R. H. Tawney and His Times

Socialism as Fellowship

Ross Terrill

"Should be the standard work for our generation."

—*Review of Politics*

"I have read it, enthralled, at a single sitting."

—Professor Maurice Cranston

Rh Tawney And His Times Socialism As Fellowship

Alfred F. Havighurst

Rh Tawney And His Times Socialism As Fellowship:

R.H. Tawney and His Times Ross Terrill, 1973 Economic historian democratic socialist educator and British labor party activist R H Tawney touched many worlds His life too spanned great distance and change When he was born in Calcutta in 1880 Gladstone Tennyson and Queen Victoria were flourishing and the British Empire was approaching its height By the time of his death in 1962 the Empire had shrunk to a few tourist islands and socialism once so shocking was now commonplace Ross Terrill in this absorbing first study of Tawney s thought view his subject within three related contexts The first is Tawney the man Terrill makes skillful use of unpublished material the early diary speech and lecture notes letters interviews with friends and associates to tell the story of Tawney s life in relation to his times Second is social democracy Tawney was one of its most influential philosophers and prophets and this book argues for the continuing validity of his socialism as a path between capitalism and communism Third is British politics From Edwardian liberal consensus to mid century collectivist consensus Tawney s long career often at odds with prevailing orthodoxies offers a window on British political culture Four key ideas are found in Tawney s political thought equality and the dispersion of power the shape of socialism function and citizenship the life of socialism These ideas and indeed the life of the man himself Terrill believes are summed up in socialism as fellowship As long as men are men Tawney said a poor society cannot be too poor to find a right order of life nor a rich society too rich to have need to seek it This book is a blend of biography history and the study of political ideas It provides a striking portrait of a remarkable man and a panorama of changing ideas and situations in the society where he tried to realize his socialist vision It offers many glimpses of Tawney s associates among them Beveridge the Webbs Laski A P Wadsworth Temple Margaret Cole and Leonard Woolf and surprising snippets like the fact that Tawney used the phrase private affluence and public squalor in 1919

Social Democracy in the Making Gary Dorrien, 2019-04-23 An expansive and ambitious intellectual history of democratic socialism from one of the world s leading intellectual historians and social ethicists The fallout from twenty years of neoliberal economic globalism has sparked a surge of interest in the old idea of democratic socialism a democracy in which the people control the economy and government no group dominates any other and every citizen is free equal and included With a focus on the intertwined legacies of Christian socialism and Social Democratic politics in Britain and Germany this book traces the story of democratic socialism from its birth in the nineteenth century through the mid 1960s Examining the tenets on which the movement was founded and how it adapted to different cultural religious and economic contexts from its beginnings through the social and political traumas of the twentieth century Gary Dorrien reminds us that Christian socialism paved the way for all liberation theologies that make the struggles of oppressed peoples the subject of redemption He argues for a decentralized economic democracy and anti imperial internationalism

English Pasts : Essays in History and Culture Stefan Collini, 1999-03-25 This is a collection of essays by a leading historian and critic Subjects include the idea of the national past the historian as social critic the claims of Cultural

Studies the nature of academic research the function of the literary biography and the lives and ideas of such figures as Charles Darwin John Stuart Mill Anthony Trollope George Eliot Bertrand Russell R H Tawney Isaiah Berlin Raymond Williams and Richard Hoggart Aimed at the non specialist reader In this collection of engaging and readable essays Stefan Collini shows how much can be gained from bringing a rigorous historical perspective to some of the most contentious issues in contemporary culture Whether he is asking what it means to inhabit and possess a national past or reflecting on the role of the historian as social critic whether he is scrutinizing the claims of Cultural Studies or challenging the assumptions about academic research whether he is pondering the future of literary biography or reassessing some of the leading minds in modern British culture Collini writes with a rare blend of sympathy sharpness and wit Explicitly addressed to the non specialist these essays attempt to make some of the fruits of detailed scholarly research in various fields available to a wider audience The book will interest and delight readers interested in history literature and contemporary cultural debate

Square Haunting Francesca Wade, 2020 A beautiful and deeply moving book Sally Rooney author of *Normal People* An engrossing group portrait of five women writers including Virginia Woolf who moved to London's Mecklenburgh Square in search of new freedom in their lives and work I like this London life the street sauntering and square haunting Virginia Woolf diary 1925 In the early twentieth century Mecklenburgh Square a hidden architectural gem in the heart of London was a radical address On the outskirts of Bloomsbury known for the eponymous group who lived in squares painted in circles and loved in triangles the square was home to students struggling artists and revolutionaries In the pivotal era between the two world wars the lives of five remarkable women intertwined at this one address modernist poet H D detective novelist Dorothy L Sayers classicist Jane Harrison economic historian Eileen Power and author and publisher Virginia Woolf In an era when women's freedoms were fast expanding they each sought a space where they could live love and above all work independently With sparkling insight and a novelistic style Francesca Wade sheds new light on a group of artists and thinkers whose pioneering work would enrich the possibilities of women's lives for generations to come

Common Writing Stefan Collini, 2016-03-17 In a series of penetrating and attractively readable essays Stefan Collini explores aspects of the literary and intellectual culture of Britain from the early twentieth century to the present *Common Writing* focuses chiefly on writers critics historians and journalists who occupied wider public roles as cultural commentators or intellectuals as well as on the periodicals and other genres through which they attempted to reach such audiences Among the figures discussed are T S Eliot Graham Greene J B Priestley C S Lewis Kingsley Amis Nikolaus Pevsner Hugh Trevor Roper Christopher Hitchens and Michael Ignatieff The essays explore the variety of such figures writings something that can get overlooked or forgotten when they are treated exclusively in terms of their contribution to one established or professional category such as novelist or historian while capturing their distinctive writing voices and those indirect or implicit ways in which they position or reveal themselves in relation to specific readerships disputes and traditions These essays engage with recent biographies

collections of letters and new editions of classic works thereby making some of the fruits of recent scholarly research available to a wider audience Collini has been acclaimed as one of the most brilliant essayists of our time and this collection shows him at his subtle perceptive and trenchant best Common Writing will appeal to and delight readers interested in literature history and contemporary cultural debate London and the English Economy F. J. Fisher, 1990-07-01 This book brings together the articles on which Fisher's reputation was founded It deals with central features of the English economy in particular the importance of London both as a social and economic hub and the nature of internal and external trade The essays can rightly be described as classics **The Politics of Crisis** G. Fry, 2001-05-21 The Politics of Crisis is an interpretation of the most dramatic periods of modern British political history the decade and a half between 1931 and 1945 Formed to sustain the British economy in the midst of the Great Depression the National Governments of the 1930s achieved this and more and electoral popularity unmatched since Yet the conventional wisdom about those Governments is full of the unemployment that they inherited as it is of the image of Neville Chamberlain trying and failing to buy peace from Hitler at Munich For then comes the Second World War and Winston Churchill and victory of a kind for Britain and a curious form of domestic politics that with peace restored witnesses the victor turned out of office The Politics of Crisis clinically assesses the evidence and these events and provides a challenging and new interpretation of them **Education, Philosophy and Well-being** Judith Suissa, Carrie Winstanley, Roger Marples, 2014-08-21 John White is one of the leading philosophers of education currently working in the Anglophone world Since first joining the London Institute of Education in 1965 he has made significant contributions to the landscape of the discipline through his teaching research and numerous publications His academic work encompasses a broad range of rich philosophical issues ranging from questions surrounding the child's mind through the moral and pedagogical obligations of teachers and schools to local and national questions of educational policy In this volume international contributors address key issues in the philosophy of education touching on significant contemporary concerns and demonstrating the breadth and influence of John White's work Each chapter critically examines builds on and pays tribute to John White's unique contribution considering how his work has impacted on the discipline of education as we know it today Topics covered include policy and the role of philosophy of education liberal education the aims of education moral education leadership Education Philosophy and Wellbeing will appeal to postgraduate students and academics in the fields of history policy education studies and philosophy as well as to policy makers educational administrators and teachers *Saving Civilization* Lucy McDiarmid, 1984-11-30 Saving civilization was the grandiloquent cry of the 1920s and 1930s This is a study of the various answers these three great modern British poets Yeats Eliot and Auden gave to the question of how a mere writer could affect the world of his audience The author concentrates on the years between the wars a time when the pressure to save civilization was felt by poets and political leaders alike The book avoids the typical political labels associated with these poets such as reactionary or leftist Rather it analyses the conflict the three

felt between a civic urge to become engaged and an artistic need to remain disengaged Dr McDiarmid traces the story of the different ideals the poets formulated in response to the fragmentation and anxiety of the modern world Yeats Eliot and Auden experienced a simultaneous disillusionment over political goals and a triumphant rededication to artistic ones Their realistic adjustments to the limiting conditions of the twentieth century are sensitively described in a work that has immediate interest and permanent value

Selvages & Biases Michael G. Kammen, 1987 Winner of the 1973 Pulitzer Prize for history Kammen addresses three themes concerning the state of historical inquiry in America Beginning with how history as a professional discipline has changed over the past century the book treats the relationship of the historian's craft to American nationalism the value of historical knowledge and the shifting attitudes of historians toward society Kammen appraises the significance of historiography as a measure of cultural change and shows how the past has been manipulated for social and ideological reasons and how memories of the national and regional past have conflicted with the realities of historical experience He also explains how traditional modes of interpreting the past have lost their cohesive force and why historians should pursue new approaches to the cultural history ISBN 0 8014 1924 7 24 95

A Fair Day's Wage for a Fair Day's Work? Sheila Blackburn, 2016-03-23 The nature of sweating and the origins of low pay legislation are of fundamental social economic and moral importance Although difficult to define sweating according to a select committee established to investigate the issue was characterised by long hours poor working conditions and above all by low pay By the beginning of the twentieth century the government estimated that up to a third of the British workforce could be classed as sweated labour and for the first time in a century began to think about introducing legislation to address the problem Whilst historians have written much on unemployment poverty relief and other such related social and industrial issues relatively little work has been done on the causes extent and character of sweated labour That work which has been done has tended to focus on the tailoring trades in London and Leeds and fails to give a broad overview of the phenomenon and how it developed and changed over time In contrast this volume adopts a broad national and long run approach providing a more holistic understanding of the subject Rejecting the argument that sweating was merely a London or gender related problem it paints a picture of a widespread and constantly shifting pattern of sweated labour across the country that was to eventually persuade the government to introduce legislation in the form of the 1909 Trades Board Act It was this act intended to combat sweated labour which was to form the cornerstone of low pay legislation and the barrier to the introduction of a minimum wage for the next 90 years

Frontiers of History Donald R. Kelley, 2006-01-01 In 1764-65 the irrepressible playwright Beaumarchais travelled to Madrid where he immersed himself in the life and society of the day Inspired by the places he had seen and the people he had met Beaumarchais returned home to create *The Barber of Seville* and *The Marriage of Figaro* plays that became the basis for the operas by Rossini and Mozart that continue to delight audiences today This book is a lively and original account of Beaumarchais's visit to Madrid he never went to Seville and a re-creation of the society that

fired his imagination Drawing on Beaumarchais's letters and commentaries translated into English for the first time Hugh Thomas investigates the full range of the playwright's activities in Madrid He focuses particular attention on short plays that Beaumarchais attended and by which he was probably influenced and he probes the inspirations for such widely recognized characters as the barber valet Figaro the lordly Count Almaviva and the beautiful but deceived Rosine Not neglecting Beaumarchais's many other pursuits ranging from an endeavour to gain a contract for selling African slaves to an attempt to place his mistress as a spy in the bed of King Charles III Lord Thomas provides a highly entertaining view of a vital moment in Madrid's history and in the creative life of the energetic Beaumarchais

Landlords and Tenants in Britain, 1440-1660 Jane Whittle, 2013 Tawney's Agrarian Problem in the Sixteenth Century 1912 **Education and Democracy** Adam R. Nelson, 2009-01-09 This definitive biography of the charismatic Alexander Meiklejohn tracks his turbulent career as an educational innovator at Brown University Amherst College and Wisconsin's Experimental College in the early twentieth century and his later work as a civil libertarian in the Joe McCarthy era The central question Meiklejohn asked throughout his life's work remains essential today How can education teach citizens to be free **Making History** Peter Lambert, Phillipp Schofield, 2004-08-02 Making History offers a fresh perspective on the study of the past It is an exhaustive exploration of the practice of history historical traditions and the theories that surround them Discussing the development and growth of history as a discipline and of the profession of the historian the book encompasses a huge diversity of influences organized around the following themes the professionalization of the discipline the most significant movements in historical scholarship in the last century including the Annales School the increasing interdisciplinary trends in scholarship theory in historical practice including Marxism post modernism and gender history historical practice outside the academy The volume offers a coherent set of chapters to support undergraduates postgraduates and others interested in the historical processes that have shaped the discipline of history *The Impact of New Labour* G. Taylor, 1999-05-12 An up to date critical assessment of the New Labour phenomena It assesses the impact of Labour's modernizers in three crucial areas changes within the Labour party itself the reformation of the British state and the influence on particular areas of policy The essays do not seek to provide unequivocal answers to the questions raised by the arrival of New Labour and their initial period in office but provide a debate between the contributors over the nature and significance of these changes The book is a wide ranging and accessible account of the political phenomena which will lead Britain into the twenty first century

Modern England 1901-1970 Alfred Havighurst, 1976-05-13 This is a comprehensive bibliography of all printed books articles and standard texts on England Ireland Scotland the Commonwealth and the colonies up to 1970 This handbook will serve as a useful guide to scholars teachers at all levels advanced students and the general reader interested in examining the period in some depth **Economics and its Enemies** William Oliver Coleman, 2002-10-23 Anti economics is described as the opposition to the main stream of economic thought that has existed from the Eighteenth century to the present day

This book tells the story of anti economics in relations to Smith Ricardo Mill Walras Keynes and Hicks as well as current economic thinkers William Coleman examines how anti economics developed from the Enlightenment to the present day and analyzes its various guises Right anti economics Left anti economics Nationalist and Historicist anti economics and Irrationalist Moralistic Aesthetic and Environmental anti economics History of Political Thought Jeffrey Bercuson, 2020-11-17 A History of Political Thought analyses market society by surveying the ideas of its most perceptive thought provoking observers critics and defenders from ancient Greece to the present day **Modern England, 1901-1984** Alfred F. Havighurst, 2004-07-08 The most comprehensive bibliography of printed books articles and standard texts on twentieth century England
