*Entangled Edens* Candace Slater, 2002 The skill with which Slater combines various levels and modalities of narrative utilizing her personal experience as a colorful unifying thread is truly remarkable Antonio Candido author of *Antonio Candido On Literature and Society* Howard S Becker editor A very important book that quite gracefully elegantly and persuasively moves beyond the usual myth and history format to put at its center stories about the Amazon and the people who tell them *Entangled Edens* persuasively argues that the Amazon can only be grasped understood and come to terms with through its myths and stories It addresses a very real failing of modern environmentalism which for all its virtues tends to dehumanize and metaphorically depopulate when it does not villainize populations that do share its concerns or share them in very different ways Instead of forcing us to choose between land and people Slater uses the stories and the people who tell them to rethink human relations with nature and each other Richard White author of *The Organic Machine The Remaking of the Columbia River* Elegant erudite profoundly serious *Entangled Edens* is a source of inspiration and knowledge for the reader interested in the Amazon Without the cultural tradition and the life experience of Amazonia's people any analysis of the Amazon risks becoming inconsequential or opportunistic This is one of the powerful messages of this important reflection on the Amazon whose greatest riches are ultimately its people Candace Slater has written a book that will last Milton Hatoum author of *The Tree of the Seventh Heaven* 1994 and *The Brothers* 2002 [The Rough Guide to Brazil](#) Oliver Marshall, Dilwyn Jenkins, David Cleary, 2009-10-01 *The Rough Guide to Brazil* is the essential guide to one of South America's most tantalising destinations Detailed accounts of the best attractions Brazil has to offer along with the clearest maps and plans showcase this amazingly diverse country to aid both your trip planning and on the ground experience With expert advice and background it also details the famous Rio carnival the world's biggest rainforest the Amazon and the most fantastic wildlife and beaches whilst the guide itself is full of informative text on the practical and cultural nuances of visiting Brazil from wildlife safaris in the Pantanal to the concrete architecture of Brasilia Read about Brazil's football successes and find out more about the Capoeira music and culture that is expanding rapidly in popularity across Europe At every point the Rough Guide steers you in the right direction to find the best hotels in Brazil recommended Brazil restaurants cafes and shops across every price range giving you clear balanced reviews and honest first hand opinions Make the most of your holiday with *The Rough Guide to Brazil* **Latin American History at the Movies** Donald F. work     Lévi-Strauss Emmanuelle Loyer,2019-01-18 Academic writer figure of melancholy aesthete Claude L vi Strauss 1908 2009 not only transformed his academic discipline he also profoundly changed the way that we view ourselves and the world around us In this award winning biography historian Emmanuelle Loyer recounts L vi Strauss s childhood in an assimilated Jewish household his promising student years as well as his first forays into political and intellectual movements As a young professor L vi Strauss left Paris in 1935 for S o Paulo to teach sociology His rugged expeditions into the Brazilian hinterland where he discovered the Amerindian Other made him into an anthropologist The racial laws of the Vichy regime would force him to leave France yet again this time for the USA in 1941 where he became Professor Claude L Strauss to avoid confusion with the jeans manufacturer L vi Strauss s return to France after the war ushered in the period during which he produced his greatest works several decades of intense labour in which he reinvented anthropology establishing it as a discipline that offered a new view on the world In 1955 *Tristes Tropiques* offered indisputable proof of this the world over During those years L vi Strauss became something of a French national monument as well as a celebrity intellectual of global renown But he always claimed his perspective was a view from afar enabling him to deliver incisive and subversive diagnoses of our waning modernity Loyer s outstanding biography tells the story of a true intellectual adventurer whose unforgettable voice invites us to rethink questions of the human and the meaning of progress She portrays L vi Strauss less as a modern than as our own great and disquieted contemporary     *Witness and Memory* Ana Douglass,Thomas A. Vogler,2012-11-12 This is a collection within the anthropology of violence and witness studies a discipline inaugurated in the 1980s It accomplishes a tight focus while tackling seemingly disparate topics from Rigoberta Menchu to O J Simpson and from feminist poetry to Hiroshima *Mon Amour* With approaches ranging from anthropological and historical to literary and philosophical this collection is engaging in both subject matter and writing style     The Ground Between Veena Das,Michael Jackson,Arthur Kleinman,Bhrigupati Singh,2014-04-21 The guiding inspiration of this book is the attraction and distance that mark the relation between anthropology and philosophy This theme is explored through encounters between individual anthropologists and particular regions of philosophy Several of the most basic concepts of the discipline including notions of ethics politics temporality self and other and the nature of human life are products of a dialogue both implicit and explicit between anthropology and philosophy These philosophical undercurrents in anthropology also speak to the question of what it is to experience our being in a world marked by radical difference and otherness In *The Ground Between* twelve leading anthropologists offer intimate reflections on the influence of particular philosophers on their way of seeing the world and on what ethnography has taught them about philosophy Ethnographies of the mundane and the everyday raise fundamental issues that the contributors grapple with in both their lives and their thinking With directness and honesty they relate particular philosophers to matters such as how to respond to the suffering of the other how concepts arise in the give and take of everyday life and how to be attuned to the world through the senses Their essays challenge the idea that philosophy is

solely the province of professional philosophers and suggest that certain modalities of being in the world might be construed as ways of doing philosophy Contributors Jo o Biehl Steven C Caton Vincent Crapanzano Veena Das Didier Fassin Michael M J Fischer Ghassan Hage Clara Han Michael Jackson Arthur Kleinman Michael Puett Bhargupati Singh Ishi in Three Centuries Karl Kroeber, Clifton B.
