Saving The Liar (Colors Reflected) Donato DiCristino, 2010-08-03

Saving The Liar was written from personal experience but narrated in poetry with metaphoric undertones. Because there is no one or nothing specific actually referenced in the book, the reader is given a unique opportunity: the gift of choice. The book is divided into four sections, with each section taking you into a different direction. First, we go West in search of gold. Out West, I examine the harsh reality experienced through unrequited love. After the heartbreak, we head East to examine ourselves. There, we discover a nest of undesirable feelings we either don't know exist or flat out ignore. Stumbling South is exactly as it sounds. I use this section to explore society and the effects it has in our lives. Finally, we head North to discover the silver lining that exists within all of us.

Saving The Liar is a one-of-a-kind story. Deep but to the point. Enjoy.
