Beyond Religion: Discovering Authentic Christianity in a World of Rituals (Matthew 15:8) Pastor Yves Gerard, These people honor me with their lips but their hearts are far from me Matthew 15 8 In a world overflowing with rituals traditions and religious performance many are left wondering Is this all there is to Christianity Beyond Religion Discovering Authentic Christianity in a World of Rituals takes a courageous and thought provoking look at the difference between outward religiosity and inward transformation Drawing from the words of Jesus and the witness of Scripture this book explores the heart of faith a living vibrant relationship with God as distinct from the hollow routines that can often dominate religious life From majestic cathedrals now reduced to tourist attractions to modern churches wrestling with cultural compromise this book confronts the spiritual crisis of our time the disconnect between religious form and authentic spiritual encounter Inside you will explore The biblical contrast between religion and relationship How religious systems throughout history have shaped and sometimes distorted Christian faith The psychological and spiritual dynamics of ritualism The hidden cost of religious performance on personal faith The challenges facing the modern church including the influence of Freemasonry Practical steps to move beyond hollow rituals to genuine relationship with Christ Global perspectives on cultural Christianity vs kingdom living Whether you re a pastor a lifelong churchgoer a disillusioned believer or a curious seeker this book offers a roadmap toward deeper more authentic faith With a

rich blend of theology history and pastoral insight Beyond Religion challenges readers to examine their own spiritual lives and invites them into a more intimate walk with the living God Authentic Christianity isn't about appearances it's about transformation Join the journey to move beyond religion and rediscover the heart of faith **The Quest For Truth** Michael Dedivonai, 2012-08 This book is for the reader who takes interest in an age old issue that remains contemporary with every succeeding generation When how and why we are here are questions that have caused countless generations of thinkers and laymen alike to intuitively seek at the very least the semblance of an answer to questions that have become more of an outlook than a science and in turn spring up among the problems of modern life as opposed to allowing for a resolution to that which was intended to clarify instead of further complicate Free from the shackles and bias imposed by the various schools of religious scientific and philosophical thought the examinations offered herein are rooted in systematic analyses of the scientific philosophical ethical social and finally the religious which in turn allows for the explanation and justification of concepts that enable the reader to adopt a perspective relevant to the distinctions of absolute truth and relativistic assumptions Our age is accurately referred to as the age of advancement and technology and for good reason The rapid pace of progression over the last century in the life sciences has contributed to a broadened understanding of knowledge itself and its relation to the psychological and sociological aspects of our existence As a result of the significant expansion of the sciences the desire for an understanding of self and simply of why has in many ways been diluted thus negating the never ending questions that once tugged at man's conscious in the middle of the night for thousands of years Today's amazing achievements have laid the foundation for a whole series of newer problems and questions that threaten mankind as never before The medical and biological sciences have enabled us to have a life expectancy beyond that of prior generations however coupled with that are the problems of population explosion which in the not too distant future will give rise to serious concerns We have the ability to harness the power of the atom yet along with it comes the ability to destroy all that we hold sacred Taking into consideration the advanced age we live in how does one account for the remarkable complexity extant throughout the known universe Is one to assume that our consciousness coupled with our overwhelming sense of purpose can be attributed solely to random chance alone The law of causation deals with the need for a preceding event leading to the outcome and despite the fact that this scientific age has left its handprint on every facet of life today it has failed to satisfy the innate question of simply why **Reasoning from the Scriptures with Masons** Ron

Rhodes, 2001-02-15 Did you know that The name of Jesus is removed from Masonic rituals to avoid offending anyone The secret name of Masonry's god specifically includes Jehovah Baal and Osiris Many people are unaware of the far reaching impact the Masonic Lodge has today Ron provides accurate information on the structure and beliefs of Masonry then carefully contrasts its practices with Scripture Continuing the easy to follow question and answer format of the Reasoning from the Scriptures series this informative guide reveals the occultic symbolism secret oaths and hidden rituals that are an

integral part of Masonic tradition Readers will discover honest fact based insights on the dangers of this fraternal order and specific suggestions for sharing biblical truth with Masons The Truth About Anti-Masonry W. Bruce Pruitt,2008

Masonic Standard ,1919 **Is it True What They Say About Freemasonry?** S. Brent Morris,Arturo de Hoyos,2010-03-16 For as long as there have been Freemasons there has been a calculated effort to disparage and their practices In this insightful text masons de Hoyos and Morris explore the origins of the anti Masonic mindset and delve into the falsehoods on which critics have based these perennial sentiments Confronting opponents one at a time the authors methodically debunk the myths that have surrounded Freemasonry since its establishment investigating the motives and misconceptions that derive antagonists to spread deceit about Masonic traditions **Strange Work** Rev Herbert Melville Munson Jr,2013-03-25 Strange Work is a verse by verse commentary on the Bible book of Revelation Nearly three millennia ago the prophet Isaiah predicted that the Lord God of hosts would one day rise up and do a strange work on the Earth He said it would come as a destruction upon the whole earth Isaiah 28 21 22 The last thing that modern man expects is that the true and living God will one day actually intervene upon the Earth Yet with one voice the prophets of the Bible predict that is exactly what He will do The book of Revelation is the most detailed of the Bible s prophecies of that fast approaching supernatural intervention on planet Earth Someone has dubbed the book of Revelation The prophetic Grand Central Station of the Bible That is a very good way to describe it All the great eschatological end time themes in the Bible run to the book of Revelation like train tracks to a central hub *Everything You Ever Wanted to Know About Mormonism* John Ankerberg,John Weldon,2019-11-13 This definitive work covers every aspect of the history beliefs and practices of Mormonism Answers the crucial questions How Did Mormonism Begin Are Mormon Revelations from God How Powerful Is the Mormon Church Today Is Mormonism a Christian Religion What Is the Mormon View of Christianity What Is the Mormon View of Jesus Christ What Does the Mormon Church Teach Concerning Salvation What Does the Mormon Church Believe About the Afterlife Were Early Mormon Leaders Practitioners of the Occult This book comprehensively traces the roots of Mormonism and examines all of its major doctrines
