Hank agreed to dam a little out of respect for his old hunting boss Dr Cathcart whom of course he addressed after the fashion of the country as Doc and also because he understood that young Simpson was already a bit of a parson. He had however one objection to Doc and one only which was that the French Canadian sometimes exhibited what Hank described as the output of a cursed and dismal mind meaning apparently that he sometimes was true to type. Latin type and suffered fits of a kind of silent moroseness when nothing could induce him to utter speech. Doc that is to say was imaginative and melancholy. And as a rule it was too long a spell of civilization that induced the attacks for a few days of the wilderness invariably cured them. This then was the party of four that found themselves in camp the last week in October of that shy moose year way up in the wilderness north of Rat Portage a forsaken and desolate country. There was also Punk an Indian who had accompanied Dr Cathcart and Hank on their hunting trips in previous years and who acted as cook. His duty was merely to stay in camp catch fish and prepare venison steaks and coffee at a few minutes notice. He dressed in the worn out clothes bequeathed to him by former patrons and except for his coarse black hair and dark skin he looked in these city garments no more like a real redskin than a stage Negro looks like a real African. For all that however Punk had in him still the instincts of his dying race his taciturn silence and his endurance survived also his superstition.

Wendigo Vaughn C. Hardacker, 2017-07-11

Algonquin legend tells of the Wendigo an evil spirit sent to punish mankind. It can possess a person and turn them into a monstrous creature consumed by a need to eat human flesh. For John Bear the Wendigo was merely a scary story his grandfather used to tell him. That is until a man is found dead in the deep northern woods of Maine butchered like an animal and with his heart cut out. And the only tracks they can find are massive footprints that couldn't possibly be human. Now John is sure that what is stalking the inhabitants of their remote outpost is a Wendigo even if no one else believes it. He must stop a monster he once thought was nothing more than a tale to warn children. From Vaughn C Hardacker acclaimed author of *Sniper* and *The Fisherman* and twice finalist for the Maine Literary Awards comes a supernatural thriller from the winter depths of the Maine wilderness where the line between myth and reality blurs and ancient horrors are never fully buried. All are in danger of the Wendigo's endless hunger but how do you find a creature that can look like anyone until it's too late.
