Renaissance A Reconsideration Of The Theo:

The Johannine Renaissance in Early Modern English Literature and Theology Paul Cefalu, 2017 The volume highlights how the Fourth Gospel and First Epistle of Saint John the Evangelist were leading apostolic texts during the early modern period in England and the importance of Johannine theology to early modern religious poetry **Biblical Theology** James K. Mead, 2007-01-01 In this the first overview of biblical theology in nearly thirty years James K Mead addresses the core issues of biblical theology essential to both Old Testament and New Testament study Can we draw theological principles from Scripture What methods will give useful results for theological exploration of biblical texts Aptly synthesizing classic and recent scholarship while asserting his own theological findings Mead provides an excellent overview of the history of biblical theology and a thorough examination of its basic issues methods and themes The Italian Renaissance of Mathematics Paul Lawrence Rose, 1976 The Industrial Revolution-Lost in Antiquity-Found in the Renaissance Cort MacLean Johns, Ph.D.-HSG, 2019-10-23 The Industrial Revolution Lost in Antiquity Found in the Renaissance is a revisionist well researched work being a definitive account of the historical roots of the Industrial Revolution that began with Ctesibius in 270 BC at the onset of the Hellenistic Period and continued on with the invention of the steam engine by James Watt in 1776 and Oliver Evans in the early 19th century encompassing almost 2000 years of history **Renaissance Futurities** Charlene Villaseñor Black, Mari-Tere Álvarez, 2019-11-05 At publication date a free ebook version of this title will be available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more Renaissance Futurities considers the intersections between artistic rebirth the new science and European imperialism in the global early modern world Charlene Villaseñor Black and Mari Tere Alvarez take as inspiration the work of Renaissance genius Leonardo da Vinci 1452 1519 prolific artist and inventor and other polymaths such as philosopher Giulio Delminio Camillo 1480 1544 physician and naturalist Francisco Hernández de Toledo 1514 1587 and writer Miguel de Cervantes 1547 1616 This concern with futurity is inspired by the Renaissance itself a period defined by visions of the future as well as by recent theorizing of temporality in Renaissance and Queer Studies This transdisciplinary volume is at the cutting edge of the humanities medical humanities scientific discovery and avant garde artistic expression **Medieval and Renaissance Drama in England** S. P. Cerasano, 2012 Medieval and Renaissance Drama in England is an international volume published annually **Chinese Public Theology** Alexander Chow, 2018 It has been widely recognized that Christianity is the fastest growing religion in one of the last communist run countries of the world the People's Republic of China Yet it would be a mistake to describe Chinese Christianity as merely a clandestine faith or as hoped by the Communist Party of China a privatized religion Alexander Chow argues that Christians in mainland China have been constructing a more intentional public theology to engage the Chinese state and society since the end of the Cultural Revolution 1966 76 Chinese Public Theology recalls the events which have led to this transformation and examines the developments of Christianity across three

generations of Chinese intellectuals from the state sanctioned Protestant church the secular academy and the growing urban renaissance in Calvinism Moreover Chow shows how each of these generations have provided different theological responses to the same sociopolitical moments of the last three decades This study illustrates how a growing understanding of Chinese public theology has been developed through a subconscious intermingling of Christian and Confucian understandings of public intellectualism These factors result in a contextually unique understanding of public theology but also one which is faced by contextual limitations as well With this in mind Chow draws from the Eastern Orthodox doctrine of theosis and the Chinese traditional teaching of the unity of Heaven and humanity Tian ren heyi to offer a way forward in the construction of a Chinese public theology
