Resources in Education ,1982 *The 'Small Landscape' Prints in Early Modern Netherlands* Alexandra Onuf,2017-01-02 In 1559 and 1561 the Antwerp print publisher Hieronymus Cock issued an unprecedented series of landscape prints known today simply as the Small Landscapes The forty four prints included in the series offer views of the local countryside surrounding Antwerp in simple unembellished compositions At a time when vast panoramic and allegorical landscapes dominated the art market the Small Landscapes represent a striking innovation This book offers the first comprehensive analysis of the significance of the Small Landscapes in early modern print culture It charts a diachronic history of the series over the century it was in active circulation from 1559 to the middle of the seventeenth century Adopting the lifespan of the prints as the framework of the study Alexandra Onuf analyzes the successive states of the plates and the changes to the series as a whole in order to reveal the shifting artistic and contextual valences of the images at their different moments and places of publication This unique case study allows for a new perspective on the trajectory of print publishing over the course of the late sixteenth and early seventeenth centuries across multiple publishing houses highlighting the seminal importance of print publishers in the creation and dissemination of visual imagery and cultural ideas Looking at other visual materials and contemporary sources including texts as diverse as humanist poetry and plays agricultural manuals polemical broadsheets and peasant songs Onuf situates the Small Landscapes within the larger cultural discourse on rural land and the meaning of the local in the turbulent early modern Netherlands The study focuses new attention on the active and reciprocal intersections between printed pictures and broader cultural economic and political phenomena *Shakespeare and Animals* Karen Raber,Karen Edwards,2022-08-25 This encyclopaedic account of animals in Shakespeare s plays and poems provides readers with a much needed resource by which to navigate the recent outpouring of critical and historical work on the topic This dictionary extends its coverage to include insects fish and mythic creatures as well as the places practices and lore pertaining to all animal oriented experiences of early modern life It emphasizes the role of animality in defining character and is attentive to the instabilities of the human animal boundary as they were theatrically represented exploited and interrogated but it is also concerned with the material presence of animals on stage and in everyday life in Shakespeare s world The volume is a new tool for instructors but is also a resource for critics and scholars in the many disciplines engaged with animal studies posthumanist theory ecostudies and cultural studies **Index of Conference Proceedings** British Library. Document Supply Centre,2000 **Titus Andronicus** William Shakespeare,2018-01-25 Titus Andronicus is one of Shakespeare s earliest and bloodiest tragedies and was hugely successful in his lifetime Subsequent generations have struggled with its bold confrontation of violence but in the 20th and 21st centuries the play has chimed with audiences again perhaps because of its simultaneously shocking and playful approach to violent revenge and bodily mutilation Jonathan Bate s original Arden edition was first published in 1995 and has had a

significant influence on how the play has been performed and studied in the past 20 years This revised edition includes a new 10 000 word introductory essay in which Bate reassess his views on the play s co authorship with George Peele in the light of contemporary textual scholarship and updates his lively account of the play s performance history on the international stage and screen With detailed on page commentary notes this will continue to be the edition of choice for students scholars and theatre makers

Binding the Absent Body in Medieval and Modern Art Emily Kelley,2017-07-05 This collection of essays considers artistic works that deal with the body without a visual representation It explores a range of ways to represent this absence of the figure from abject elements such as bodily fluids and waste to surrogate forms including reliquaries manuscripts and cloth The collection focuses on two eras medieval and modern when images referencing the absent body have been far more prolific in the history of art In medieval times works of art became direct references to the absent corporal essence of a divine being like Christ or were used as devotional aids By contrast in the modern era artists often reject depictions of the physical body in order to distance themselves from the history of the idealized human form Through these essays it becomes apparent even when the body is not visible in a work of art it is often still present tangentially Though the essays in this volume bridge two historical periods they have coherent thematic links dealing with abjection embodiment and phenomenology Whether figurative or abstract sacred or secular medieval or modern the body maintains a presence in these works even when it is not at first apparent

The Publisher ,1910 Telltale Women Allison Machlis Meyer,2021 In Telltale Women Allison Machlis Meyer challenges established perceptions of source study historiography and the staging of gender politics in well known drama arguing that narrative historiographers frequently value women s political interventions and use narrative techniques to invest women s voices with authority while dramatists reshape this source material to create stage representations of royal women that condemn queenship and female power

The Paper Trade in Early Modern Europe Daniel Bellingradt,Anna Reynolds,2021-04-12 This book attends to the most essential lucrative and overlooked business activity of early modern Europe the trade of paper Despite the well known fact that paper was crucial to the success of printing and record keeping alike paper remains one of the least studied areas of early modern history Organised into three sections Hotspots and Trade Routes Usual Dealings and Recycling Economies the chapters in this collection shed light on the practices materials and networks of the paper trade Altogether the collection uncovers the actors involved in the networks of paper production transportation purchase and reuse between the thirteenth and nineteenth centuries and across the central and peripheral papermaking regions of Europe Contributors Renaud Adam Daniel Bellingradt Frank Birkenholz Simon Burrows Orietta Da Rold Michael Falk Anna Gialdini Rachel Hendery Silvia Hufnagel Jean Beno t Krumenacker Katherine McDonough Krisztina R bai Anna Reynolds Benito Rial Costas Tapio Salminen Helen Smith Jan Willem Veluwenkamp Andreas Weber and Megan Williams

Shakespeare Studies Today E. Pechter, 2011-06-06 The Romantics invented Shakespeare studies and in losing contact with our origins we have not been able to develop an adequate alternative foundation on which to build our work This book asserts that among Shakespeareans at present the level of conviction required to sustain a healthy critical practice is problematically if not dangerously low and the qualities which the Romantics valued in an engagement with Shakespeare are either ignored these days or fundamentally misunderstood
