*The Renault File* Eric Dymock,1998 In its centenary year Renault was the fifth best selling car in Britain Its Megane Scenic was the 1997 Car of the Year and the new Clio is expected to continue this success Renault has also been a powerful presence in the Formula 1 and the British Touring Car championships This book provides Renault s full story from the pioneering days when Louis Renault s primitive voiture impressed his friends by climbing the hilly Paris streets right up to recent models

*Learning Rates of Electric Vehicles* Andreas Zerfaß,2017-07-25 Governments of many countries consider the electrification of individual passenger transport as a suitable strategy to decrease oil dependency and reduce transport related carbon dioxide CO2 and air pollutant emissions However battery electric vehicles BEVs and plug in hybrid electric vehicles PHEVs have been more expensive than their conventional counterparts and suffer from relatively short electric driving ranges which still hampers the market potential of these vehicles Despite persisting shortfalls mechanisms such as technological learning and economics of scale promise to improve the techno economic performance of BEVs and PHEVs in the short to mid term Here the author seeks to obtain insight into the techno economic prospects of BEVs and PHEVs by i establishing experience curves and ii quantifying user costs and the costs of mitigating carbon dioxide and air pollutant emissions in a time series analysis The analysis captures the situation in Germany between 2010 and 2016

*Federal Communications Commission Reports* United States. Federal Communications Commission,1972 *The Labor Wars in Cordoba, 1955-1976* James Brennan,2009-07-01 Cordoba is Argentina s second largest city a university town that became the center of its automobile industry In the decade following the overthrow of Juan Peron s government in 1955 the city experienced rapid industrial growth The arrival of IKA Renault and Fiat fostered a particular kind of industrial development and created a new industrial worker of predominantly rural origins Former farm boys and small town dwellers were thrust suddenly into the world of the modern factory and the multinational corporation The domination of the local economy by a single industry and the prominent role played by the automobile workers unions brought about the greatest working class protest in postwar Latin American history the 1969 Cordobazo Following the Cordobazo the local labor movement was one characterized by intense militancy and determined opposition to both authoritarian military governments and the Peronist trade union bureaucracy These labor wars have been mythologized as a Latin American equivalent to the French student strikes of May June 1968 and the Italian hot summer of the same period Analyzing these events in the context of recent debates on Latin American working class politics Brennan demonstrates that the pronounced militancy and even political radicalism of the Cordoban working class were due not only to Argentina s changing political culture but also to the dynamic relationship between the factory and society during those years Brennan draws on corporate archives in Argentina France and Italy as well as previously unknown union archives Readers interested in Latin American studies labor history industrial relations political science industrial sociology and international business will all find value in this important analysis of labor
