to this collection setting it apart from similar compilations by focusing not just on Gandhi's impact or the debate over his relevance but on maintaining his bold ethical ideals and progressive views in an era of skepticism. The essays delve into Gandhi's comprehensive dissection of political logic, his concept of neighbourly political bonds, his fearlessness and adeptness as a yogi. The work also discusses the worldwide landscape of nonviolence, Gandhi's perspectives on Palestine, his legal work in South Africa, his dialogues with Tagore, the pursuit of his ethical goals and the portrayal of his persona as well as the ongoing relevance of his nonviolent resistance methods as seen in India's anti Citizenship Amendment Act protests. These pieces portray Gandhi as a perpetual participant in limitless endeavours as described by philosopher James Carse. The book concludes with an interview with Rev James Lawson, a pivotal figure in the American civil rights movement which offers a fresh perspective. The Gandhi that emerges from these reflections and intellectual explorations has become all but a stranger to India and especially to his native Gujarat.

The Making Of Mahatma (A Biography) Annuradha Ray, 1999. **Mahatma Gandhi: The Historical Biography** Bidyut Chakrabarty, 2007-03-01. Quite distinct from the abundant literature available on Mahatma Gandhi, this historical biography attempts to articulate the historiography of India's freedom struggle of which Gandhi was undoubtedly the central figure. Relooking at key issues and themes that have been raised in the research conducted over the past few decades, this is an interpretative essay that seeks to contextualize Gandhi and his ideology of ahimsa and satyagraha. Instead of focusing merely on Gandhi's personal life, Prof Bidyut Chakrabarty conceptualizes the evolution of his ideas in the context of anti colonial nationalism. A nationalism of the Mahatma that for the first time in the history of the independence struggle reached every village and taluk of the state. A nationalism for a country and a society based on his principles of nai talim, new education and sarvodaya, upliftment of all. But was it the right path and ideology for a new and emerging nation? Despite being Gandhi centred, the biography is thus imbued with questions which it attempts to answer. Through a unique study of one of the most prominent personalities of the twentieth century, it addresses areas of human concerns which will always remain universal in scope and content.
