The Transit of Saturn Marc Robertson, 1973 *Transit of Planets* Vinay Garg, Transit of planets talks about the technique of making predictions on the basis of current position of planets on the horoscope of native The main objective of Astrology is to predict the future of the native with the help of his horoscope For making accurate prediction it is necessary to make an analysis of three factors These three factors are YOGAS formed with the combination and permutation of planets 2nd important factor is periods dasa and 3rd factor is transit When a person comes with a query first of all it should be analyzed that the query is related with which house planets the planet occupying this house and the planets aspecting this house The determination of the auspicious or inauspicious results of that house shall be done by analyzing three factors These are house house Lord and significators For example if the question asked is regarding marriage in that case we shall see that which planets are there in seventh house this house is aspected by which planets Marriage yoga for the possibility of marriage is there or not and in addition to that the position of significator of 7th house i.e. Jupiter Venus should be analyzed For females the significator of 7th house is Jupiter and for males the natural significator of 7th house is Venus By analyzing the placement combination and benefic or malefic impact of these planets we conclude whether auspicious yoga for the possibility of marriage is there or not After Yoga next important factor to be considered is major or sub period the duration of main period is a long and sub period's duration also can be 6 months or more than 2 years therefore in order to predict the timing of an event during these 2 years the help of transit can be taken Therefore for predicting an event the importance of transit should be considered Although it is a matter of long discussion to determine whether transit predictions should be made on the basis of ascendant sign or moon sign For supporting the predictions from both scholars have given logical and justifiable opinions But the conclusions that we have derived on the basis of our experience advocate that auspiciousness or inauspiciousness of the transit results of planets should be done on the basis of moon sign and what type of results i.e. which house results it shall yield would be decided on the basis of ascendant sign For instance if moon is positioned in 7th house

and the sign of Leo is there therefore transit of Saturn into this sign shall cause negative impact of Saturn's SADHESATI because transit of Saturn into Leo shows inauspicious results therefore there can be delay or problems in marriage and married life Similarly what can be the results of transit of planets by considering the other important factors has been taken into account in this book Because of lack of availability of books in the field of transit predictions this book has been written for catering the need of students of all India Federation of Astrologers Societies Delhi This book shall be of immense help for solving the problems of students while studying the techniques of making predictions Manual of Saturn's Transit through Pisces for all Zodiac Signs Alina A Rubi and Angeline Rub, 2023-03-17 All astrological predictions for your zodiac sign with Saturn transiting through Pisces in the next two and a half years Find out how your health spirituality finances romantic relationships and much more will be affected **Saturn's Transit in Houses** Hermes Astrology, 2023-07-03 Saturn's Transit in Houses is a comprehensive guide that delves into the profound influence of Saturn as it traverses through the twelve houses of the birth chart This insightful book explores the transformative power of Saturn's transit offering readers a deep understanding of the challenges lessons and growth opportunities that arise during this significant cosmic journey Drawing on the ancient wisdom of astrology this book takes readers on an enlightening exploration of Saturn's transit in each house unraveling its unique effects on various aspects of life From self identity and relationships to career and spirituality we provide invaluable insights and practical guidance to help readers navigate through the ups and downs encountered during Saturn's passage through each house Saturn's Transit in Houses is an indispensable guide for anyone seeking to navigate the profound influences of Saturn's transit offering a roadmap to embrace life's challenges unlock hidden potentials and emerge stronger on the path to self realization **Accurate Transit Predictions** Tirupur S. Gopalakrishnan, 2024-06-05 It is worth buying when this thought comes to the mind towards the purchase of anything be anything to the buyer the seller wins over his mind And when it comes to books it takes a special place in the heart of the person as the impact somewhere goes into the brain through the heart and vice versa Perhaps the reader will think that in saying this we go too far without appealing to common experience but as far as Astrology is concerned we go no further than the reader himself can prove by an application of the rules contained in this book to his own life and that of others Authentically it may be stated that this book cannot be compared to any other book titled so Precise Transit Results book takes the reader closer to the proximity of the Nine planets in transit over the natal chart by stranding himself at the centre of the Zodiac with a humpty number of hands on illustrations This predictive art is set firmly in the immovable foundation of Nature and the whole plan and superstructure is but a presentation of certain well defined laws operating in and from the archetypal world The Feel Good explanations and words of caution are no less intricacies that can be found in any other book of a similar nature The author has precisely pinpointed every phrase based on his 30 years of experience and the resultant research of over 1 86 000 natal charts This book will be a treasure trove in your Library of the most valuable Transits Betty Lundsted, 1980-01-01 Los transitos nos
