all have lodged themselves in the collective consciousness Removed from sensationalism yet no less striking are Burri's images of the theater of war of people suffering in poverty and calamity And as if to hold such horrors in check Burri turned his lens with equal intensity to the spheres of beauty and creativity to the landscapes of Latin America to great artists such as Picasso and Maria Callas and to luminaries of architecture such as Le Corbusier and Oscar Niemeyer This two volume collection offers an extensive compilation of images from the eminent photojournalist *René Burri*, 2016 Ren Burri's photographs have written history his work is a mirror of politics and society of turning points triumphs and crises over the course of half a century Whether it was the fifteen year old Burri's portrait of Winston Churchill or his later portrayals of Che Guevara Fidel Castro Richard Nixon Anwar as Sadat or Muammar al Gaddafi all have traveled the world and lodged themselves in the collective consciousness Removed from sensationalism yet no less striking are Burri's images of the theater of war of people suffering in poverty and calamity And as if to hold such horrors in check Burri has turned his lens with equal intensity to the spheres of beauty and creativity to the landscapes of Latin America to great artists such as Picasso and Maria Callas and to luminaries of architecture such as Le Corbusier and Oscar Niemeyer *Rene Burri*, 2008 **René Burri - Photographer and Icon**, 2008 *Le Corbusier* Arthur Rüegg, 1999 Between the years 1955-1965 Magnum photographer Rene Burri spent much time with Le Corbusier photographing him in the most diverse situations Always chasing that special moment when everything is just right Burri has captured moments in Le Corbusier's private and professional life which provide fascinating insight into the man behind the public figure These beautiful photographs are an outstanding document of value for art and architectural history and will provide many a surprise for those who browse through this volume At a special reduced price the book is immediately accessible to a wide audience of Le Corbusier fans eager to catch a more personal glimpse of this renowned architect **Encyclopedia of Twentieth-Century Photography, 3-Volume Set** Lynne Warren, 2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force This Encyclopedia presents the important developments movements photographers photographic institutions and theoretical aspects of the field along with information about equipment techniques and practical applications of photography To bring this history alive for the reader the set is illustrated in black and white throughout and each volume contains a color plate section A useful glossary of terms is also included *The Photographer's Eye (Definitive Edition)* Michael Freeman, 2025-08-28 FULLY REVISED AND UPDATED EDITION OF THE PHOTOGRAPHER'S EYE FROM AWARD WINNING AUTHOR MICHAEL FREEMAN COMING JULY 2025 With 30% new content and never before seen images Michael Freeman brings his ground breaking book The Photographer's Eye up to date with a fresh look and the latest developments in digital photography Design is the single most important factor in creating a successful

photograph The ability to see the potential for a strong picture and then organise the graphic elements into an effective compelling composition has always been one of the key skills in making photographs Taking a brand new look at composition Michael Freeman explores the visual mechanics of photography in its own native terms Freshly illustrated with straight to the point diagrams and graphic deconstructions this new remastered edition speaks in that intuitive visual and instantaneous language in which photographers think and work Dive into extraordinary photography and graphic illustrations that explore how each compositional element is placed and arranged in relation to one another Examine the outtakes from each shoot to understand why one particular image succeeded compared to those taken before and after Track the viewer's eye as it moves throughout the photo to see the optical dynamics held within each frame Most importantly internalise this graphic language so you can instantly recognise amazing and powerful shots as they appear in your own viewfinder **American Photo**
