Class and Culture in Crime Fiction Julie H. Kim, 2014-04-04 The crime fiction world of the late 1970s with its increasingly diverse landscape is a natural beginning for this collection of critical studies focusing on the intersections of class culture and crime each nuanced with shades of gender ethnicity race and politics The ten new essays herein raise broad and complicated questions about the role of class and culture in transatlantic crime fiction beyond the Golden Age How is class understood in detective fiction other than as a socioeconomic marker Can we distinguish between major British and American class concerns as they relate to crime How politically informed is popular

detective fiction in responding to economic crises in Scotland Ireland England and the United States When issues of race and gender intersect with concerns of class and culture does the crime writer privilege one or another factor Do values and preoccupations of a primarily middle class readership get reflected in popular detective fiction **American Book Publishing Record**, 2002

Creative Activism Rachel Lee Rubin, 2018-05-17 This collection brings together interviews with a compelling range of musicians artists and activists from around the globe What does it mean for an artist to be political Moving away from a narrow idea about politics that is organized around elections advocacy groups or concrete manifestos the subjects of Creative Activism do their work through song poetry painting and other arts The interviews take us from Oakland to London to Johannesburg and from the Occupy movement to the coal mines of Appalachia to the fantasy worlds created by some of our most fascinating writers of spectacular fiction Listening to the important cultural workers of our time challenges any idea that some other time was the golden age of political art Creative Activism gives us a front row seat to the thrilling artistic activism of our own moment **The Place It Was Done** Šárka Bubíková, Olga

Roebuck, 2023-03-03 Locations play an important role in every story but in British and American contemporary crime fiction they are often inextricable from the narrative This work examines the city the countryside and the wilderness as places ripe with literary significance and symbolism Using works by authors like Robert Galbraith Ian Rankin Denise Mina Chris Brookmyre John Knox Peter Robinson Linda Barnes Dana Stabenow Nevada Barr Les Roberts Philip R Craig and others this work offers a fresh assessment of how place and space are employed in contemporary crime fiction Highlighted are similarities and differences among the authors approaches to setting and how they relate to the history of crime fiction and to the general literary representation of place Going beyond mere literary geography the book engages the sociocultural dimensions of the communities affected by crime Chapters also analyze the reader's perception recognition and appreciation of place and community **Murder 101** Edward J. Rielly, 2009-01-09 This collection of essays examines how college

professors teach the genre of detective fiction and provides insight into how the reader may apply such strategies to his or her own courses Multi disciplinary in scope the essays cover teaching in the areas of literature law history sociology anthropology architecture gender studies cultural studies and literary theory Also included are sample syllabi writing assignments questions for further discussion reading lists and further aids for course instruction **Diversity and Detective Fiction** Kathleen Gregory Klein, 1999 The distinguishing characteristic of the book is its mix of essays focusing on teaching cultural diversity in the classroom and illustrating diversity through fiction to the general readers **BOOK JACKET**

protect people In doing so this body of fiction traces out the fault lines in our social arrangements rehearses our collective fears and captures a mood of restless disquiet By engaging with detective stories in this way the book revisits ideas about the promise and purpose of sociology The Big Book of Espionage Otto Penzler,2020-11-17 Edgar Award winning editor Otto Penzler is back with a new anthology that has gathered the intel on the world s greatest secret agents declassified in these pages for the first time Statesecrets Double agents Leaks Otto Penzler brings you all this and more with his latest title in the Big Book series No need to wait for the government to release redacted information Otto is ready to declassify confidential matters Great stories from Lee Child and Charles McCarry are pulled from the shadows and into the light So pull your fedora down adjust your fake moustache and get ready to settle in with some of the greats
