remarkable contribution breathtaking in the scope of its research and exhilarating to read Pyne takes the reader on a journey

the author brings an unmatched insight to his subject Vestal Fire takes its title from Vesta Roman goddess of the hearth and
keeper of the sacred fire on Mount Olympus But the book's title also suggests the strengths and limitations of Europe's
peculiar conception of fire and through fire of its relationship to nature Between the untamed fire of the wilderness and the
tended fire of the hearth lies a never ending dialectic in which human beings struggle to control natural forces and processes
that in fact can sometimes be directed but never wholly dominated or contained Allegany County Maryland Geological
