Pierette Domenica Simpson, 2008-08-01 A breathtaking minute by minute account of the most catastrophic tragedy at sea since the sinking of the Titanic told by a survivor More than one half century later the catastrophic ramming of the MS Stockholm into the Italian luxury liner the SS Andrea Doria in 1956 is relived in this candid heartrending account Author Pierette Domenica Simpson who with her grandparents survived the tragedy off the shoals of Nantucket shares the human and technical aspects of what has become known as the greatest sea rescue in history As only an eyewitness can do Simpson shares the survivors harrowing recollections that meticulously recreate the terrifying and heart wrenching tragedy that united poor immigrants and wealthy travelers alike They give their accounts of ultimate despair and infinite elation after staring at their own reflections in the black ocean that night and seeing death stare back Equally dramatic are the revelations of new facts exposed by nautical experts from two continents that finally solve the mystery of who was to blame for this most improbable collision between two random ships on the open Atlantic

**Perils Of The Atlantic** William Flayhart,2003-05-27 Perils of the Atlantic captures the stories of a number of vessels that experienced adventure on the high seas from the tragic loss of the liner Arctic in 1854 to the swift sinking of the Italian Andrea Doria in 1956 Disaster At Sea William Flayhart,2005-03-22 Flayhart delivers a gripping chronicle of mishap and mayhem filled with danger and heroism and rich with detail Sea Power A colorful and deadly history of ocean liner disasters from the mid nineteenth century to the present Disaster at Sea is a chronicle of the most frightening episodes in the maritime history of the North Atlantic From 1850 to the present day the Atlantic has been home to hundreds of ocean liners and cruise ships each more lavish than the last all of them symbols of wealth and luxury Perhaps this is why readers have always been fascinated by the lives of these ships and their deaths Many of us know the stories of the Titanic and the Lusitania Both tragedies caused tremendous loss of life even as they made the ships immortal But there are many little known accounts of extraordinary survivals at sea such as the Inman and International liner City of Chicago that jammed her bow into an Irish peninsula in 1892 but stayed afloat long enough for all to be rescued or the City of Richmond that survived a dangerous fire

in 1891 and a year earlier the City of Paris whose starboard engine exploded at full speed in the mid Atlantic and yet miraculously still made port Often such tales are forgotten even if the ship sank In 1898 the Holland America liner Veendam hit a submerged wreck and sank at sea but all lives were saved so this vessel s dramatic story seemed less important in maritime history than incidents involving human loss As recently as 2000 the Sea Breeze I sank off the East Coast of the United States while on a positioning voyage but all her crew members were rescued in a heroic effort by U S Coast Guard helicopters These stories and many others are dramatic and acclaimed maritime scholar William Flayhart has spent much of the last forty years in search of material from which to create colorful narratives Author of *The American Line 1871 1902* and coauthor of *Majesty at Sea* and the first edition of *QE2* Flayhart retells classic ocean liner disaster stories while bringing to light never before published but compelling episodes in man s ongoing battle with the sea Originally published in hardcover under the title *Perils of the Atlantic*      **Historical Dictionary of the 1950s** Bloomsbury Publishing,2000-07-30 Today Americans look back nostalgically at the 1950s an era when television and rock and roll revolutionized popular culture and Vietnam race riots drug abuse and protest movements were still in the future With homes in the suburbs new automobiles and the latest electrical gadgets many Americans believed they were the most prosperous people on earth Yet the era was tainted by the fear of thermonuclear war with the Soviet Union deepening racial tensions and discontent with rigid roles for women and the demands of corporate conformity A sense of rebellion had begun to brew behind the facade It manifested itself in rock and roll the budding civil rights movement and the appearance of a youth culture eventually exploding in the 1960s Providing a comprehensive overview this book includes entries on the prominent people major events issues scandals ideas popular culture and court cases of the decade that gave rise to the tensions of the 1960s      The Titanic Story Stephen D. Cox,1999 The tragedy of the Titanic continues to fascinate readers and filmgoers Author Stephen Cox maintains that the true stories of those onboard are even more compelling than the fictionalized tale told in James Cameron s box office smash Cox retells the real story in human terms by focusing on a few individuals Through these survivors firsthand accounts he uncovers the fatal decisions that underlay the events      *Maritime History at the Crossroads* Frank Broeze,2017-10-18 This volume seeks to critically review the contemporary state of maritime historiography as it stands at the volume s publication date of 1995 The volume is comprised of thirteen essays each focused on the recent research into the maritime concerns of a particular geographical location listed as follows Australia Canada China Denmark Germany Greece Ibero America India the Netherlands the Ottoman Empire Spain the United States and a final chapter concerning historians and maritime labour in Britain Australia and New Zealand One concern made evident by the collection is the lack of stable identity and cohesive aims within maritime history the subject holds many conflicting definitions and concepts The purpose of this volume is to explore the recent developments in maritime history plus the growth of scholarly interest to provide a beacon and stimulus for future work and to clearly direct and define maritime historiography toward a solid position in the field of history      Lost
