Renaissance Rome 1500-1559 A Portrait Of A Society:

Renaissance Rome 1500-1559 Peter Partner, 1976 Peter Partner is an established scholar qualified by his research on The Papal State Under Martin V and The Lands of St Peter to write this general book on Renaissance Rome The titles of the chapters of the book are tantalizing and they indicate the breadth of issues under review politics economics population noble life and daily life and finally the spirit of a city and the spirit of an age No similar recent study exists for Rome and Partner's book responds to a genuine need The book is written with wit and good style and it contains a great deal of information John W O Malley University of Detroit Canadian Journal of History 13 1 pp 115-116 **Renaissance Rome, 1500-1559** Peter Partner, 1976 *Renaissance Rome. 1500-1559* Peter Partner, 1979 Michelangelo and the English Martyrs Anne Dillon, 2016-12-05 In May 1555 a broadsheet was produced in Rome depicting the torture and execution in London and York of the Carthusians of the Charterhouses of London Axeholme Beauvale and Sheen during the reign of Henry VIII This single page martyrology provides the basis for an in depth exploration of several interconnected artistic scientific and scholarly communities active in Rome in 1555 which are identified as having been involved in its production Their work and concerns which reflect their time and intellectual environment are deeply embedded in the broadsheet especially those occupying the groups and individuals who came to be known as Spirituali and in particular those associated with Cardinal Reginald Pole who is shown to have played a key role in its production Following an examination of the text and a discussion of the narrative intentions of its producers a systematic analysis is made of the images This reveals that the structure content and intention of what at first sight seems to be nothing more than a confessionally charged Catholic image of the English Carthusian martyrs typical of the genre of propaganda produced during the Reformation is astonishingly dominated by the most celebrated name of the Italian Renaissance the artist Michelangelo Buonarroti Not only are there direct borrowings from two works by Michelangelo which had just been completed in Rome The Conversion of St Paul and The Crucifixion of St Peter in the Pauline Chapel but many other of his works are deliberately cited by the broadsheet's producers Through the use of a variety of artistic scientific and historical approaches the author makes a compelling case for the reasons for Michelangelo's presence in the broadsheet and his influence on its design and production The book not only demonstrates Michelangelo's close relationship with notable Catholic reformers but shows him to have been at the heart of the English Counter Reformation at its inception This detailed analysis of the broadsheet also throws fresh light on the Marian religious policy in England in 1555 the influence of Spain and the broader preoccupations of the Counter Reformation papacy while at the same time enriching our understanding of martyrology across the confessional divide of the Reformation **Nicholas of Cusa - A Companion to his Life and his Times** Morimichi Watanabe, Edited by Gerald Christianson, 2016-05-06 This work is a guide to the life thought and activities of Nicholas of Cusa 1401-1464 the great fifteenth century philosopher theologian jurist author of mystical and ecclesiastical treatises cardinal and reformer It is intended not only for advanced scholars but

also for beginners and those simply curious about a man who has been called one of the greatest Germans of the fifteenth century and a medieval thinker for the modern age The book provides a series of detailed but readable essays on ideas persons and places a work developed over the course of nearly three decades First it contains articles on the important events and concepts that affected Cusanus philosophical religious intellectual and political Then it turns to his precursors and contemporaries both friendly and critical These include philosophers theologians politicians and canon lawyers And third the book follows the footsteps of the man from Kues and examines various sites where he lived studied or visited Because the author has also visited many of these sites he can contribute personal observations to enliven the journey To add to the book s usefulness as a resource and reference tool each entry is followed by a bibliography containing both recent and older works The purpose of the volume is to gain a greater appreciation of Cusanus and his legacy by striving for a total view of his thought and experience instead of narrowly focusing on specific philosophical theological or intellectual ideas or certain periods of his activities in isolation from other facets of this compelling figure

Delizia! John Dickie, 2008-01-08 Buon appetito Everyone loves Italian food But how did the Italians come to eat so well The answer lies amid the vibrant beauty of Italy s historic cities For a thousand years they have been magnets for everything that makes for great eating ingredients talent money and power Italian food is city food From the bustle of medieval Milan s marketplace to the banqueting halls of Renaissance Ferrara from street stalls in the putrid alleyways of nineteenth century Naples to the noisy trattorie of postwar Rome in rich slices of urban life historian and master storyteller John Dickie shows how taste creativity and civic pride blended with princely arrogance political violence and dark intrigue to create the world s favorite cuisine Delizia is much more than a history of Italian food It is a history of Italy told through the flavors and character of its cities A dynamic chronicle that is full of surprises Delizia draws back the curtain on much that was unknown about Italian food and exposes the long held canards It interprets the ancient Arabic map that tells of pasta s true origins and shows that Marco Polo did not introduce spaghetti to the Italians as is often thought but did have a big influence on making pasta a part of the American diet It seeks out the medieval recipes that reveal Italy s long love affair with exotic spices and introduces the great Renaissance cookery writer who plotted to murder the Pope even as he detailed the aphrodisiac qualities of his ingredients It moves from the opulent theater of a Renaissance wedding banquet with its gargantuan ten course menu comprising hundreds of separate dishes to the thin soups and bland polentas that would eventually force millions to emigrate to the New World It shows how early pizzas were disgusting and why Mussolini championed risotto Most important it explains the origins and growth of the world s greatest urban food culture With its delectable mix of vivid storytelling groundbreaking research and shrewd analysis Delizia is as appetizing as the dishes it describes This passionate account of Italy s civilization of the table will satisfy foodies history buffs Italophiles travelers students and anyone who loves a well told tale

Cajetan's Biblical Commentaries Michael O'Connor, 2017-01-05 Remembered as the official who failed to keep Luther in the Catholic

fold Tommaso de Vio Cardinal Cajetan 1469 1534 was a multi faceted figure whose significance extends beyond those days in Augsburg In the 1520s he embarked on a labour of biblical commentary that occupied the final decade of his life producing over a million words of translation and commentary Offering an overview of this remarkable body of work Michael O Connor argues that Cajetan s motive was the renewal of Christian living more Catholic Reform than Counter Reformation and that his method was a bold and fresh hybrid of scholasticism and Renaissance humanism correcting the Vulgate s errors and expounding the text almost exclusively according to the literal sense

Italian Confraternities in the Sixteenth Century Christopher F. Black,2003-08-28 Confraternities were and are religious brotherhoods for lay people to promote their religious life in common Though designed to prepare for the afterlife they were fully involved in the social political and cultural life of the community and could affect all men and women as members or as the recipients of charity Confraternities organised a great range of devotional cultural and indeed artistic activities in addition to other functions such as the provision of dowries and the escort of condemned men to the scaffold Other works have studied the local activities of specific

confraternities but this is the first to attempt a broad survey of such organisations across the breadth of early modern Italy Christopher Black demonstrates clearly the extent diversity and influence of confraternal behaviour and shows how such brotherhoods adapted to the religious and social crises of the sixteenth century thus illuminating current debates about Catholic Reform the Counter Reformation poverty philanthropy and social control *Lord of the Sacred City* J. Friedrichs, 2014-06-06 A pioneering text which covers the urban society of early modern Europe as a whole Challenges the usual emphasis on regional diversity by stressing the extent to which cities across Europe shared a common urban civilization whose major features remained remarkably constant throughout the period After outlining the physical political religious economic and demographic parameters of urban life the author vividly depicts the everyday routines of city life and shows how pitifully vulnerable city dwellers were to disasters epidemics warfare and internal strife **The epigram in England, 1590-1640** James Doelman, 2016-06-17 James Doelman's book is the first major study on the Renaissance English epigram since 1947 It combines thorough description of the genre's history and conventions with consideration of the rootedness of individual epigrams within specific social political and religious contexts **Where Heaven and Earth Meet: Essays on Medieval Europe in Honor of Daniel F. Lying in Early Modern English Culture Andrew Hadfield,2017-09-07 Lying in Early Modern English Culture is a major study of ideas of truth and falsehood in early modern England from the advent of the Reformation to the aftermath of the failed Gunpowder Plot The period is characterised by panic and chaos when few had any idea how religious cultural and social life would develop after the traumatic division of Christendom While many saw the need for a secular power to define the truth others declared that their allegiances belonged elsewhere Accordingly there was a constant battle between competing authorities for the right to declare what was the truth and so label opponents as liars Issues of truth and lying were therefore a constant feature of everyday life and determined ideas of individual identity politics speech sex marriage and social behaviour as well as philosophy and religion This book is a cultural history of truth and lying from the 1530s to the 1610s showing how lying needs to be understood in action as well as in theory Unlike most histories of lying it concentrates on a series of particular events reading them in terms of academic theories and more popular notions of lying The book covers a wide range of material such as the trials of Ann Boleyn and Thomas More the divorce of Frances Howard and the murder of Anthony James by Annis and George Dell works of literature such as Othello The Faerie Queene A Mirror for Magistrates and The Unfortunate Traveller works of popular culture such as the herring pamphlet of 1597 and major writings by Castiglione Montaigne Erasmus Luther and Tyndale
