Dasgupta, Sangeeta Datta, 2018-12-15 Although the motion picture industry in India is one of the oldest and largest in the world with literally thousands of productions released each year films from that country have not been as well received as those from other countries Known for their impressive musical numbers melodramatic plots and nationally beloved stars Indian films have long been ignored by the West but are now at the forefront

of cinema studies With the prolific number of films available it can be difficult to know what to watch In 100 Essential Indian Films Rohit K Dasgupta and Sangeeta Datta identify and discuss significant works produced since the 1930s Examining the output of different regional film industries throughout India this volume offers a balance of box office blockbusters critical successes and less recognized cult classics From early films by Satyajit Ray to contemporary classics such as Salaam Bombay and Lagaan each entry includes comprehensive details about the film and situates the work in the context and history of the Indian canon In addition to these notable productions this book also examines key film directors and the work of major film stars in the industry While many studies of Indian films focus on a single language s contributions this encyclopedia offers a comprehensive guide to productions from across the country in various languages including Hindi Bengali Tamil Malayalam Assamese Punjabi Marathi and English 100 Essential Indian Films is an engaging volume that will appeal to both cinema scholars and those looking for an introduction to a vital component of world cinema

Realism in the Twentieth-Century Indian Novel Ulka Anjaria, 2012-10-08 Early twentieth century Indian novels often depict the harsh material conditions of life under British colonial rule Even so these realist novels are profoundly imaginative In this study Ulka Anjaria challenges the distinction between early twentieth century social realism and modern day magical realism arguing that realism in the colony functioned as a mode of experimentation and aesthetic innovation not merely as mimesis of the real world By examining novels from the 1930s across several Indian languages Anjaria reveals how Indian authors used realist techniques to imagine alternate worlds to invent new subjectivities and relationships with the Indian nation and to question some of the most entrenched values of modernity Addressing issues of colonialism Indian nationalism the rise of Gandhi religion and politics and the role of literature in society Anjaria s careful analysis will complement graduate study and research in English literature South Asian studies and postcolonial studies

Africa in the Bengali Imagination Mahruba T. Mowtushi, 2024-10-02 This book examines textual representations of Africa in the Indian imagination from 1928 to 1973 It critically analyses Bengali literature during this period their imitation of colonial racial prejudices and how it allowed Bengalis to fashion their identity It analyses the development of Africa as an idea and historical reality through the writings of five Bengali writers including the Bengali novelist Bibhutibhushan Bandyopadhyay the children s author Hemendra Kumar Roy the poet and philosopher Rabindranath Tagore the playwright Ganesh Bagchi and the surrealist poet and founding editor of Transition magazine Rajat Neogy The book shows how these writers engage with the idea of Africa and their influence in the construction of the Bengali cultural identity during the freedom struggle the Partition of Bengal in 1947 and the creation of Bangladesh in 1971 The book offers readers a glimpse of the exotic imaginary locales of Africa while offering an in depth look into the interconnected histories cartographic routes and cultural exchange between India and Africa A first of its kind this book will be an excellent read for students and scholars of literature comparative literature history cultural studies postcolonial studies South Asian studies African studies and diaspora studies

Futures Rochona Majumdar, 2021-10-12 Co Winner 2023 Chidananda Dasgupta Award for the Best Writing on Cinema Chidananda Dasgupta Memorial Trust Shortlisted 2022 MSA Book Prize Modernist Studies Association Longlisted 2022 Moving Image Book Award Kraszna Krausz Foundation The project of Indian art cinema began in the years following independence in 1947 at once evoking the global reach of the term art film and speaking to the aspirations of the new nation state In this pioneering book Rochona Majumdar examines key works of Indian art cinema to demonstrate how film emerged as a mode of doing history and that in so doing it anticipated some of the most influential insights of postcolonial thought Majumdar details how filmmakers as well as a host of film societies and publications sought to foster a new cinematic culture for the new nation fueled by enthusiasm for a future of progress and development Good films would help make good citizens art cinema would not only earn global prestige but also shape discerning individuals capable of exercising aesthetic and political judgment During the 1960s however Satyajit Ray Mrinal Sen and Ritwik Ghatak the leading figures of Indian art cinema became disillusioned with the belief that film was integral to national development Instead Majumdar contends their works captured the unresolvable contradictions of the postcolonial present which pointed toward possible yet unrealized futures Analyzing the films of Ray Sen and Ghatak and working through previously unexplored archives of film society publications Majumdar offers a radical reinterpretation of Indian film history **Art Cinema and India's Forgotten Futures** offers sweeping new insights into film's relationship with the postcolonial condition and its role in decolonial imaginations of the future

Transcendence & Transgression in Literature, Culture & Media Subir Dhar, Monikinkini Basu, Debdatta Mitra, 2025-04-22 In simple terms transgression is the violation of a particular religious social or moral law or simply breaking rules Through the ages transgression has acted as a counter force wherever taboo and forbidden actions have come to play While religious transgression mostly leads to sinful acts and downfall of characters disobedience and transgression of social rules have always led to the disruption of moral values ultimately resulting in one's fall Humans have always been controlled by a set of rules that define the boundaries of experimentation and knowledge However the act of transgressing such boundaries has also enabled one to overcome the socio cultural constraints though the process is one of great hardship Conventionally the idea of transgression is used as a tool to propagate a moral message that seeks to reward good behaviour in compliance with social values while punishing the transgressor Icarus in excitement forgets about his man made wax wings and meets his end and Little Red Riding Hood's horrible fate as she disregards her mother's constant warnings of wandering alone in the forest are only a few examples that show how transgression leads to ruin But with the flow of time transgression has gathered meanings and significations that go beyond acts of disobedience or infringement of social norms In many ways acts of transgression subvert the entrenched narratives or challenge the established structure order something that is so commonly found in the Gothic Derived from the Latin transcendence refers to going beyond the usual the willingness to rise above commonplace at the metaphysical or spiritual level One is never content with what one has and is

therefore always eager to search for more Transcendence in a way expresses this thirst dissatisfaction unrest and the curiosity within man The same curiosity and unrest might lead to an act of transgression As a result what seems outrageously transgressive in certain ways can gradually transcend the barriers of reality or the normative to enter into the realms of higher existence In that case what can be considered as transgressive and what as transcendence Derived from the Latin transcendence refers to going beyond the usual the willingness to rise above the commonplace particularly at the metaphysical or spiritual level It embodies the human desire to surpass ordinary experience and limitations reaching toward something greater more profound or more meaningful One is never truly content with what one has and is therefore always eager to search for more more knowledge more understanding more purpose Transcendence in a way expresses this inherent thirst dissatisfaction unrest and curiosity within man It is this restless spirit that drives individuals to explore beyond the tangible and immediate seeking truths that lie beyond the physical world Interestingly this same curiosity and unrest that fuels transcendence can also lead to acts of transgression Transgression involves crossing boundaries breaking rules or defying norms often provoking discomfort or outrage in society However what initially appears as outrageously transgressive may over time transcend the barriers of reality or the normative frameworks that once constrained it Such acts or ideas can evolve to enter into the realms of higher existence or understanding challenging and ultimately reshaping accepted paradigms This dynamic interplay raises a profound question where do we draw the line between what is transgressive and what is transcendence When does defiance of norms become a necessary step toward spiritual or intellectual elevation rather than mere rebellion In conclusion the concepts of transcendence and transgression are deeply intertwined reflecting the complex nature of human aspiration and growth While transgression often challenges existing boundaries and provokes discomfort it can also serve as a catalyst for transcendence pushing individuals and societies to evolve beyond their current limitations Ultimately the distinction between the two depends on perspective and context what is considered transgressive in one era or culture may later be recognized as a vital step toward higher understanding and spiritual advancement This fluid boundary invites us to reconsider our judgments about norm breaking acts and to appreciate the transformative potential embedded within the restless human spirit Professor Subir Dhar Dean School of Humanities and Social Sciences Sister Nivedita University Third Cinema, World Cinema and Marxism Ewa Mazierska, Lars Kristensen, 2020-09-17 Third Cinema World Cinema and Marxism offers an analysis of Third Cinema and World Cinema from the perspective of Marxism Its starting point is an observation that of all cinematic phenomena none is as intimately related to Marxism as Third Cinema which decries neoliberalism the capitalist system and the Hollywood model of cinema as mere entertainment to make money This is largely to do with the fact that both Marxism and Third Cinema are preoccupied with inequalities resulting from capital accumulation of which colonialism is the most extreme manifestation Third Cinema also defines cinematic modes in terms of representing interest of different classes with First Cinema expressing imperialist capitalist bourgeois ideas Second

Cinema the aspirations of the middle stratum the petit bourgeoisie and Third Cinema is a democratic popular cinema

Studying Indian Cinema Omar Ahmed, 2015-06-30 This book traces the historical evolution of Indian cinema through a number of key decades The book is made up of 14 chapters with each chapter focusing on one key film the chosen films analysed in their wider social political and historical context whilst a concerted engagement with various ideological strands that underpin each film is also evident In addition to exploring the films in their wider contexts the author analyses selected sequences through the conceptual framework common to both film and media studies This includes a consideration of narrative genre representation audience and mise en scene The case studies run chronologically from Awaara The Vagabond 1951 to The Elements Trilogy Water 2005 and include films by such key figures as Satyajit Ray The Lonely Wife Ritwick Ghatak Cloud Capped Star Yash Chopra The Wall and Mira Nair Salaam Bombay

The Scattered Court Richard David Williams, 2023-04-25 Presents a new history of how Hindustani court music responded to the political transitions of the nineteenth century How far did colonialism transform north Indian music In the period between the Mughal empire and the British Raj how did the political landscape bleed into aesthetics music dance and poetry Examining musical culture through a diverse and multilingual archive primarily using sources in Urdu Bengali and Hindi that have not been translated or critically examined before The Scattered Court challenges our assumptions about the period Richard David Williams presents a long history of interactions between northern India and Bengal with a core focus on the two courts of Wajid Ali Shah 1822 1887 the last ruler of the kingdom of Awadh He charts the movement of musicians and dancers between the two courts in Lucknow and Matiyaburj as well as the transregional circulation of intellectual traditions and musical genres and demonstrates the importance of the exile period for the rise of Calcutta as a celebrated center of Hindustani classical music Since Lucknow is associated with late Mughal or Nawabi society and Calcutta with colonial modernity examining the relationship between the two cities sheds light on forms of continuity and transition over the nineteenth century as artists and their patrons navigated political ruptures and social transformations The Scattered Court challenges the existing historiography of Hindustani music and Indian culture under colonialism by arguing that our focus on Anglophone sources and modernizing impulses has directed us away from the aesthetic subtleties historical continuities and emotional dimensions of nineteenth century music
