Saving Our Sons Raising Black Children In A Turbulent World:

Saving Our Sons Marita Golden, 2011-07-13 When Marita Golden decided to write her personal account of the challenges of raising a black son in today's world she didn't intend to write more than her own family's story. But through the story of raising her son against the backdrop of a racially divided society Golden discovered she was also confronted with the causes of the violence that surrounds African American men. In the fiercely lyrical and revealing narrative of *Saving Our Sons* she has created a work of profound and lasting importance, one that sensitively and uniquely addresses the problems of boyhood and emerging manhood. It is a book that issues a clarion call: The survival of our cities, if not our society, depends on our finding a way to save our sons.

Saving Our Sons Marita Golden, 2022-03-15 *Raising Black Teen Boys in Turbulent Times*. It is always heartening to see women step up to the writer's table. When the results are as adroit and affecting as Marita Golden's work, it is more than satisfying; it is a cause for celebration. Toni Morrison, Nobel Laureate. Two decades ago Marita was the first Black writer to address the horrifying statistic that haunts all Black mothers: the leading cause of death among Black males under twenty-one is homicide. Today police brutality rages on as millions call for the reformation of our broken law enforcement in the wake of the traumatic murders of Black teen boys like Trayvon Martin, Michael Brown, and Daunte Wright. Read an intimate account of a mother's efforts to save her son. Writing her son's story against the backdrop of a society plagued by systemic racism, economic inequality, and mass incarceration, Golden offers a form of witness and testimony in a time of crisis for Black Americans. Learn how to grapple with the realities of Black America. Join Golden as she confronts the root causes of violence inflicted upon Black teen boys and reassesses the legacy of her own generation's struggle for civil rights. Explore Black boys' difficult road to adulthood in the U.S. and learn why single Black mothers are often wrongly blamed for their sons' actions. Gain invaluable advice and knowledge from trustworthy sources. In *Saving Our Sons*, Golden documents her conversations with psychologists, writers, and young Black males themselves. This book is designed to help you discuss and unpack generational trauma with loved ones. Gain deeper insight into the injustices Black children face in the U.S. Recognize the importance of community for the success of Black teen boys. If you liked *Decoding Boys*, *Mother Son*, *Our Back*, *Forth*, *Journal*, *The Boy Crisis*, or *Boy Mom*, you'll love *Saving Our Sons*.

how family communication influences the perennial and controversial topic of race In assembling this collection editors Thomas J Socha and Rhunette C Diggs argue that the hope for managing America's troubles with race lies not only with communicating about race at public meetings in school and in the media but also and more fundamentally with families communicating constructively about race at home African American and European American family communication researchers come together in this volume to investigate such topics as how Black families communicate to manage the issue of racism how Black parent child communication is used to manage the derogation of Black children the role of television in family communication about race the similarities and differences between and among communication in Black White and biracial couples and families and how family communication education can contribute to a brighter future for all With the aim of developing a clearer understanding of the role that family communication plays in society's move toward a multicultural world this volume provides a crucial examination of how families struggle with issues of ethnic cultural diversity

Mother Outlaws Andrea O'Reilly,2004-05-13 Feminist scholars of motherhood distinguish between mothering and motherhood and argue that the latter is a patriarchal institution that is oppressive to women Few scholars however have considered how mothering as a female defined and centred experience may be a site of empowerment for women This collection is the first to do so Mother Outlaws examines how mothers imagine and implement theories and practices of mothering that are empowering to women Central to this inquiry is the recognition that mothers and children benefit when the mother lives her life and practices mothering from a position of agency authority authenticity and autonomy

Johnson,2011-11-21 Unlike the media would have you believe most black males find great value in education They want to believe that they have a special gift and that they can make a difference in the world The problem is that they have ill feelings about how society has deprived them of the most qualified teachers and the best ways to be engaged in their own education As a consequence of repeatedly being marginalized criticized and put down by society and teachers they do not feel motivated to attend school or to produce outstanding academic work The Secrets for Motivating Educating and Lifting the Spirit of African American Males contains essays that center on how to help educators and parents to equip young black males with the drive necessary to craft fulfilling lives for themselves so they dont slip through the cracks in the educational system Historically we are still dealing with what happens to the image of Black people in the minds of white people A book like this helps to make certain that the information teachers provide to all students regardless of their race will help them understand that the history of this country has made generation after generation of black students see themselves as academically and socially inferior to white
