Sarah's Psalm Florence Ladd, 1997-08-05 Against the background of the civil rights movement and the beginnings of Afrocentrism in the late 1960s Florence Ladd tells the story of a young African American woman's search for her love and identity a journey that takes her from Massachusetts to Senegal and from a stifling marriage to a life filled with the riches of a new culture marriage and motherhood

The Skilled Killer J. R. Runnels, Alex Bryant barely twenty two but standing a towering 6'11" and weighing in at a solid 250 lbs of muscle felt the grit of the unforgiving surface grind against his skin Even the coarse fabric of his training uniform chafed a constant minor irritant adding to the overwhelming pressure On a good day this man could bench press 350 lbs a testament to the raw power coiled within his imposing frame This physical prowess however was merely the foundation upon which a far more lethal weapon was being forged The brutal initiation into the clandestine world of the CIA's black ops program was relentless He possessed a chilling almost clinical detachment during these encounters a strange perverse satisfaction in the intricate dance of death a twisted sense of accomplishment in transforming his body into a finely tuned instrument of destruction a killing machine of unparalleled effectiveness His mission The thought sent a cold shiver down his spine He had trained for this prepared for this yet the reality of it felt surreal a nightmarish distortion of the brutal training that had shaped him It was one thing to hone deadly skills in a controlled environment to practice the art of killing on inanimate targets It was another to apply those skills to a real life target a human being with a life a family a history He was hired to eliminate Sarah Stevens He was not prepared to make her daughter Amanda an orphan and she was not old enough to take care of herself Sarah Steven was supposed to be a liability that the CIA did not need to deal with The name a precise and elegant arrangement of syllables echoed in Alex Bryant's mind a stark counterpoint to the brutal faceless anonymity he had cultivated for so long The agency had honed him into a weapon a ghost in the machine trained to eliminate targets with clinical precision leaving no trace but the faintest whisper of absence Sarah was a brilliant pharmaceutical executive a woman of unwavering conviction a devoted mother She lived in a comfortable home in a quiet suburban neighborhood the life he had once dreamt of She could unravel intricate webs of data identify hidden patterns and predict outcomes with an accuracy that was both terrifying and exhilarating She'd faced down skepticism ridicule and even outright sabotage her resolve unyielding Her courageous refusal to continue her research on The Devil's Breath the drug she herself had accidentally created a hallucinogenic compound of such terrifying potency that its mere existence sent shivers down the spines of even the most hardened government officials had branded her a traitor an enemy of the state The repercussions of her decision were far reaching and the shadows that now pursued

her were far more dangerous than any she had encountered in her academic career Alex had a difficult decision ahead of him The choice clawed at him a visceral rip in his gut Follow orders and eliminate the target a cold calculated equation etched into his very being by years of brutal Agency training Or defy them protect the innocent Sarah her laugh a ghost in his memory her eyes the color of a storm wracked sea Amanda her smile a fragile bloom against the encroaching darkness His training screamed one course of action a chilling precise symphony of violence But his conscience a treacherous traitor howled a counterpoint a discordant wail of empathy and moral outrage He saw their lives unfurl in his mind's eye with agonizing clarity He decided to fight the system and save Sarah and her daughter no matter the cost He would fight not only the CIA but other organizations that wish to silence her forever They traveled the world to find the truth the path to the truth would be deemed a long road They would suffer and their journey filled with perils but they would uncover the truth and they would find justice

Gregory bruce,2025-01-04 The quiet town of Silent Hollow is a place of contrasts a seemingly idyllic setting punctuated by unnerving events the gentle rhythm of daily life suddenly disrupted by whispers of the supernatural the unshakeable bonds of friendship fractured by suspicion and fear Within this unsettling backdrop our story unfolds weaving a tapestry of suspense and mystery This is not merely a tale of ghostly apparitions or unexplained occurrences it s a psychological thriller that delves into the fragile nature of trust exploring the complexities of human relationships tested to their breaking point The protagonists bound by years of friendship find themselves navigating a labyrinth of deceit where every shadow holds a threat every encounter carries the potential for betrayal As they unravel the secrets of Silent Hollow they uncover a dark history far more sinister than they could have ever imagined a history that intertwines with their own lives in unexpected and terrifying ways The lines between reality and the supernatural blur forcing them and you the reader to question everything you believe to be true Are the events they witness the product of otherworldly forces or a carefully constructed deception The suspense builds relentlessly fueled by shocking revelations sudden twists and a constant sense of unease Prepare to be captivated by a story that will keep you guessing until the very end a story that will leave you questioning the nature of trust the power of friendship and the darkest depths of human nature all within the chilling embrace of Silent Hollow [Single Father's Christmas Elf](#)
