Renee Fleming The Inner Voice Notes From A Life Onstage:

The Marriage between Perfume and the Lyric Stage Mary May Robertson, 2023-09-22 But what is this scent of balmy air What this ray of light in my tomb I seem to see an angel amid a scent of roses sings Florestan in Fidelio Beethoven's only opera The role of scents smells fragrances and odours in opera has long been neglected just as how much opera and its stars have influenced the world of perfumery from the nineteenth century to the present day In the first book length study on the topic Professor Mary May Robertson explores the relationship between opera perfumes and their respective protagonists in order to map out the previously undiscussed connection between the two Through compelling close readings of librettos and rigorous research through thousands of bottles of perfume the reader will come to appreciate and recognise the influences and exchanges between operas and perfumes and their ultimate marriage in the previously unrecognised genre of Operatic Perfumes which is to say perfumes named after operas composers and their divas *Aging Femininities* Josephine Dolan, 2020-05-15 Older women have never been so visible or so problematised in popular media culture as now but what kinds of representations are being offered and how can we make sense of them in the context of post feminism and global economic change *Aging Femininities Troubling Representations* offers a timely intervention into the hiatus between the visibility of aging femininity in contemporary circuits of culture and its marginalisation in cultural theory From graceful agers and Saga subscribers to make over models and pop divas each of the essays in this collection interrogates the different manifestations of aging femininity in terms of both its historic invisibility and its new visibility The book forges links between contemporary lived experience and feminist cultural theory and research often through the direct and autobiographical knowledge of the writers themselves Divided into four sections Cultural Herstories Regulations and Transgressions Problematic Postfeminists and Divas and Dolls plus a thought provoking photo essay it wrests the discourse of aging away from the twin hegemonies of consumer culture and gerontology to present a diverse selection of essays and positions *Aging Femininities Troubling Representations* establishes the long overlooked richness and the complexity of this field of study
