Renegade Diplomat:

Rogue Diplomats Seth Jacobs, 2020-05-21 This book explores a crucial feature of U S foreign policy the extent to which many of America s greatest triumphs resulted from diplomats disobeying orders The Sultan's Renegades Tobias P. Graf, 2017-02-23 The figure of the renegade a European Christian or Jew who had converted to Islam and was now serving the Ottoman sultan is omnipresent in all genres produced by those early modern Christian Europeans who wrote about the Ottoman Empire As few contemporaries failed to remark converts were disproportionately represented among those who governed administered and fought for the sultan Unsurprisingly therefore renegades have attracted considerable attention from historians of Europe as well as students of European literature Until very recently however Ottomanists have been surprisingly silent on the presence of Christian European converts in the Ottoman military administrative elite The Sultan s Renegades inserts these foreign converts into the context of Ottoman elite life to reorient the discussion of these individuals away from the present focus on their exceptionality towards a qualified appreciation of their place in the Ottoman imperial enterprise and the Empire s relations with its neighbours in Christian Europe Drawing heavily on Central European sources this study highlights the deep political religious and cultural entanglements between the Ottoman Empire and Christian Europe beyond the Mediterranean Basin as the shared world par excellence The existence of such trans imperial subjects is not only symptomatic of the Empire s ability to attract and integrate people of a great diversity of backgrounds it also illustrates the extent to which the Ottomans participated in processes of religious polarization usually considered typical of Christian Europe in this period Nevertheless Christian Europeans remained ambivalent about those they dismissed as apostates and traitors frequently relying on them for support in the pursuit of familial and political interests A King's Ransom Simon Burrows, 2010-03-03 If Charles Th veneau de Morande was a character in a novel he would be considered the ultimate anti hero Morande s historical significance far transcends his success as a blackmailer and scandalous pamphleteer Having extorted the French monarchy he turned coat and during the War of American Independence and throughout the 1780s was France s leading political spy in London In addition he was a highly successful police agent among his fellow exiles and one of the most influential journalists of his time His enemies or victims who invariably suffered intense damage to their reputations included many of the most colourful figures of his day Nevertheless Morande survived the wrath of both Louis XV and the revolution outlived his enemies and died peacefully in his bed Morande s life story is a tale of intrigue blackmail espionage duels kidnap murder politics conspiracy and crime At the same time it offers a chance to examine some of the most important issues of French history and revolution *American Diplomacy's Public Dimension* Bruce Gregory, 2024-01-12 This is the first book to frame U S public diplomacy in the broad sweep of American diplomatic practice from the early colonial period to the present It tells the story of how change agents in practitioner communities foreign service officers cultural diplomats broadcasters citizens soldiers covert operatives democratizers and presidential aides

revolutionized traditional government to government diplomacy and moved diplomacy with the public into the mainstream This deeply researched study bridges practice and multi disciplinary scholarship It challenges the common narrative that U S public diplomacy is a Cold War creation that was folded into the State Department in 1999 and briefly found new life after 9 11 It documents historical turning points analyzes evolving patterns of practice and examines societal drivers of an American way of diplomacy a preference for hard power over soft power episodic commitment to public diplomacy correlated with war and ambition an information dominant communication style and American exceptionalism It is an account of American diplomacy s public dimension the people who shaped it and the socialization and digitalization that today extends diplomacy well beyond the confines of embassies and foreign ministries **Pale Twisted Forest** Michael D. Williams, 2024-03-01 In a fusion of contrasting worlds Pale Twisted Forest uncovers the complex life of a Black albino gay man from Russia with roots in the deep American South during the Jim Crow era As the only openly gay member of the Russian crime syndicate the Bratva his existence is as layered as it is perilous Born out of rape he navigates a complex relationship with his mother and an enduring family secret three generations of hidden homosexuality and bisexuality Despite his rugged exterior and a maze of unconventional relationships he embarks on a quest for authentic love all while fending off insidious enemies determined to annihilate him and his family This spellbinding saga chronicles the Fisk family as they unite in a fierce battle for survival Along the way they find themselves entangled in transformative situations each shaping their individual and collective destinies Through webs of drama and threads of adventure theirs is a journey like no other indeed a pale twisted forest of experiences and revelations If This Be Treason Jeremy Duda, 2016-10-15 Treason is the only crime explicitly defined in America s Constitution Relatively few Americans have been convicted of it Far more have had the poisonous word thrown at them Through the cases of Americans who whether acting in defense of their country for personal gain or simply when society had redefined treasonous activity were accused of betraying their country though not charged with the ultimate crime against one s nation If This Be Treason tackles the complicated question of where dissent ends and betrayal begins Jeremy Duda covers the gamut of American history from the earliest days of the republic when George Logan s act of unauthorized diplomacy kept his fledgling country out of war with France but so outraged his enemies that Congress passed a law to prevent it from ever happening again to today as Edward Snowden remains an international fugitive for exposing the government s spying on its own citizens Among other examples are diplomatic envoy Nicholas Trist who betrayed his president s order to return home so he could negotiate a just treaty with a vanquished foe former congressman Clement Vallandigham who was exiled from his own country for speaking out against Lincoln s prosecution of the Civil War and Richard Nixon who scuttled a peace deal to end the war in Vietnam If this be treason make the most of it So proudly declared Patrick Henry accused of treason for opposing the Stamp Act imposed by Great Britain on its American colonies Throughout history Americans have toed the line between treason and dissent Exactly where that line is has remained difficult to

ascertain But these cases serve as a fascinating way to explore and interpret where dissent ends and betrayal begins **The Plantagenets** Dan Jones, 2014-03-25 The New York Times bestseller from the author of *Powers and Thrones* that tells the story of Britain's greatest and worst dynasty a real life Game of Thrones The Wall Street Journal The first Plantagenet kings inherited a blood soaked realm from the Normans and transformed it into an empire that stretched at its peak from Scotland to Jerusalem In this epic narrative history of courage treachery ambition and deception Dan Jones resurrects the unruly royal dynasty that preceded the Tudors They produced England's best and worst kings Henry II and his wife Eleanor of Aquitaine twice a queen and the most famous woman in Christendom their son Richard the Lionheart who fought Saladin in the Third Crusade and his conniving brother King John who was forced to grant his people new rights under the Magna Carta the basis for our own bill of rights Combining the latest academic research with a gift for storytelling Jones vividly recreates the great battles of Bannockburn Cr cy and Sluys and reveals how the maligned kings Edward II and Richard II met their downfalls This is the era of chivalry and the Black Death the Knights Templar the founding of parliament and the Hundred Years War when England's national identity was forged by the sword *A Jewish Jesuit in the Eastern Mediterranean* Robert Clines, 2019-10-17 Recounts a Jewish born Catholic priest's effort to prove he was Catholic to anyone who doubted him including himself **Maximilian in Mexico** Percy Falcke Martin, 1914 **Men of Influence** Sabine Dullin, 2019-07-26 Sabine Dullin has researched the history of Soviet diplomacy from 1930 1939 through a variety of now accessible diplomatic political administrative and social archives She had added to this mix the memories and testimonies of diplomatic personnel In particular her book sheds light on the role of Maxime Litvinov [Japanese Diplomats and Jewish Refugees](#) Pamela R. Sakamoto, 1998-11-19 In the late 1930s and early 1940s European Jews traveled east to seek refuge in the West Three thousand refugees transited Japan and China and more than 21 000 spent the war in Japanese occupied Shanghai Japanese diplomats in Europe were caught off guard by the flood of visa applicants and the Foreign Ministry belatedly confronted a refugee problem Unexpected visitors became uninvited guests Vice Consul Sugihara Chiune might have faded into history as a minor diplomat in Lithuania had he not issued thousands of transit visas to refugees including those who fulfilled few visa requirements Sakamoto demonstrates how he helped thousands escape Europe in the end as she points out a number of Japanese diplomats saved Jews by issuing visas but very few issued visas to save Jews Sakamoto focuses on the extensive archives of the Ministry of Foreign Affairs which have not been treated at length before By examining the cable traffic between diplomats and the ministry headquarters she reveals the uncensored reactions of Japanese diplomats to Jewish refugees Through the files of Jewish organizations and the American government she presents the dimensions of the crisis as Germany's emphasis on emigration changed to extermination Interviews with former diplomats refugees and those who knew Sugihara give human dimensions to a fascinating and little known episode of the war **Milo March #2** Kendell Foster Crossen, M.E. Chaber, 2020-05-04 In this action packed Cold War spy adventure Milo March private detective and former OSS

officer during World War II is recruited by Army intelligence to carry out a dangerous mission behind the Iron Curtain. An important British diplomat has defected to East Germany carrying with him secrets about British and American codes. He can also help the Communists gain access to a physicist working in the British Sector on a top secret project that involves tampering with energy fields affecting the human brain, a bizarre process that could disastrously alter the nature of warfare. Operation Berlin demands that Milo kidnap the diplomat before the Russians make him talk. Disguised as an American Communist delegate to an international Peace Festival in Berlin, Milo dashes into the Soviet Zone just as the news leaks that an American agent is coming to the event. Surrounded by suspicious comrades, he is congratulated on his mastery of Lenin quotes one moment while the next he is subjected to arrest and a torturous interrogation. Even when he scores a point, he never knows whether he is fooling them or they are fooling him. While treading this unbearable tightrope of tension, he is distracted by two beautiful women: the sexually aggressive blonde Frieda and the soft-eyed black-haired Greta, who has some secrets of her own. Either or both of these feminine comrades could be on the verge of betraying him. Although the efficient and fearless Milo always insists on working alone, help comes from an unexpected quarter in the nick of time.

Diplomatic Portraits William Penn Cresson, 1923 *Conquering Character* Sarah Leihar Hall, 2010-09-08 While recent Old Testament scholarship has seen a steady rise in the prominence of narrative approaches to the text, little such work has been done on the book of Joshua. This book offers a narrative treatment of the conquest accounts with specific attention given to the characterization of Joshua. The method employed is eclectic, including poetic analysis, structural study, delimitation, criticism, comparative literary analysis, and intertextual reading. Joshua's characterization has received inadequate scholarly attention to date, largely because he is seen as a pale character, a mere stereotype in the biblical history. This two-dimensional reading often leads to the conclusion that Joshua is meant to represent another character in the history. But this approach neglects the many aspects of Joshua's character that are unique and does not address the text's presentation of his flaws. On the other hand, some scholars have recently suggested that Joshua's character is significantly flawed. This reading is similarly untenable as those features of Joshua's leadership that it portrays as faulty are in fact condoned, not condemned, by the text itself. Close examination of the conquest narratives suggests that Joshua's character is both complex and reliable. To the degree that Joshua functions as a paradigm in the subsequent histories, this paradigm must be conceived more broadly than it has been in the past. He is not merely a royal prophetic or priestly figure but exercises and often exemplifies the many different types of leadership that feature in the former prophets.

Censorship and the Limits of the Literary Nicole Moore, 2017-02-23
Explores the defining relationship of literature to censorship across the globe

Diplomatic Theory of International Relations Paul Sharp, 2009-09-03 This book seeks to identify a body or tradition of diplomatic thinking and construct a diplomatic theory of international relations from it

Diplomatic Interference and the Law Paul Behrens, 2016-05-05
Diplomatic interference carries considerable potential for disruption. In this context, diplomats have been accused of insulting

behaviour the funding of political parties incitement to terrorism and even attempts to topple the host government Reactions can be harsh expulsions are common and occasionally diplomatic relations are severed altogether But an evaluation under international law faces challenges Often enough charges of interference are made when legitimate interests are involved for instance when diplomats criticise the human rights record of their hosts In such cases diplomats may be able to invoke grounds which are recognised under international law On the basis of more than 300 cases of alleged diplomatic interference and the practice of about 100 States and territories *Diplomatic Interference and the Law* provides an examination of the main areas in which charges of meddling have arisen such as lobbying activities contacts with the opposition propaganda the use of threats and insults and the granting of asylum It analyses situations in which the sovereignty of the receiving State meets competing interests and offers solutions which avoid a conflict of norms It concludes with useful advice for foreign offices and diplomatic agents and underlines the most efficient ways of dealing with situations of alleged interference A book that is here to stay It is essential reading for diplomats academics journalists students and everyone who has an interest in international law and justice Based on rigorous research Paul Behrens book offers new and thoughtful perspectives on the Vienna Convention on Diplomatic Relations which we drafted in 1961 It demonstrates just how important it is to have a lawyer of his impartiality and integrity if we want to reach peaceful and lasting solutions in international relations *Diplomatic Interference and the Law* has the makings of an instant classic and I have no doubt that it will pave the way for the sorely needed reform of diplomatic law Dr Nelson Iri iz Cas s Vice President of the Committee of the Whole of the Vienna Conference on Diplomatic Relations in 1961 former Head of the diplomatic missions of Uruguay to Austria Czechoslovakia Hong Kong Denmark and Sweden author of *Corrupci n en la ONU* Dr Behrens s book rigorously analyses the legal doctrine of non interference by diplomats in their hosts internal affairs and how it may conflict with legal obligations to combat for example denial of self determination and breaches of human rights Exhaustively researched and in accessible language with copious often entertaining examples it will be an indispensable guide for diplomats Behrens on diplomatic interference will be cited as the definitive authority on the matter for the foreseeable future I recommend this book to diplomats lawyers and the general reader they will all read and refer to it with profit and immense pleasure Sir Brian Barder KCMG BA Cantab is a former British ambassador to Ethiopia B nin and Poland and High Commissioner to Nigeria and Australia Paul Behrens book breaks new ground It is the first study to focus on the vexed question of diplomatic meddling in the domestic affairs of the receiving State It has heightened topicality as many Western governments in their concern to promote human rights and democracy urge their diplomats to be active in their support of civil society particularly in countries with authoritarian governments This book is replete with case studies covering the 50 years since the signature of the Vienna Convention and provides an invaluable pathway through this legal minefield Sir Ivor Roberts KCMG FCIL President of Trinity College Oxford Former British Ambassador to Yugoslavia Ireland and Italy *Self and Emotional Life* Adrian Johnston, Catherine

Malabou,2013-06-04 Adrian Johnston and Catherine Malabou defy theoretical humanities deeply entrenched resistance to engagements with the life sciences Rather than treat biology and its branches as hopelessly reductive and politically suspect they view recent advances in neurobiology and its adjacent scientific fields as providing crucial catalysts to a radical rethinking of subjectivity Merging three distinct disciplines European philosophy from Descartes to the present Freudian Lacanian psychoanalysis and affective neuroscience Johnston and Malabou triangulate the emotional life of affective subjects as conceptualized in philosophy and psychoanalysis with neuroscience Their experiments yield different outcomes Johnston finds psychoanalysis and neurobiology have the potential to enrich each other though affective neuroscience demands a reconsideration of whether affects can be unconscious Investigating this vexed issue has profound implications for theoretical and practical analysis as well as philosophical understandings of the emotions Malabou believes scientific explorations of the brain seriously problematize established notions of affective subjectivity in Continental philosophy and Freudian Lacanian analysis She confronts philosophy and psychoanalysis with something neither field has seriously considered the concept of wonder and the cold disturbing visage of those who have been affected by disease or injury such that they are no longer affected emotionally At stake in this exchange are some of philosophy's most important claims concerning the relationship between the subjective mind and the objective body the structures and dynamics of the unconscious dimensions of mental life the role emotion plays in making us human and the functional differences between philosophy and science

The Constitution of the European Union Ulrich Haltern,2025-01-23 This book provides a contextual analysis of the constitution of the European Union which unlike most constitutions does not belong to a state Rather the EU is an international organisation that has moved beyond the features of international law into a terrain very close to the municipal law of federal states Many features we take for granted in nation states are non-existent or contested in the Union There is no European Union constitutional text in the proper sense the Constitutional Treaty signed by the Member States in 2004 failed spectacularly in the process of popular ratification The Union's founding texts were international treaties international law not constitutional law And yet over time legal doctrine put into place by the European Court of Justice in Luxembourg has led to constitutional attributes of Union law and political practice led by the Commission has mirrored these attributes complementing a de facto constitutionalist environment As a consequence we have seen a steady re-ordering of the functional boundaries of the Member States followed by a nascent re-ordering of the imagined boundaries of political community and self All of this is constitutionalism writ large legal doctrines institutional arrangements political practices and their implications for legitimacy democracy and political self imagination and together they form the subject of this fascinating book

Love Conquers Nothing Emily Hahn,2015-04-21 If you look at history through Emily Hahn's jaundiced eyes you'll realize that romance just ain't what romantics crack it up to be Using such notorious affairs as those of Caesar and Cleopatra or Henry VIII and Anne Boleyn Hahn reminds us that love is far less of a factor in the fates of nations

than greed wrath and some of humanity's other less attractive character traits Love doesn't conquer all it just screws a lot of things up

Thank you very much for downloading **Renegade Diplomat**. As you may know, people have look numerous times for their favorite readings like this Renegade Diplomat, but end up in infectious downloads.

Rather than reading a good book with a cup of coffee in the afternoon, instead they are facing with some infectious bugs inside their computer.

Renegade Diplomat is available in our book collection an online access to it is set as public so you can get it instantly. Our book servers saves in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the Renegade Diplomat is universally compatible with any devices to read
