Figueroa,2024-08-21 Scripture note 1 C Corinthians 12 12 31 Scripture note 1 C Corinthians 12 12 31 Tension is a term musicians often use to describe the condition of the strings on instruments like the violin the cello the harp or the guitar Musicians know that the tone or pitch produced by the instrument is greatly affected by the tension of the strings carrying the sound The outcome of good tension is good sounding music while bad tension produces sour flat or sharp sounds that are unpleasant to listen to There is good tension and bad tension in church as well One task of effective leadership is to discern good and bad tension within the church The outcome of good tension is success in achieving the goals and objectives of the ministry Bad tension can result in chaos complexity confusion and contradiction Bad tension freezes a ministry in time with no productive movement no common ground no unity and an endless array of activity spiraling into uselessness When each member of the church discovers his her own God given abilities to express love for God through the service of humankind the result is not unlike a symphony of diverse instruments chords and sounds all making a joyful sound in peaceful coexistence Bad tension creates a stench in God s nostrils It is the task of every Christian to embark upon a journey of discovery that ends in a God given ministry niche or place of service God calls every Christian to God s own hands to be broken melted molded filled and used to the glory of God Leaders are part of the solution and not part of the problem How does a vibrant and healthy congregation balance the need for stable leadership with the need for change How do changes within a ministry impact relationship within the church What effect does systemic change have on the entire church body What is the role of leadership in church relations What is a creative tension dynamic Leaders today must learn constructive interventions that interrupt malevolent cycles of destructive behaviors in order to balance the tension between resistance and acceptance in a way that empowers ministry and inspires growth *Record of Christian Work* Alexander McConnell,William Revell

Leith,1993-01-01 John Leith provides a brief but comprehensive statement of Christian faith for contemporary Christians He considers the theologians of the ancient church and affirm the faith of the ancient creeds The Evangelist , *Christian Thought* ,1907 ... Select Notes on the International Sunday School Lessons ... Wilbur Moorehead Smith,1918 Methodist Advocate Journal ,1902 Biblical Preaching and Teaching D. Min. Burdette,2010-11 One objective of this book is to set forth the heart of God s Gospel This volume is composed of a compilation of sermons and in depth studies designed to strengthen and encourage Christians in their daily walk with God and with one another Since the Cross of Christ is pivotal to a proper understanding of Christianity

numerous chapters in this book explore the ins and outs of the importance of the Cross in the lives of God's people. Not only does this book focus upon the scheme of God's redemption and evangelism as a part of every believer's ministry, it also calls attention to Christian apologetics that is a defense of Christianity. Three chapters are devoted to this kind of study: 1 Christianity versus Skepticism, 2 Credibility and Candor of the New Testament Writers, and 3 Paul's Conversion: Apologetic for Christianity. Also, this book allocates three chapters to the subject of baptism and its meaning to God's children. And finally, four chapters are dedicated to a detailed study of worship within the Christian community. Dallas Burdette has been a serious student, teacher, and preacher of the Bible for fifty-eight years, supporting himself for many years as an agent for AFLAC. He has written numerous articles for religious journals as well as many essays and sermons which are available on his website www.freedominchrist.net. He has developed a keen interest in promoting unity among God's people through a more accurate reading of the Word. He has degrees from Amridge University, formerly Southern Christian University, where he also was Director of Extended Learning for five years. He holds the Doctor of Ministry degree, 1999, from Erskine Theological Seminary.

Biblical Preaching and Teaching Dallas R. Burdette, 2010-09. One objective of this book is to set forth an interest in the Book of Ephesians and the Book of Philippians. Ten studies are developed from Ephesians in order to explain predestination, election, and the richness of God's grace. Chapters 11 and 12 advance God's salvation with an emphasis in Chapter 11 concerning the role of women in sharing the message of redemption. Chapter 13 examines one's life before rebirth and life after rebirth. Chapter 14 looks carefully at arguments adopted to condemn instrumental music in the Christian assembly. The next seven chapters, 15-21, investigate several statements from the Book of Philippians with accent upon God working in us to accomplish His outreach to the lost. Three chapters, 22-24, look at the purpose of the church, church and ministry, and the identification of the church. Chapter 25 sets forth the biblical date for the Exodus as well as biblical chronology versus liberal chronology. The next chapter, 26, looks at the prophetic ministry. Chapters 27 and 28 review the prophet Jonah with an emphasis upon his psychological setback in his first refusal to carry out God's command to go to Nineveh. Chapter 29 discusses God's admonition to Joshua. Chapters 30-32 scrutinize 1 Timothy 2:11-15, which in depth study is an overview of the Pastoral Epistles. This study seeks an answer to Paul's negative declaration about the participation of women in the church at Ephesus. These particular women were involved in the telling of stories about their gods and goddesses as well as the practice of magic. They did not understand the true nature of Jesus. The next three chapters, 33-35, analyze the identity of Jesus. And finally, Chapter 36 is written from an apologetic viewpoint which reading concentrates upon the cell to demonstrate that there is an Intelligent Designer.
