Edgar Snow John Maxwell Hamilton, 2003-09-25 Edgar Snow 1905-1972 was one of the most notable Western journalists to report on China in both the revolutionary and postrevolutionary periods He first became famous in the

mid 1930s when he broke through a Nationalist blockade and reached the Communists in northwest China. For nearly a decade no foreign reporter had seen the Communists who were widely regarded as a ragtag bandit army. Snow took them seriously as a national movement. His reporting in the now famous book *Red Star over China* was major news even to the Chinese, thousands of whom joined the Communists after reading it. It has remained a seminal reference on the early Chinese Communist movement. In this award-winning biography, journalist John Maxwell Hamilton follows Snow from his birth in Kansas City to his rise as a celebrated foreign correspondent for the *Saturday Evening Post*, his ostracism during the cold war, and his role as a singular journalistic bridge between Communist China and the United States. With a new preface by the author, this revealing portrait of the widely misunderstood Snow firmly establishes him as a model for the kind of committed reporting that is crucial to understanding our interdependent world.

A Military History of China David A. Graff, Robin Higham, 2012-04-13 Gaining an understanding of China's long and sometimes bloody history can help to shed light on China's ascent to global power. Many of China's imperial dynasties were established as the result of battle from the chariot warfare of ancient times to the battles of the Guomindang (KMT) and Communist regimes of the twentieth century. China's ability to sustain complex warfare on a very large scale was not emulated in other parts of the world until the Industrial Age, despite the fact that the country is only now rising to economic dominance. In *A Military History of China*, Updated Edition, David A. Graff and Robin Higham bring together leading scholars to offer a basic introduction to the military history of China from the first millennium B.C.E. to the present. Focusing on recurring patterns of conflict rather than traditional campaign narratives, this volume reaches farther back into China's military history than similar studies. It also offers insightful comparisons between Chinese and Western approaches to war. This edition brings the volume up to date, including discussions of the Chinese military's latest developments and the country's most recent foreign conflicts.

Modernisation of the PLA Jiti S. Bajwa, 2002 The Author Has Not Only Traced The History Of The People's Liberation Army (PLA) But Also That Of The People's Republic Of China (PRC) During Its Formative Years. A Covenantal Imagination William Johnson Everett, 2021-12-15 This harvest of articles drawn from William Johnson Everett's career of teaching and research on four continents and in a variety of institutions shows the breadth, depth, and diversity of his interests. Like spotlights in the wider field of Christian social ethics, they illuminate the key threads that have held together an emerging tapestry of thought woven around the powerful concept of covenant. Whether lifting up concepts of covenant federalism and corporation, the *oikos* of work, family, and faith, the public nature and mission of the church, or the ethical meaning of journey metaphors, his rich and artful style leads us into thinking more deeply about the way our lives are joined in a covenantal imagination about a more just and sustainable world.

The Minjian Avant-Garde Chang Tan, 2024-02-15 The *Minjian Avant Garde* studies how

experimental artists in China mixed with brought changes to and let themselves be transformed by minjian the volatile and diverse public of the post Mao era Departing from the usual emphasis on art institutions global markets or artists communities Chang Tan proposes a new analytical framework in the theories of socially engaged art that stresses the critical agency of participants the affective functions of objects and the versatility of the artists in diverse sociopolitical spheres Drawing from hitherto untapped archival materials and interviews with the artists Tan challenges the views of Chinese artists as either dissidents or conformists to the regime and sees them as navigators and negotiators among diverse political discourses and interests She questions the fetishization of marginalized communities among practitioners of progressive art and politics arguing that the members of minjian are often more complex defiant and savvy than the elites would assume The Minjian Avant Garde critically assesses the rise of populism in both art and politics and show that minjian could constitute either a democratizing or a coercive force This book was published with generous support from the George Dewey and Mary J Krumrine Endowment **CliffsNotes on Tan's The Kitchen God's Wife** Mei Li Robinson,1999-03-03 This CliffsNotes guide includes everything you ve come to expect from the trusted experts at CliffsNotes including analysis of the most widely read literary works How the Red Sun Rose Gao Hua,2018-11-15 This work offers the most comprehensive account of the origin and consequences of the Yan an Rectification Movement from 1942 to 1945 The author argues that this campaign emancipated the Chinese Communist Party from Sovietinfluenced dogmatism and unified the Party preparing it for the final victory against the Nationalist Party in 1949 More importantly this monograph shows in great detail how Mao Zedong established his leadership through this partywide political movement by means of aggressive intraparty purges thought control coercive cadre examinations and total reorganizations of the Party s upper structure The result of this movement not only set up the foundation for Mao s new China but also deeply influenced the Chinese political structure today The Chinese version of How the Red Sun Rose was published in 2000 and has had nineteen printings since then *Library of Congress Subject Headings* Library of Congress,Library of Congress.
