

Saving Childhood

A photograph of two young children running across a grassy field. The child on the left is wearing a red long-sleeved shirt and dark pants, with their hair flying in the air. The child on the right is wearing a white sweater with a colorful patterned collar and blue pants. They are both smiling and appear to be holding hands or running closely together. The background is a blurred green field, suggesting motion.

Saving Childhood Protecting Our Children From The National Assault On Innocence:

Saving Childhood Michael Medved, Diane Medved, 1998-08-26 In *Saving Childhood* cultural critic Michael Medved and his wife psychologist Diane Medved provide positive and practical strategies for parents who struggle every day with a society that seems perversely determined to frighten and corrupt its young. They explore and explain today's assault on innocence which now menaces our children from four directions: the media, schools, peers, and most destructively, parents themselves. This book provides both general and detailed suggestions on how to overcome each of these influences and give our children the most precious gift of all: a secure, hopeful, and protected childhood. The Medveds argue that the destruction of innocence among today's young arises from the good intentions of some of the most enlightened elements in this society who believe we must warn children about rather than protect them from the harsh facts of a cruel and often violent world. But *Saving Childhood* provides powerful evidence that a healthy society and the psychological health of each individual requires a period of nourishing and sheltering in order to instill confidence and security in each new generation. In this vital wake-up call, the Medveds provide a clear, practical, and uplifting blueprint for rescuing the enchantment of youth. They suggest that rather than stressing danger and despair to our children, we should emphasize gratitude, clear standards of behavior with predictable results, and a sense of home as sanctuary. Both shocking and hopeful, *Saving Childhood* empowers parents to restore the key elements of childhood: innocence, security, a sense of wonder, and optimism that should be honored as the precious birthright of every American child.

Saving childhood : protecting our children from the national assault on innocence Michael ; Medved Medved (Diane), 1998 **Abduction: How Liberalism Steals Our Children's Hearts And Minds** Steven Feazel, 2016-10-04 Sounding the Alarm The authors sound an Amber Alert for the souls of America's youth. They expose how the liberal Left seeks to brainwash our kids for their political gain. Movies, TV, music, court decisions, news reports, and the education system are all corrupted by the Left to control the nation's youth. Parents who seek to protect their children from the devious deception of a liberal agenda will find this book to be a practical guide to push back against the Liberal efforts designed to reshape our kids' worldview and destroy their moral compass. Steve Feazel and Dr. Carol Swain ring a warning bell for all parents to heed who want their children to embrace and cherish traditional values and moral living that will allow them to live happy and productive lives. The book reveals the dangers of a relative morality while providing practical action steps that parents can take to prevent their children from becoming conformed to the secular pattern of the world. Tim Wildmon, President of American Family Association: I thank God for Carol Swain. Very few people are willing to see much less say what she and Steve Feazel say in this tremendously important book. It is disturbing, but it is true, so it is up to us to see it for ourselves and help others to do the same. Please spread the word. Eric Metaxas, New York Times Bestselling author of *Bonhoeffer and If You Can Keep It: The Forgotten Promise of American Liberty*. Everywhere we turn, from our schools to Hollywood to the media to the courts, children's minds and souls are being usurped by the radical secular Left.
