morally complex tale of conflict and tragedy but also of achievement The book deals with many regions and topics often under represented in general surveys of European women including coverage of the Balkans and both European Turkey and Anatolia of Eastern Europe of European colonial expansion particularly the slave trade and of Muslim Eastern Orthodox and Jewish women s history Bringing all of Europe into the narrative of early modern women s history challenges many received assumptions about Europe and women in past times and provides essential background for dealing with issues of diversity in the Europe of today

Household Politics Don Herzog,2013-04-30 Contends that though early modern English canonical sources and sermons often urge the subordination of women this was not indicative of public life and that husbands wives and servants often struggled over authority in the household

A London Year Travis Elborough,Nick Rennison,2013-10-03 DIVA London Year is an anthology of short diary entries one or more for each day of the year which taken together provides an impressionistic portrait of life in the city from Tudor times to the twenty first century This ebook edition with its own distinct cover has been optimised for the digital reader A hyperlinked contents page makes it easy for the reader to dip in and out of the book while each page is dedicated to a separate day To further improve formatting the illustrations from the printed edition have been omitted We promise this does not detract from the reading experience This ebook serves as the perfect accompaniment to the print edition There are more than two hundred featured writers with a short biography for each The most famous diarist of all Samuel Pepys is there as well as some of today s finest diarists like Alan Bennett and Chris Mullin There are coronations and executions election riots and zeppelin raids duels dust ups and drunken sprees among everyday moments like Brian Eno cycling in Kilburn or George Eliot walking on Wimbledon Common Vividly evoking moments in the lives of Londoners in the past providing snapshots of the city s inhabitants at work at play in pursuit of money sex entertainment pleasure and power the ebook of A London Year is the perfect read for all who live in or love this eternal ever changing city div

Women, Writing, and Language in Early Modern Ireland Marie-Louise Coolahan,2010-01-28 This book examines writing in English Irish and Spanish by women living in Ireland and by Irish women living on the continent between the years 1574 and 1676 This was a tumultuous period of political religious and linguistic

contestation that encompassed the key power struggles of early modern Ireland This study brings to light the ways in which women contributed they strove to be heard and to make sense of their situations forging space for their voices in complex ways and engaging with native and new language traditions The book investigates the genres in which women wrote poetry nuns writing petition letters depositions biography and autobiography It argues for a complex understanding of authorial agency that centres of the act of creating or composing a text which does not necessarily equate with the physical act of writing The Irish English and European contexts for women s production of texts are identified and assessed The literary traditions and languages of the different communities living on the island are juxtaposed in order to show how identities were shaped and defined in relation to each other Marie Louise Coolahan elucidates the social political and economic imperatives for women s writing examines the ways in which women characterized female composition and describes an extensive range of cross cultural multilingual activity

Loyalty, memory and public opinion in England, 1658-1727 Edward Vallance, 2019-05-10 This book makes an important contribution to the ongoing debate over the emergence of an early modern public sphere Focusing on the petition like form of the loyal address it argues that these texts helped to foster a politically aware public by mapping shifts in the national mood Covering addressing campaigns from the late Cromwellian to the early Georgian period the book explores the production presentation subscription and publication of these texts It argues that beneath partisan attacks on the credibility of loyal addresses lay a broad consensus about the validity of this political practice Ultimately loyal addresses acknowledged the existence of a political public but did so in a way which fundamentally conceded the legitimacy of the social and political hierarchy They constituted a political form perfectly suited to a fundamentally unequal society in which political life continued to be centered on the monarchy

The Clerical Profession in the Long Eighteenth Century, 1680-1840 W. M. Jacob, 2007-09-06 A study of the clergy of the Church of England as a professional group during the later Stuart and Georgian periods Jacobs describes their social backgrounds selection and education lifestyles and supervision and challenges long held views that most were inappropriately educated poverty stricken and neglectful of their duties

Literature as History Simon Barker, Jo Gill, 2010-01-26 New essays by a range of leading theorists on the interdisciplinary study of literature and history

Silent Partners Amy M. Froide, 2017 *Silent Partners* restores women to their place in the story of England s Financial Revolution Women were active participants in London s first stock market beginning in the 1690s and continuing through the eighteenth century Whether playing the state lottery investing in government funds for retirement or speculating in company stocks women regularly comprised between a fifth and a third of public investors These female investors ranged from London servants to middling tradeswomen up to provincial gentlewomen and peeresses of the realm Amy Froide finds that there was no single female investor type rather some women ran risks and speculated in stocks while others sought out low risk low return options for their retirement years Not only did women invest for themselves their financial knowledge and ability meant that family members often relied on

wives sisters and aunts to act as their investing agents Moreover women s investing not only benefitted themselves and their families it also aided the nation Women s capital was a critical component of Britain s rise to economic military and colonial dominance in the eighteenth century Focusing on the period between 1690 and 1750 and utilizing women s account books and financial correspondence as well as the records of joint stock companies the Bank of England and the Exchequer Silent Partners provides the first comprehensive overview of the significant role women played in the birth of financial capitalism in Britain

A History of Irish Autobiography Liam Harte,2018-03-01 A History of Irish Autobiography is the first ever critical survey of autobiographical self representation in Ireland from its recoverable beginnings to the twenty first century The book draws on a wealth of original scholarship by leading experts to provide an authoritative examination of autobiographical writing in the English and Irish languages Beginning with a comprehensive overview of autobiography theory and criticism in Ireland the History guides the reader through seventeen centuries of Irish achievement in autobiography a category that incorporates diverse literary forms from religious tracts and travelogues to letters diaries and online journals This ambitious book is rich in insight Chapters are structured around key subgenres themes texts and practitioners each featuring a guide to recommended further reading The volume s extensive coverage is complemented by a detailed chronology of Irish autobiography from the fifth century to the contemporary era the first of its kind to be published

Women's Life Writing and Early Modern Ireland Julie A. Eckerle,Naomi McAreavey,2019-06-01 Women s Life Writing and Early Modern Ireland provides an original perspective on both new and familiar texts in this first critical collection to focus on seventeenth century women s life writing in a specifically Irish context By shifting the focus away from England even though many of these writers would have identified themselves as English and making Ireland and Irishness the focus of their essays the contributors resituate women s narratives in a powerful and revealing landscape This volume addresses a range of genres from letters to book marginalia and a number of different women from now canonical life writers such as Mary Rich and Ann Fanshawe to far less familiar figures such as Eliza Blennerhassett and the correspondents and supplicants of William King archbishop of Dublin The writings of the Boyle sisters and the Duchess of Ormonde women from the two most important families in seventeenth century Ireland also receive a thorough analysis These innovative and nuanced scholarly considerations of the powerful influence of Ireland on these writers construction of self provide fresh illuminating insights into both their writing and their broader cultural context

Romancing the Self in Early Modern Englishwomen's Life Writing Julie A. Eckerle,2016-04-01 Juxtaposing life writing and romance this study offers the first book length exploration of the dynamic and complex relationship between the two genres In so doing it operates at the intersection of several recent trends interest in women s contributions to autobiography greater awareness of the diversity and flexibility of auto biographical forms in the early modern period and the use of manuscripts and other material evidence to trace literacy practices Through analysis of a wide variety of life writings by early modern Englishwomen including

Elizabeth Delaval Dorothy Calthorpe Ann Fanshawe and Anne Halkett Julie A Eckerle demonstrates that these women were not only familiar with the controversial romance genre but also deeply influenced by it Romance she argues with its unending tales of unsatisfying love spoke to something in women s experience offered a model by which they could recount their own disappointments in a world where arranged marriage and often loveless matches ruled the day and exerted a powerful pervasive pressure on their textual self formations *Romancing the Self in Early Modern Englishwomen s Life Writing* documents a vibrant secular form of auto biographical writing that coexisted alongside numerous spiritual forms providing a much more nuanced and complete understanding of sixteenth and seventeenth century women s reading and writing literacies *Sleep in Early Modern England* Sasha Handley,2016-08-15 A riveting look at how the early modern world revolutionized sleep and its relation to body mind soul and society Drawing on diverse archival sources and material artifacts Handley reveals that the way we sleep is as dependent on culture as it is on biological and environmental factors After 1660 the accepted notion that sleepers lay at the mercy of natural forces and supernatural agents was challenged by new medical thinking about sleep s relationship to the nervous system This breakthrough coincided with radical changes shaping everything from sleeping hours to bedchambers Handley s illuminating work documents a major evolution in our conscious understanding of the unconscious *Gentility and the Comic Theatre of Late Stuart London* Mark S. Dawson,2005-06-17 The book examines how gentility was portrayed at London s theatres during the early modern era [Gambling in Britain in the Long Eighteenth Century](#) Bob Harris,2022-03-17 English society in the eighteenth century was allegedly marked by a gambling mania such was the prevalence and intensity of different forms of gaming *Gambling in Britain in the Long Eighteenth Century* subjects this notion to systematic scrutiny exploring the growth and prevalence of different forms of gambling across Britain and throughout British society in this period as well as attitudes towards it Drawing on a vast range of new empirical evidence Bob Harris seeks to understand gambling its growth and significance within the context of wider trends and impulses in society This book asks what light gambling practices and habits shed back onto society and the values hopes and expectations that informed the lives of those involved This is a book therefore as much about the character of British society in the long eighteenth century as it is about gambling itself [Sweet and Clean?](#) Susan North,2020 How dirty were our ancestors really Academic history has persuaded us that everyone in the early modern era thought bathing was unhealthy so they didn t do it *Sweet and Clean* challenges this view using a range of fascinating evidence to tell a different story about the washing of bodies and scrubbing of clothes in early modern England *Fields, Fens and Felonies* Gregory J Durston,2016-12-09 A new work on Crime and Punishment in East Anglia and elsewhere during the eighteenth century It was a time of highwaymen footpads and desperate petty offenders draconian penalties extremes of wealth and poverty corruption and rough and emerging forms of justice The contents include justices of the peace policing crimes courts and judges as well as such matters as summary trial and disposal jury trial execution and reprieve a variety of offences including murder and

other homicides violence and sexual offences smuggling poaching property crimes riots and disturbances The book also looks at the various hierarchies that existed whether social legal judicial religious military or otherwise so as to exert a variety of social controls at a time of relative lawlessness A fascinating and statistically absorbing account of crimes responses and penal outcomes of the era Neither a micro history in the context of a parish hundred or small town nor national account but a more unusual criminal justice history of a major English region with its own correlation with London and the rest of England in addition to its local differences and quirks

This is likewise one of the factors by obtaining the soft documents of this **Remembrances Of Elizabeth Freke 1671 1714** by online. You might not require more become old to spend to go to the ebook start as well as search for them. In some cases, you likewise complete not discover the statement Remembrances Of Elizabeth Freke 1671 1714 that you are looking for. It will totally squander the time.

However below, in the manner of you visit this web page, it will be suitably no question easy to get as skillfully as download guide Remembrances Of Elizabeth Freke 1671 1714

It will not agree to many get older as we notify before. You can reach it though action something else at house and even in your workplace. therefore easy! So, are you question?
