Saskias Journey:

Saskia's Journey Theresa Breslin, 2011-02-28 Saskia Granton is intrigued by an invitation to visit her reclusive great aunt Alessandra who lives on the Scottish coast It s a chance to rediscover her lifelong love of the sea and to forget if only for a few weeks the boring career her parents have mapped out for her Swept immediately into the rhythm of life in a fishing community Saskia slowly begins to realize how little she really knows about her roots Somehow she needs to understand the past if she is to find the direction she needs for her future a future that may or may not include her new friend Ben Just as the sea gives up its bounty so too her great aunt must reveal the secrets of the past the terrible toll of lives lost and the very personal tragedy that left Alessandra herself so isolated Only then can Saskia break free **Saskias** Ian Berry, 2014-06-17 Richie continues to come to terms with being Saskia and the two Saskias continue to come to terms with being the SuperTwins Their friendship with James and Lydia Robinson continues to grow especially when James enlists their aid in a charity project This friendship becomes somewhat strained when the Saskias have to reveal their secret to the Robinsons But James forgives them somewhat when he gets a knighthood after their help with his affairs Saskia celebrates a birthday with an amazing birthday outing that far exceeds the expectations of all her friends and herself But this stands her in good stead when the other Saskia s school end of term production is at risk of failure Both Saskias try to help wherever they can several people being rather happier after their assistance Their trip to Florida sees them protect many people but at great personal cost to themselves *Saskia* Ian Berry, 2014-06-17 Richie is falling he s certain to be killed as he hits the bottom of the quarry he s tumbled over the edge of His life is saved by the intervention of a disembodied being he eventually comes to call a Guardian of Reality But there s a snag The voice gives him super powers so he isn t hurt by the fall Trouble is it isn t super powers like Superman it s super powers like Supergirl which comes as a bit of a shock as you might imagine Richie decides to put up with being a girl having super powers does have the odd advantage He calls himself Saskia and everything is fine until he meets the real Saskia Saskia Hunt is a real thirteen year old girl while Richie is only a pretend thirteen years old The two Saskias quickly become firm friends A friendship that survives Richie having to explain to Saskia about not actually being a girl At this point Saskia is apparently so upset that the Voice that fiddled with Richie changes her as well now there are two super girls Despite the difference in age and even in gender the two girls Richie in his form as Saskia remain best friends Now the fun begins as Saskia Chandler has to learn how to be a girl Almost the first thing that happens is a full formal evening event that sees her stuffed into a long frock and required to be a girl in front of a whole crowd of people Quite apart from this crash course in being a young girl Saskia Chandler finds that she and Saskia Hunt need to use their super powers to aid others as well as themselves They never actually discover why they ve been changed to be more than human but get the occasional inkling as the Voice gets them to do things it can t apparently do for itself This includes being shuttled around in time and space and saving the whole world twice The Vanishing (Spoonloos) Christina Brennan, 2025-03-10 At the 1989

Sydney Film Festival George Sluizer's little known independent film *Spoorloos* *The Vanishing* was an unexpected hit winning the festival's audience award and gaining accolades at other international film festivals *The Vanishing* has earned a reputation as a psychological thriller that shocked audiences with its unexpected twist ending This is the first book length study to examine *The Vanishing* as a film that complements and broadens generic expectations of psychological horror cinema It delves into *The Vanishing*'s production history including Sluizer's adaptation of the film screenplay from the novella *The Golden Egg* 1984 by Dutch author Tim Krabb Beyond exploring Sluizer's filmmaking style and *The Vanishing*'s place in Dutch cinema this book analyses how the film's plot themes and symbolic imagery connect it to topics prevalent in prominent sub genres of horror cinema including the serial killer sub genre that rose to prominence in the late 1980s Its themes are also echoed in contemporary films associated with arthouse cinema which are variously dubbed post horror and elevated horror The book will illuminate *The Vanishing*'s close associations with modern day cinema arguing that its particular type of psychological horror has consistently resonated with audiences in the decades since its release *The Company She Keeps* Hey, Valerie, 1997-01-01 This lively and revealing study explores a sociologically invisible but important social relationship girls friendships It uncovers often suppressed school girl cultures at times representing in their most condensed and dramatic form issues of intimacy secrecy and struggle Most women have memories of and most mothers of young daughters become re immersed in these all consuming but little understood passions This taken for granted ordinary relationship is examined using girls notes talk diaries and interviews gathered by observing girls groups within city schools An important and previously ignored question is addressed by examining how girls intimacy is structured through class gender sexuality and race especially its paradoxical role in maintaining and challenging compulsory heterosexuality In this way a series of case studies analyses how girls variously come to understand and construct difference In addition this detailed analysis of girls friendship contributes to our understanding of how girls simultaneously survive their schools their families their relations and subordination to boys and men Valerie Hey returns the reader to the terrain of loss and recollection of girls pleasure and pain in their friendship and asserts the claims of the social through identifying how this is written into the cultural forms of girls relationships with each other Students of women's studies education sociology and social psychology will find this book to be an invaluable exploration of how every day obvious experience is played out as forms of subjectivity and power *Chicago* Ian Berry, 2014-06-17 The Saskias are always on standby to do things only a couple of super girls can accomplish rescuing people and preventing disasters as the SuperTwins But they still have their ordinary lives to live as two young girls at least one of them is Moving house and sorting out all Richie's stuff breaks the last link between Richie and Saskia Now there is only Saskia forever Chicago is where the girls are sent to fix a problem with a stalled building project which also sees them using their super powers for themselves for a change as they visit Niagara Falls Their guide and mentor they call simply Voice sends them back to 1973 to fix something that would have had profound

effects beyond the 50th Century The same Voice is apparently happy to shunt them around in time when both the Saskias and the SuperTwins need to appear together particularly at the funeral of a policewoman Saskia is affected quite badly when she is unable to prevent Beth getting shot Despite watching one of Saskia Hunt's school friends getting married both Saskias realise they won't go down that road themselves they now have evidence to suppose they are still there and together after another thirty thousand years

The Twins Ian Berry,2014-06-17 The Saskias Saskia Chandler and Saskia Hunt lead double lives Quite apart from being ordinary young girls holding down ordinary jobs they are also the super powerful SuperTwins and the jobs they manage to hold down while being the twins are decidedly not ordinary Impossible things for the Air Force and fixing problems with tangled timelines in the past are all in a day's work for Kyra and Katya This ability to travel in time with a little help from Voice their disembodied

guide and mentor comes in useful when they become involved with the security services and an assassination attempt Throughout all this they attempt to lead normal lives although Saskia Chandler is decidedly not a normal girl The girls eventually come to the conclusion that far from being Richie as she began her life she s always been Saskia which appears a little odd but makes perfect sense to them *Ermentrude's Knot* Candi J.
