William Wordsworth and the Invention of Tourism, 1820-1900 Saeko Yoshikawa, 2016-02-17 In her study of the opening of the English Lake District to mass tourism Saeko Yoshikawa examines William Wordsworth's role in the rise and development of the region as a popular destination For the middle classes on holiday guidebooks not only offered practical information but they also provided a fresh motive and a new model of appreciation by associating writers with places The nineteenth century saw the invention of Robert Burns's and Walter Scott's Borders Shakespeare's Stratford and the Brontë Country as holiday locales for the middle classes Investigating the international cult of Wordsworthian tourism Yoshikawa shows both how Wordsworth's public celebrity was constructed through the tourist industry and how the cultural identity of the Lake District was influenced by the poet's presence and works Informed by extensive archival work her book provides an original case study of the contributions of Romantic writers to the invention of middle class tourism and the part guidebooks played in promoting the popular reputations of authors

on his identity as the poet of nature and solitude The Wordsworthian imagination is seen as an essentially private faculty its very existence premised on the absence of other people In this title first published in 1987 David Simpson challenges this established view of Wordsworth arguing that it fails to recognize and explain the importance of the context of the public sphere and the social environment to the authentic experience of the imagination Wordsworth's preoccupation with the metaphors of property and labour shows him to be acutely anxious about the value of his art in a world that he regarded as corrupted Through close examination of a few important poems both well known and relatively unknown Simpson shows that there is no unitary public Wordsworth nor is there a conflict or tension between the private and the public The absence of any clear kind of authority in the voice that speaks the poems makes Wordsworth's poetry in Simpson's phrase a poetry of displacement
