God accepted his son's plea to help bring mankind back to him at whatever it took. Jesus loved us so much despite our attitude and behavior that he gave up a peaceful life in heaven to come to a condemn world to save us from being destroyed. Satan always envied Jesus but he knew Jesus didn't deserve to be mistreated although he himself tried tempting him as he has done to mankind and the angels in heaven. Jesus took the abuse, tolerated the lies, bore the cross and died out of love for us. Satan is desperate for power and control that he only can gain through the people's sinful ways. Satan would go through any attempt to get people to give him their soul through lies and temptation. Although Satan preys on the weak and vulnerable, he doesn't make anyone do anything; he just makes bad look good and revenge looks rewarding. He knows how to manipulate and deceive you. He uses your mistakes and past of secrets against you. But through all and in the end, good always wins one way or another. This book is about life and the things we go through. It tells you there's nothing new under the sun even through the different eras of time. Most of all, it tells you that God is and will always be and that he says what he means and means what he says.

End-Time Edwin Zackrison, 2022-07-19 Not long ago those who wrote about the end time were preachers the more fundamentalist the more extreme by some standards The end is coming soon they said and cartoons were rampant with guys carrying placards captioned by The End is Near From the time of Christ whose noncritical predictions included such inspiration for the placards the religious prophets could not resist emphasis on such topics Today things are different The scientists and politicians make the predictions Twelve More Years is what we hear from the latter But they don't attack with religious terms They speak of time in the context of climate change and global warming They do not agree on how to interpret the evidence but the religionists also had trouble with agreement Strange interpretations of biblical texts have now gone the way of so called science Various elucidations carry one thing in common none gain consensus Some arguments enter discussions by censuring those who disagree with them Their opponents are not allowed to speak They must remain silent They are called nasty names and unfair methods are used to punish them They try to stop the incongruous from speaking at all Living in the end time demonstrates the conflict between good and evil
